# Pokémon Colosseum

by Charlotte Chen

*Pokémon Colosseum's* Story Mode offers the first single-player role-playing game for the *Pokémon* franchise on a platform other than a handheld system. The character models for the players and Pokémon have been updated to look slightly more stylish, the story itself is unique and enjoyable and—as an added bonus—many of the Pokémon you can catch in this game were unattainable in *Ruby* or *Sapphire*. There's also a unique opportunity to get the rare Pokémon, Jirachi. Using a special bonus disc that Nintendo provided to anyone who pre-ordered *Pokémon Colosseum*, you can unlock Jirachi in your game.

## POKÉMON TYPES CHART

The chart below is to help refresh your memory (if needed) about how different types of Pokémon perform against each other. Refer to this chart if you need help during any of the battles. You should also keep in mind that one of the recent features implemented in *Pokémon* games are inherent abilities, like Qwilfish's "Poison Point" (which will poison a Pokémon who makes body contact while attacking) or Hitmontop's "Intimidate" (which lowers the attack power of enemy Pokémon as soon as he enters a battle).

Legend		Opponent's Pokémon															
		Bug	Dark	Dragon	Electric	Fighting	Fire	Flying	Ghost	Grass	Ground	Ice	Normal	Poison	Psychic	Rock	Steel
Your Pokémon	Bug		+			-	-	-	-	+				-	+		-
	Dark		-			-			+						+		-
	Dragon			+													-

	Water			-			+			-	+					+	-

## SHADOW POKÉMON

Shadow Pokémon are Pokémon that have the paths to their hearts sealed. With the Snag Machine, the hero is able to convert Poké Balls into Snag Balls to capture Pokémon from trainers. The hero's partner has the unique ability to see black auras emanating from Shadow Pokémon. Once a Shadow Pokémon has been captured, the hero must patiently heal it by battling with it, using the "Call" command to calm it down when it enters Hyper Mode or leaving it with the Day Care Lady (although this costs money). As the black aura begins to decrease, Shadow Pokémon will start to remember moves in addition to the default "Shadow Rush" which all of them use. When all the blackness is gone, you can take them to the Relic Forest of Agate Village to undo the final lock to their hearts. Once cured, a Shadow Pokémon remembers an old move to replace Shadow Rush, earns experience points retroactively and gets a ribbon. The pillar in the Relic Forest can only heal a Shadow Pokémon whose summary info advises you to undo the final lock. Another way to cure them is by using the Time Flute in the Relic Forest to unlock a Shadow Pokémon's heart instantly. There are only three Time Flutes in the game and they can each only be used one time. There are two at Mt. Battle, one at the tenth platform and one at the 100th. When you get to the 100th, it's off to the right before you walk down to the main platform. There is also one in The Under, which you can access by using the U-Disk found in the Subway. See page 60 for a list of all the Shadow Pokémon.

**Note:** If your Snag attempt fails the first time, you can still get the Shadow Pokémon at a later date. Although some trainers will stay in the same location (like the ones in Pyrite Town's Duel Square), others that you encounter during story events will move on. Most likely you will meet them again at a later point in the story. Once you defeat the Cipher Head at Realgam Tower and see the credits roll once, two additional locations will be revealed: the Snagem Hideout first, then eventually the Deep Colosseum. The Snagem Hideout's first doorway rotates random Cipher Peons who'll drop down to battle you, along with various other trainers inside the building.

## TECHNICAL MACHINES

These can be purchased at stores or won at the Phenac City, Pyrite Town, Under and Deep Colosseums. Each Colosseum rotates four sets of four trainers, with the exception of the Deep. This means you can win a total of four Technical Machines from each Colosseum. Once the trainers start repeating, you win the cash prize, but no TM. Other TMs are found in chests or can be purchased at stores. [Note: My queries to Nintendo about the missing TMs seem to indicate that it is not possible to get all 50 TMs.] See page 63 for a list of TMs and their locations.

## WALKTHROUGH

Getting through the game is fairly straightforward. Since it would take too much space to list every battle you can fight, I've concentrated on only those necessary to the story or which involve Shadow Pokémon.

### Outskirt Stand

You start the game with an Espeon and an Umbreon. They are the only Pokémon you'll have for some time that are capable of gaining levels, so be sure to treat them well. Go inside the bar and talk to the man with pink hair. When you leave, he'll challenge you to your first Pokémon battle, which you should win easily. After the battle, go back inside and buy some supplies from the bartender.

## Phenac City

There are two men by the entrance struggling with a brown sack. One of them challenges you to a battle. After the battle is over, help untie the sack and a red-haired girl pops out. She has the ability to see black auras emanating from Shadow Pokémon. In the center of town is the Prestige Precept Center (a.k.a. Pre Gym). Go inside and talk to the purple-haired teacher on the left to get the Strategy Memo feature added to your P\*DA. The purple-haired boy on the right is Justy, the Gym Leader. After you speak to him, stand on the left side of the ring to start battling.

### Pre Gym

- 1. Cooltrainer Botan**  
Sunkern (Lv. 26), (Grass)  
Hoppip (Lv. 26), (Grass/Flying)

### 2. Cooltrainer Liqui

- Marill (Lv. 26) (Water)  
Surskrit (Lv. 27) (Bug/Water)

### 3. Rich Boy Dugo

- Trapinch (Lv. 27) (Ground)  
Swinub (Lv. 27) (Ice/Ground)

### 4. Lady Gwin

- Geodude (Lv. 27) (Rock/Ground)  
Rhyhorn (Lv. 27) (Ground/Rock)

After the last battle, Justy gives you a White Herb and invites you to fight him when you have six Pokémon in your party. Update your P\*DA, then go to the

Mayor's house. Talk to the Mayor, then go into the Colosseum, which is through the tunnel in the back of the town. When you try to re-enter town, you will be attacked. After this encounter, go to the Poké Mart and speak to the woman in the back. Go to the Outskirt Stand to get Poké Balls from the bartender. Return and head for Mayor Es Cade's house. There are two battles in a row awaiting you here, so you might want to save first.

### Mirror B. Peon Folly

- Whismur (Lv. 26) (Normal)  
Lotad (Lv. 25) (Water/Grass)

### Mini-Boss: Mirror B. Peon Trudly

- Duskull (Lv. 25) (Ghost)  
Spinarak (Lv. 25) (Bug/Poison)  
Makuhita (Lv. 30) (Fighting) (Shadow)

After this battle, the south, east and west exits to Phenac City are blocked. These Power Ranger look-alikes are red, blue or green, which gives you a clue as to which type of Shadow Pokémon they have. When you defeat one of the trainers, the other two will disappear, so make sure you fight the one with the Pokémon you want the most.

### East Exit: Mystery Troop Rosso

- Quilava (Lv. 30) (Fire) (Shadow)  
Grimer (Lv. 26) (Poison)  
Spoink (Lv. 24) (Psychic)

### West Exit: Mystery Troop Verde

- Bayleef (Lv. 30) (Grass) (Shadow)  
Grimer (Lv. 26) (Poison)  
Spoink (Lv. 24) (Poison)

### South Exit: Mystery Troop Bluno

- Croconaw (Lv. 30) (Water) (Shadow)  
Grimer (Lv. 26) (Poison)  
Spoink (Lv. 24) (Psychic)

After you've snagged one of these Pokémon, head to the next town over. You'll pass by a Construction Lot first, but there's nothing to do here yet except get yelled at by the construction crew.

## Pyrite Town

Go into the police station, which is the first building on the right. Afterwards, go to Duking's house, which is the building on the left with a white Poké Ball painted on the wall. Look at the bookshelf behind the little boy. There's a hideout inside with three kids strategizing. Come back out and you'll see Silva in an argument with Duking. In the rear of town, a bunch of trainers are standing in a circle. Some of them have a Shadow Pokémon, so start fighting them one by one. Duel Square is a good place to level up, reduce the black aura in your Shadow Pokémon and earn money, since you can fight trainers more than once. If you need to heal your Pokémon, don't use the hotel. Instead, cross the bridge to the town's Colosseum and use the machine in the lobby for free.

## Duel Square

### Rider Vant

- Misdreavus (Lv. 30) (Ghost) (Shadow)  
Skitty (Lv. 28) (Normal)  
Zigzagoon (Lv. 28) (Normal)

### Rider Nover

- Noctowl (Lv. 30) (Normal/Flying) (Shadow)  
Ledyba (Lv. 27) (Bug/Flying)  
Wingull (Lv. 27) (Water/Flying)

### St. Performer Diogo

- Shroomish (Lv. 26) (Grass)  
Flaaffy (Lv. 30) (Electric) (Shadow)

### Rider Leba

- Skiploom (Lv. 30) (Grass/Flying) (Shadow)  
Oddish (Lv. 26) (Grass/Poison)  
Dustox (Lv. 26) (Ghost)

### Bandana Guy Dive!

- Quagsire (Lv. 30) (Water/Ground) (Shadow)  
Psyduck (Lv. 29) (Water)

### Roller Boy Lon

- Slugma (Lv. 30) (Fire) (Shadow)  
Azurill (Lv. 27) (Normal)  
Igglybuff (Lv. 28) (Normal)  
Swablu (Lv. 27) (Flying)

Talk to the man inside the Colosseum about Cail. Go back to the town entrance and fight Cail.

### Rogue Cail

- Furret (Lv. 33) (Normal) (Shadow)  
Ralts (Lv. 29) (Psychic)  
Seedot (Lv. 29) (Grass)  
Machop (Lv. 29) (Fighting)

Go back toward the Colosseum and a scientist will fall out of the Windmill building. Go inside and offer to find the Gear. Get the Jail Key from the desk of the Police Station and let the guy in the purple suit out of his cell. On his bed is TM 46 (Thief). The Gear is in the upper right corner of the Construction Lot. Bring it back to the Windmill and replace it. Time to head for a Colosseum battle! The battles are set up so you fight four trainers in a row. Between battles, any knocked out or disabled Pokémon are completely healed.

## Pyrite Colosseum

### Battle 1: Hunter Rhoks

Barboach (Lv. 30) (Water/Ground)  
Sandshrew (Lv. 31) (Ground)

### Battle 2: Chaser Tisler

Natu (Lv. 30) (Psychic/Flying)  
Meditite (Lv. 30) (Fight/Psychic)

### Semifinal: Bandana Guy Vilch

Electrike (Lv. 30) (Electric)  
Cacnea (Lv. 30) (Grass)  
Vulpix (Lv. 32) (Fire)

### Final: Bodybuilder Mirez

Bagon (Lv. 32) (Dragon)  
Goldeen (Lv. 32) (Water)  
Magnemite (Lv. 31) (Electric/Steel)  
Delibird (Lv. 34) (Ice/Flying)  
Prize: \$4,080 and TM 06 (Toxic)

Afterwards, as you cross the bridge back into town, one of Miror B.'s henchmen takes you to the Pyrite Building on the right. Unfortunately, the peon behind the desk recognizes you.

### Cipher Peon Nore

Yanma (Lv. 33) (Bug/Flying) (Shadow)  
Pineco (Lv. 32) (Bug)  
Nincada (Lv. 31) (Bug/Ground)  
Surskrit (Lv. 32) (Bug/Water)

Pick up the Ein File H from the counter. As you advance through the building, you will encounter a lot of other trainers. There is a PC and a place to heal your Pokémon on the first floor. These fights are not hard, but the building is several stories high and you have to get to the roof. When you reach the roof, you should save before going into the building, because you are going to fight two battles in a row with trainers who both have Shadow Pokémon.

### Mirror B. Peon Reath

Remoraid (Lv. 20) (Water) (Shadow)  
Spinarak (Lv. 33) (Bug/Poison)  
Luvdisc (Lv. 32) (Water)

[Note: Your Pokémon are probably at a much higher level than Remoraid. Instead of attacking it, just confuse it so it hurts itself.]

### Mirror B. Peon Ferma

Mantine (Lv. 33) (Water/Flying) (Shadow)  
Aipom (Lv. 32) (Normal)  
Furret (Lv. 31) (Normal)  
Yanma (Lv. 33) (Bug/Flying)

Check the desk near the television for Ein File S. If you go downstairs, you can take an elevator to a room on the first floor with Hyper Potion (x3). Now you can get into the cave—but first you have to defeat Hunter Doken.

### Hunter Doken

Qwilfish (Lv. 33) (Water/Poison) (Shadow)  
Goldeen (Lv. 33) (Water)  
Linoone (Lv. 33) (Normal)

## Pyrite Cave

The cave is large, but not difficult to navigate. The battles noted below are only those that involve Shadow Pokémon. There's also an area underground near the sewers with a PC and place to heal.

### Rider Twan

Meditite (Lv. 33) (Fighting/Psychic) (Shadow)  
Bagon (Lv. 33) (Dragon)  
Numel (Lv. 32) (Fire/Ground)

### Rider Sosh

Dunsparce (Lv. 33) (Normal) (Shadow)  
Mareep (Lv. 34) (Electric)  
Cacnea (Lv. 34) (Grass)

### Hunter Zalo

Swablu (Lv. 33) (Normal/Flying) (Shadow)  
Lotad (Lv. 31) (Water/Grass)  
Beldum (Lv. 32) (Steel/Psychic)  
Lombre (Lv. 32) (Water/Grass)

### Boss: Cipher Admin Miror B.

Ludicolo (Lv. 31) (Water/Grass)  
Ludicolo (Lv. 28) (Water/Grass)  
Ludicolo (Lv. 30) (Water/Grass)  
Ludicolo (Lv. 29) (Water/Grass)  
Sudowoodo (Lv. 35) (Rock) (Shadow)

The Ludicolos tend to use Rain Dance, Leech Seed and other water- or grass-based attacks. If you've taught a Pokémon Toxic, it proves very useful here, though a bit slow acting. Get the TM 49 (Snatch) from the chest afterwards.

In the room beyond, you'll see Plusle lit up with spotlights. Don't talk to it yet. Pick up the Macho Brace from the item chest and Ein File P. When you talk to Plusle, you get warped back into town, where it joins your party. Since you were given Plusle by another trainer, it earns boosted experience points and will level up quickly. Talk to Fateen at the Fortune-Teller's house, then leave town.

## Agate Village

Spend some time exploring Agate Village before going to Eagun's house (the one inside the tree in the center of town). Inside a cave behind the first house, get the Ultra Ball (x2) and the Silk Scarf from the item chests. If you go behind the waterfall on the upper right, an old man with a Tailow will give you various berries. In the house to the right of Eagun's, a Day Care Lady and a Name Rater are inside. Here you can drop off a Pokémon to be raised or have its black aura reduced (for a price), and give nicknames to some of your Pokémon. If you walk behind Eagun's house, there's a path leading down to an item chest with an Exp. Share, which you should give to Plusle to hold. Finally, go to Eagun's house and the story will continue. Head for the Relic Forest

by following the path down from the Pokémon Center. Instead of going straight into the cave, follow the narrow ledge around to the right to get the Quick Claw from the item chest. If you're ready, head inside the cave.

### Cipher Peon Doven

Spheal (Lv. 33) (Ice/Water)  
Carvanha (Lv. 34) (Water/Dark)

### Cipher Peon Silton

Shroomish (Lv. 34) (Grass)  
Cacnea (Lv. 34) (Grass)

### Cipher Peon Kass

Baltoy (Lv. 35) (Ground/Psychic)  
Ralts (Lv. 35) (Psychic)  
Kirlia (Lv. 35) (Psychic)

ly fighting the enemy. However, it's up to you to finish it up.

### Boss: Cipher Peon Skrub

Hitmontop (Lv. 38) (Fighting) (Shadow)  
Clamperl (Lv. 38) (Water)  
Wynaut (Lv. 37) (Psychic)

Once past the gauntlet of peons, you'll see Eagun and Pikachu valiant-

continued on next page

# who are you?

Ever had the feeling you're going bonkers? Want to? Then jump into the action in WarioWare, Inc.: Mega Party Games. Over 200 nonstop micro games and ridiculously fast-paced single- and multiplayer action are sure to have a very interesting effect on you and your friends.

© 2003, 2004 Nintendo. TM, ® and the Nintendo GameCube logo are trademarks of Nintendo. © 2004 Nintendo. www.nintendo.com

## Agate Village continued

The Hitmontop's stats are quite high, but it's weak against Espeon's psychic-type attacks. You should not use Umbreon here because it's weak against fighting Pokémon. Use Plusle's electricity to knock down Clamperl's energy, and capture Hitmontop before letting Umbreon back in to take out Wynaut. If you've taught Espeon any non-Psychic attacks, you can have it take out Wynaut instead.

After the boss battle, you'll be warped back to Eagun's house. You can return to the forest and pick up Ein File C. Next, go to Senilor's house (the one next to the Poké Mart). Return to Eagun's to get the Small Tablet, then leave town.

## Mt. Battle

People are in a panic over the assault on Mt. Battle. Inside the lobby, however, you can still use the Pokémon Center, access the PC and ask the Move Deleter to make Pokémon forget moves if you want. Before heading any further, you should go to the Outskirt Stand, which has expanded its line of Poké Balls. This is going to be a long fight through 10 trainers, with a tough fight at the top. Also, if you don't have a water Pokémon who remembers how to surf (like Croconaw or Quagsire), you should spend some time training them. Most of the fights in Mt. Battle are against rock or ground-type Pokémon, and the big prize at the top is Entei, a fire-type.

### 1. Rider Turo

Trapinch (Lv. 35) (Ground)  
Numel (Lv. 34) (Fire/Ground)  
Sandshrew (Lv. 35) (Ground)

### 2. Hunter Drovic

Swinub (Lv. 35) (Ice/Ground)  
Baltoy (Lv. 38) (Ground/Psychic)  
Larvitar (Lv. 37) (Rock/Ground)

### 3. Rider Kimit

Sandshrew (Lv. 37) (Ground)  
Geodude (Lv. 38) (Rock/Ground)

### 4. Rider Riden

Pineco (Lv. 35) (Bug)  
Baltoy (Lv. 35) (Ground/Psychic)  
Houndour (Lv. 37) (Dark/Fire)  
Graveler (Lv. 37) (Rock/Ground)

### 5. Hunter Telia

Trapinch (Lv. 35) (Ground)  
Barboach (Lv. 38) (Water/Ground)  
Trapinch (Lv. 38) (Ground)  
Lileep (Lv. 38) (Rock/Grass)

### 6. St. Performer Nortz

Cacnea (Lv. 37) (Grass)  
Spinda (Lv. 37) (Normal)  
Kadabra (Lv. 37) (Psychic)

### 7. Hunter Weeg

Graveler (Lv. 36) (Rock/Ground)  
Vibrava (Lv. 37) (Ground/Dragon)  
Sandslash (Lv. 37) (Ground)

### 8. Cipher Peon Kison

Houndour (Lv. 36) (Dark/Fire)  
Duskull (Lv. 38) (Ghost)  
Kirlia (Lv. 36) (Psychic)

### 9. Cipher Peon Berin

Geodude (Lv. 38) (Rock/Ground)  
Geodude (Lv. 38) (Rock/Ground)  
Sandslash (Lv. 38) (Ground)

### 10. Boss: Cipher Admin Dakim

Metang (Lv. 37) (Steel/Psychic)  
Golem (Lv. 38) (Rock/Ground)  
Marowak (Lv. 38) (Water/Ground)  
Camerupt (Lv. 38) (Fire/Ground)  
Entei (Lv. 40) (Fire) (Shadow)

Dakim's Pokémon tend to use Protect a lot. You can counteract this by using Torment. Make sure you have some potions on hand, since his Pokémon have pretty high stats. It's also very difficult to snag Entei. You should try to put it to sleep using Skiploom's Sleep Powder or Noctowl's Hypnosis. If you're having trouble knocking down its energy, you should use Toxic, but you'll have to take care that Entei doesn't faint.

Once the battle is over, you can pick up the F-Disk from the ground and talk to Vander. He'll hand over the Time Flute. There's also a new chest near the Coupon Exchange with TM 47 (Steel Wing). The Coupon Exchange is now open; it offers a variety of prizes, including TMs and hold items. See the TM List on page 63 for more details. Note that Mt. Battle is now open for challenges. Mt. Battle is split into ten zones, with ten trainers in each zone...which means there are 100 battles to fight if you want to reach the top! This is a good area to practice your battling technique and reduce black auras, because Shadow Pokémon are not barred from entering.

Mt. Battle Areas	Poké Coupons Awarded
Area 1	100
Area 2	200
Area 3	400
Area 4	600
Area 5	800
Area 6	800
Area 7	900
Area 8	900
Area 9	1,000
Area 10	1,200

## Agate Village

Go to Eagun's and he'll take down your P\*DA number. Head for Relic Forest and check the pillar in the center to purify your Shadow Pokémon. This pillar is imbued with Celebi's essence, and can be used to cure those Shadow Pokémon that no longer have any black in their bars—their summaries should indicate that only one final lock needs to be undone. When a Shadow Pokémon is healed, it remembers a move, gains all the experience it should have earned in battle by now and acquires a ribbon. You can also give it a nickname. Some of them may evolve or learn moves in addition to the one they first remember, but it's up to you whether you want to let them. Evolution can be halted by pressing the B button. You can also heal Shadow Pokémon instantly by using the Time Flute to summon Celebi, but it's a "one-time use" item, and it's a waste to use it on a Shadow Pokémon which can be healed using the pillar. Save the Time Flutes for Shadow Pokémon like Entei or other high-level Pokémon that take a very long time to heal through regular methods. Afterwards, head to the Mystery Lab that opened up in the desert and get an e-mail from Duking.

## Pyrite Town

Go to the Police Station and open the jail cell with the two women inside. Take the Elevator Key from the one on the bed; this will unlock the door to the large brown elevator on the first floor of the Pyrite Building in the back of town. You can head there to descend to The Under, a subterranean community teeming with shady trainers, but instead you should level up a bit if your Pokémon are not at least Level 40 by now. Good places to do so are Duel Square, the Colosseum in Phenac City or Mt. Battle. Also, you should be able to defeat Justy now, so return to Phenac City and challenge him.

## Phenac City

### Pregymleader Justy

Azurill (Lv. 40) (Water)  
Cacnea (Lv. 41) (Grass)  
Gligar (Lv. 41) (Ground/Flying)  
Nosepass (Lv. 42) (Rock)  
Sandshrew (Lv. 41) (Ground)  
Sunflora (Lv. 40) (Grass)

Justy's Pokémon tend to use Double Team a lot, which increases their evasiveness. Use Faint Attack or Swift, and also some attack boosting items to help counteract this. Hitting them early with Toxic also helps. Speak to Justy again after the battle and he'll give you TM 27 (Return). If you're ready, go to Pyrite City and take the elevator from the Pyrite Building to The Under.

## TEAM MAGMA NEEDS YOU!

Pokémon-e Trading Card Game: EX Team Magma vs Team Aqua is here – Join Team Magma and rule an arid planet where Pokémon reign supreme! Prepare for battle with:

- 95 new cards – including 14 new trainer cards
- 59 Team Magma and Team Aqua Pokémon
- Dual Energy type Pokémon for enhanced game play

Only one team will rule the planet.  
Make sure it's Team Magma!

Pokémon-e Trading Card Game: EX Team Magma vs Team Aqua is here – Join Team Aqua, start a massive flood, and lead water-type Pokémon to take over the planet! Prepare for battle with:

- 95 new cards – including 14 new trainer cards
- 59 Team Magma and Team Aqua Pokémon
- Dual Energy type Pokémon for enhanced game play

Only one team will rule the planet.  
Make sure it's Team Aqua!

## TEAM AQUA NEEDS YOU!

Pokémon USA, Inc.

www.pokemon-tcg.com

## The Under

Before you take the elevator down, you might want to restock your Poké Balls. This time include a few Net Balls, since you'll have a chance to snag Suicune. If you were wondering before, this is where you can use the F-Disk. If you use it on the panel by the chasm, it will program the floating platform to move forward to the Colosseum, where you can heal your Pokémon and use the PC. There's also an elevator on the left that goes to the overworld map. In the rear of the Under, go into the building on the upper level with the light blue hologram of a Poké Ball. Talk to Perr in the basement; he'll give you the Powerup Part. Take it to the building next to the satellite dish and give it to Nett. Megg will take down your P\*DA number. When you exit, a commotion will stir because they've caught a spy. He's under guard by two Cipher Peons. Talk to him through the fence and he'll hand over the R-Disk. If you want the Cipher Peons' Shadow Pokémon, you'll have to fight two battles in a row.

### Cipher Peon Kloak

Ledian (Lv. 40) (Bug/Flying) (Shadow)  
Spinarak (Lv. 39) (Bug/Poison)  
Volbeat (Lv. 38) (Bug)

## Shadow Pokémon Lab

There is no place to cure your Pokémon in this area, so stock up on supplies first. When you get there, walk around the exterior perimeter to the right and get the Revive (x3) from the chest in the upper right corner. Unlock the gate, then get the Full Heal (x2) from the chest in the interior left bottom corner. Enter the building on the right and touch the purple panel to open the shutter to the other building. There are a lot of trainers here who use electric Pokémon exclusively. If you've got ground Pokémon, they won't be affected by them. Also, some of the electric Pokémon might try to use Explosion; if you've got a ghost Pokémon, this won't have any effect. Walk down the stairs and you'll encounter the first of many research scientists. I've only detailed fights below in which you can get Shadow Pokémon or key items.

### Cipher Peon Dagur

Ariados (Lv. 38) (Bug/Poison)  
Gloom (Lv. 39) (Grass/Poison)  
Illumise (Lv. 40) (Bug)

When you use the R-Disk on the UFO, it goes to the broadcast building on the right. Make sure you've saved before you talk to Cipher Admin Venus, since you'll start a difficult battle, and she has the Suicune you want to snag. Also, most of her Pokémon are at Level 45. Pick up the Rare Candy (x3) from the item chest in the small front room; if you have a grass Pokémon close to level 40 or so, I'd recommend using at least one on it.

### Boss: Cipher Admin Venus

Delcatty (Lv. 45) (Normal)  
Steelix (Lv. 45) (Normal)  
Banette (Lv. 45) (Ghost)  
Vileplume (Lv. 44) (Grass/Poison)  
Suicune (Lv. 40) (Water) (Shadow)

Venus depends on Attract to immobilize the enemy Pokémon. If you don't have a berry for that, your only option is to switch out the infatuated Pokémon or just gamble that its love won't affect its upcoming actions. Skiploom is a good grass-type to use here because it can use Sleep Powder on Suicune, which will increase your chances of a successful snag.

### Researcher Myron

Voltorb (Lv. 38) (Electric)  
Voltorb (Lv. 38) (Electric)

Pick up the Card Key he drops. Go down the stairs and get Elixir (x3) from the item chest. Now go to the other building and use the Card Key to enter.

### Cipher Peon Cole

Aipom (Lv. 43) (Normal) (Shadow)  
Furret (Lv. 47) (Normal)  
Remoraid (Lv. 39) (Water)  
Castform (Lv. 41) (Normal)

After you defeat Venus, pick up the Ein File F from the counter and TM 45 (Attract) from the chest in the corner. Follow her downstairs and you'll see her go down a hallway. Before you follow her, unlock the door and go back upstairs so you can save and heal your Pokémon. Go back down through the hallway parallel to the one you saw Venus take. A gauntlet of trainers with Shadow Pokémon awaits you.

### Hunter Frena

Shroomish (Lv. 35) (Grass)  
Teddiursa (Lv. 37) (Normal)  
Gligar (Lv. 43) (Ground/Flying) (Shadow)  
Jigglypuff (Lv. 36) (Normal)

### Chaser Liaks

Kirlia (Lv. 37) (Psychic)  
Gloom (Lv. 38) (Grass/Poison)  
Stantler (Lv. 43) (Normal) (Shadow)

### Bodybuilder Lonia

Octillery (Lv. 38) (Water)  
Masquerain (Lv. 39) (Bug/Flying)  
Piloswine (Lv. 43) (Ice/Ground)  
Dunsparce (Lv. 42) (Normal)

After this, pick up the DNA sample nearby. It may not be in the exact same spot in your game.

### Researcher Coren

Magnetron (Lv. 43) (Electric/Steel)  
Magnetron (Lv. 39) (Electric/Steel)  
Electrode (Lv. 40) (Electric)

Pick up the Down St. Key from the table. Unlock the middle door on the first floor with the Down St. Key; a peon will drop from above.

### Cipher Peon Lare

Houndour (Lv. 38) (Dark/Fire)  
Carvanha (Lv. 38) (Water/Dark)  
Nuzleaf (Lv. 43) (Grass/Dark)  
Murkrow (Lv. 43) (Dark/Flying) (Shadow)

If you go through the door in the middle, you can get Timer Ball (x2) and Max Potion (x2) from item chests. At the entrance to the Station, you'll have to fight again.

### Rider Nelis

Corsola (Lv. 41) (Water/Rock)  
Sneasel (Lv. 43) (Dark/Ice) (Shadow)  
Seviper (Lv. 40) (Poison)  
Loudred (Lv. 41) (Normal)

Inside the Station, you'll see Venus and two of her peons get on the train. Before following them, check the back rooms. The one in the middle has Blackglasses. Follow Venus through the train and she'll run back outside, dropping the Subway Key on the floor. Use it on the Shadow Liner train to leave the tunnel. At the other end, two peons run into another room. Before following them, walk around the platform to the right and get the U-Disk from the item chest. Enter the room to pick up the Maingate Key. Now you can enter the Mystery Lab. First, return to The Under and use the U-Disk to reach an item chest with a second Time Flute. If you have more Shadow Pokémon that you're able to purify, take them to Agate Village and cure them before heading on to the Shadow Pokémon Lab.

In an open cell, pick up another DNA sample. If you keep going, you'll fight another cipher.

### Cipher Peon Vana

Pupitar (Lv. 40) (Rock/Ground)  
Zubat (Lv. 40) (Poison/Flying)  
Swablu (Lv. 40) (Normal/Flying)  
Forretress (Lv. 43) (Bug/Steel) (Shadow)

Take the elevator up, then go left to find a room with another DNA sample on the floor. Head right instead and you'll fight.

## Shadow Pokémon Lab continued

### Cipher Peon Lesar

Rhyhorn (Lv. 40) (Ground/Rock)  
Ariados (Lv. 43) (Bug/Poison)(Shadow)  
Grovyle (Lv. 40) (Grass)

Up the center hallway you'll be attacked again.

### Cipher Peon Tanie

Granbull (Lv. 43) (Normal) (Shadow)  
Vigoroth (Lv. 39) (Normal)  
Linoone (Lv. 38) (Normal)

There are two elevators on the right. Take the one on the right and analyze your DNA samples. They reveal which Pokémon they were taken from (this is different in each game). Take the elevator on the left and you'll fight with another researcher who activates the alarm afterwards. This doesn't affect anything, you can still leave at this point if you need to heal or buy items. Beyond the researcher, another peon attacks.

## Realgam Tower

This leads to a very difficult gauntlet of challenging battles with all the Cipher Admins again, which also means you have an opportunity to catch any of the Shadow Pokémon you missed earlier. From the first room, take the slide to left.

### Cipher Admin Mirror B.

Ludicolo (Lv. 45) (Water/Grass)  
Golduck (Lv. 45) (Water)  
Loudred (Lv. 46) (Normal)  
Ludicolo (Lv. 45) (Water/Grass)  
Armaldo (Lv. 43) (Rock/Bug)

As long as you have a strong electric-type, you can turn the Ludicolo's constant use of Rain Dance to your advantage. Toxic is also a good counterattack to his Pokémon's tendency to use Leech Seed or recover with their Rain Dishes. Once this battle is over,

Mirror B. gives you the RED ID Badge. Go back to the first room and take the slide to the right, then forward.

### Cipher Peon Remil

Vibrava (Lv. 43) (Ground/Dragon) (Shadow)  
Swellow (Lv. 43) (Normal/Flying)  
Kecleon (Lv. 43) (Normal)  
Kadabra (Lv. 42) (Psychic)

Beyond her is a door locked with a code. Choose the three Pokémon from the DNA samples to open the door.

### Cipher Peon Skrub

Wobuffet (Lv. 42) (Psychic)  
Graveler (Lv. 44) (Rock/Ground)  
Clamperl (Lv. 43) (Water)  
Medicham (Lv. 41) (Fight/Psychic)

Beyond Skrub are stairs leading down to a huge room with large coffin-like boxes. Get the HP Up from the item chest in the lower left corner. If your Pokémon are injured or if you need more items or Poké Balls, you should leave before walking in further, because Ein is ahead. He has a Raikou you can snag.

### Boss: Cipher Admin Ein

Lanturn (Lv. 47) (Water/Electric)  
Altaria (Lv. 48) (Dragon/Flying)  
Huntail (Lv. 47) (Water)  
Golbat (Lv. 48) (Poison/Flying)  
Raikou (Lv. 40) (Electric) (Shadow)

If you've been treating Plusle well, it can take out the flying enemies like Golbat and Altaria. Piloswine is also a good bet, especially if it's already remembered the moves Dig and Blizzard.

After the battle, pick up the Data ROM from the counter and TM 26 (Earthquake) from the item chest by the wall.

## The Under

Take the Data ROM to Nett and he'll try to extract information from it. Take the elevator up from the Colosseum lobby and talk to the construction guy. He informs you that the Realgam Tower is complete.

### Cipher Admin Dakim

Claydol (Lv. 46) (Ground/Psychic)  
Whiscash (Lv. 48) (Water/Ground)  
Forretress (Lv. 45) (Bug/Steel)  
Flygon (Lv. 48) (Ground/Dragon)  
Possibly: Entei (Lv. 40) (Fire) (Shadow)

Dakim uses a combination of Protect and Earthquake to devastating effect. If you don't have fairly high-level flying-type Pokémon, you should exit and level up a little before trying to defeat Dakim. Note that some Pokémon like Misdreavus have levitation abilities which also make Earthquake useless. Once this battle is done, you receive the GRN ID Badge. From the center room, go through the door ahead to find a room with a PC and a place to recover your Pokémon.

From here, head left, then forward. The person in front is...

### Cipher Peon Arton

Delibird (Lv. 45) (Ice/Flying) (Shadow)  
Piloswine (Lv. 42) (Ice/Ground)  
Glaive (Lv. 42) (Ice)

Go through the door beyond to fight Venus.

### Cipher Admin Venus

Bellossom (Lv. 47) (Grass)  
Misdreavus (Lv. 47) (Ghost)  
Raichu (Lv. 48) (Electric)  
Wigglytuff (Lv. 48) (Normal)  
Milotic (Lv. 48) (Water)  
Possibly: Suicune (Lv. 40) (Water) (Shadow)

Venus is still using the Attract tactic. It helps to have a good grass-type to withstand some of the electric attacks and deal heavy damage to the strong water-type enemies. Once this battle is over, she hands over the BLU ID Badge. Go back to the room where the other female cipher was standing.

### Cipher Peon Baila

Sunflora (Lv. 45) (Grass) (Shadow)  
Gloom (Lv. 41) (Grass/Poison)  
Jumpluff (Lv. 42) (Grass/Flying)

Head right, past the large barred door and forward to Ein.

## Realgam Tower continued

### Cipher Admin Ein

Pelipper (Lv. 49) (Water/Flying)  
Rhydon (Lv. 50) (Ground/Rock)  
Starmie (Lv. 48) (Water/Psychic)  
Crobat (Lv. 48) (Poison/Flying)  
Houndoom (Lv. 47) (Dark/Fire)  
Possibly: Raikou (Lv. 40) (Electric) (Shadow)

Once this battle is over, you'll be given the YLW ID Badge. Also, as you start to leave, you get an aborted e-mail from Eagun. Go back to Agate Village and speak to him about it to get a Master Ball. You should also talk to the trainer standing outside the Pokémon Center to get a Cologne Case, which you can use to hold Scents for giving Pokémon Cologne Massages. Come back to Realgam Tower and use the colored badges to unlock the door with the various colored slots around it. Before you can enter, you'll be attacked.

### Cipher Peon Dioge

Masquerain (Lv. 42) (Bug/Flying)  
Ariados (Lv. 41) (Bug/Poison)  
Heracross (Lv. 45) (Bug/Fighting) (Shadow)

When you pass through the door, you enter a huge lobby. Fight the various trainers in the lobby and the dining room on the right. Check the casino on the left. The clerk behind the counter is none other than the Mystery Troop enemy you fought in Phenac City. Whether or not you successfully snagged his Pokémon, he's out for revenge.

### Mystery Troop Bluno, Rosso or Verde

Grumpig (Lv. 44) (Psychic)  
Muk (Lv. 45) (Poison)  
Possibly: Croconaw (Lv. 30) (Water)  
Possibly: Quilava (Lv. 30) (Fire)  
Possibly: Bayleef (Lv. 30) (Grass)

Talk to the man at the elevator, then go upstairs and talk to Nascour. On the left is a room with a Pokémon Center and a PC. Defeat the trainer there to get access to the Pokémon Center. There are some very tough fights ahead. If you don't have any Pokémon at Level 50 or above, or if that is not the average level of most of your main party, you need to leave and level up. When you're ready, go upstairs; the hero will be confronted by Team Snagem's boss.

### Snagem Head Gonzap

Pinsir (Lv. 52) (Bug)  
Shiftry (Lv. 53) (Grass/Dark)  
Hariyama (Lv. 53) (Fighting)  
Crawdaunt (Lv. 52) (Water/Dark)  
Skarmory (Lv. 47) (Shadow)

Bring in a high-level fighting Pokémon like Hitmontop or Makuhita, which you got early on in the game. If you purified them and they've gained experience, they can get rid of the Dark Pokémon for Espeon, who should

have no trouble taking down Hariyama. A good fire Pokémon is also important, as well as electric. Use Plusle's Thunder Wave or Noctowl/Stantler's Hypnosis on Skarmory to increase your chances of catching it.

Follow Gonzap upstairs and check both elevators. Now you're about to face your toughest opponents yet. If you don't have a lot of potions or other healing items or Poké Balls, you should leave and buy items now. If you need money, just keep playing through the Phenac Colosseum challenges. Although there are only four main sets of challenges (and once you win all the TMs from each, you don't get them anymore), you can still win the cash prizes indefinitely. When you go up the next elevator, you'll be forced into a gauntlet of battles. For the first four, your Pokémon will not be healed between each battle.

## Tower Colosseum

### Bodybuilder Jomas

Zangoose (Lv. 45) (Normal)  
Miltank (Lv. 48) (Normal) (Shadow)  
Porygon 2 (Lv. 45) (Normal)

### Rider Delan

Absol (Lv. 348) (Dark) (Shadow)  
Sharpedo (Lv. 47) (Water/Dark)  
Mightyena (Lv. 48) (Dark)

### Cipher Peon Nella

Houndoom (Lv. 48) (Dark/Fire)(Shadow)  
Torkoal (Lv. 47) (Fire)  
Magcargo (Lv. 46) (Fire/Rock)

### Cipher Peon Ston

Tropius (Lv. 49) (Grass/Flying)  
Cradily (Lv. 48) (Rock/Grass)  
Vileplume (Lv. 48) (Grass/Poison)

### Cipher Nascour

Dusclops (Lv. 55) (Ghost)  
Xatu (Lv. 55) (Psychic/Flying)  
Blaziken (Lv. 54) (Fire/Fight)  
Gardevoir (Lv. 55) (Psychic)  
Walrein (Lv. 58) (Ice/Water)  
Metagross (Lv. 50) (Steel/Psychic)(Shadow)

Nascour is rich, and he shows it by using X Special and other high-end items on his Pokémon. You should be able to gauge from his Pokémon's levels whether you're ready for this fight. He can also use the devastating Destiny Bond attack, so you might want to give your strongest Pokémon (since it's probably the one delivering the finishing blow) a Revival Herb. This is a tough, long battle, followed immediately by an even tougher one.

### Cipher Head Evicé

Scizor (Lv. 60) (Bug/Steel)  
Salamence (Lv. 60) (Dragon/Flying)  
Machop (Lv. 61) (Fight)  
Slowking (Lv. 61) (Water/Psychic)  
Slaking (Lv. 60) (Normal)  
Tyranitar (Lv. 55) (Rock/Dark)(Shadow)

Evicé has a pretty large stock of Full Restore and X Attack. If you've been training Hitmontop or Stantler, their Intimidates can lower enemy attack stats. You should use a wide variety of Pokémon types in addition to the Espeon and Umbreon, which are probably your strongest Pokémon at this point. It's a good idea to reserve use of Espeon for when Machop appears, and to reserve Umbreon for when Slowking appears. This is a difficult battle, but as long as you recognize your Pokémon types (you've been checking your P\*DA, right?) you should be able to win. Evicé usually tosses out Tyranitar last. When it appears, just use the Master Ball. After the credits roll, you can choose to save. However, the game isn't over yet!

## Outskirt Stand

You'll find yourself back at this stand if you choose to save the game after the credits. Buy a bunch of Ultra Balls and other supplies. You can still return to Realgam Tower and battle through the same gauntlet of trainers again if you want (to get any Shadow Pokémon you missed), but this can be done at any time. You can also use the Trade Center in Phenac City, which means you can download some of your more powerful Pokémon from your Ruby and Sapphire games. You'll get an e-mail, so go to Pyrite Town, talk to Secc in Duking's house, then battle Rogue Cail at the entrance. You'll notice that other trainers' Pokémon have increased levels a bit.

Once you defeat all four of these trainers, you're forced into battle with Cipher Nascour. Fortunately, all your fainted or injured Pokémon will be healed before this fight.

### Rogue Cail

Granbull (Lv. 56) (Normal)  
Gardevoir (Lv. 57) (Psychic)  
Shiftry (Lv. 56) (Grass/Dark)  
Machop (Lv. 57) (Fight)

Once this is over, he tells you about the Snagem Hideout. Grab some potions and head over there.

## Snagem Hideout

There's a PC right by the entrance. When you try to go through the first doorway, a random Cipher Peon will drop down. The peons you meet here keep changing, so you can leave and re-enter to try to meet the one with the Shadow Pokémon you want. When you get to the top, you'll run into one of the blue, green or red peons you met in Phenac City. You can try to snag one of the Pokémon you had to pass up earlier. Head to another city and you'll get another e-mail, this time in regards to rumors circulating in The Under.

## The Under

Talk to Nett, then to Chaser Gurks outside the Junk Store.

### Chaser Gurks

Wailord (Lv. 56) (Water)  
Wailord (Lv. 56) (Water)

After this battle, you'll learn about the other Mystery Troop you met earlier. Go to another city to get yet another e-mail. Apparently, the Shadow Pokémon Lab has some rogue trainers in the house again.

## Snagem Hideout

Gonzap is back at the hideout, standing in the corner of his pulverized office. Try to catch his Skarmory if you missed it before.

### Snagem Head Gonzap

Granbull (Lv. 64) (Normal)  
Crawdaunt (Lv. 64) (Water/Dark)  
Breloom (Lv. 64) (Grass/Fight)  
Armaldo (Lv. 64) (Rock/Bug)  
Machop (Lv. 64) (Fight)  
Skarmory (Lv. 47) (Steel/Flying)

## The Under

Use the D-Disk on the UFO. There's some Steel Teeth under the city. Walk through the gate to find the Deep Colosseum, where all the Cipher Admins are now hanging out. Miror B., Dakim, Venus and Ein are the finalists for each subsequent round. Here you can try to get any of the admin's Shadow Pokémon, and you'll find a mysterious trainer called the Deep King. You can take away his Shuckle, but be careful not to knock it out. After this, go back upstairs and give the old man outside the Herb Store his Steel Teeth back. He hands over the L-Disk, which you can use to get an Amulet Coin.

## Phenac City

Return here and Dash will be very upset with you. If you check the Mayor's House, you'll find the hopeless Shady Guys Folly and Trudly hiding out. Go to another city to get another e-mail informing you that the Shadow Pokémon List is now completed. The last one is Togetic. After this happens, drive to several different cities and you'll get some more disturbing e-mail. You should save and then eventually return to the Outskirt Stand.

## Outskirt Stand

There's a news crew watching what seems like your twin attacking Rider Willie. Speak to the twin to start battling.

### Shady Guy

Togetic (Lv. 20) (Normal/Flying)  
Armaldo (Lv. 68) (Rock/Bug)  
Manectric (Lv. 68) (Electric)  
Houndoom (Lv. 68) (Dark/Fire)  
Milotic (Lv. 68) (Water)  
Gyarados (Lv. 68) (Water/Flying)

## Shadow

### Pokémon Lab

The same Cipher Peons you encountered earlier will drop from the ceiling again, so you can try to get any Shadow Pokémon you missed earlier. The last flashy peon is where Ein was standing before.

Return to the Snagem Hideout after investigating rumors in The Under about a big Snag Machine.

All of Gonzap's Pokémon have increased in level, with the exception of Skarmory (if you didn't snag it before). However, as long as you have Espeon to get rid of Breloom and Machop early, the rest of your Pokémon can pretty much mop up the remaining crew.

Afterwards pick up the D-Disk from the coffee table. Also look in the big Snag Machine to get Ultra Ball (x5).

You need to be very careful not to knock out Togetic. Use poison if you want to lower its health slowly. Throw an Ultra Ball during every round. The other Pokémon are very high-level and will use powerful attacks like Earthquake against you. Shady Guy also has a bunch of Full Restores. If you don't have Pokémon near Level 70, you should probably level up first before attempting this. Catch Togetic and you'll have the last Shadow Pokémon!

# You found the Ocarina!

Sweet Potato

The Ocarina inspired by the Legend of Zelda® is now available!

Easy to Play - a well tuned and finely crafted clay flute  
Made from high fired CERAMIC  
Songbook/Tutorial included with every instrument

PlayStation 2 fans have long awaited a multi-player melee fighting game with the same chaos and fun factor as Nintendo's *Super Smash Bros. Melee*, and now it seems like they have something to look forward to with *Onimusha: Blade Warriors*. With characters from Capcom's critically-acclaimed *Onimusha* series in a free-for-all, no-holds-barred slugfest, the game will definitely keep solo players entertained, but *Blade Warriors* really shines in the multiplayer aspect. Our thumbs are sore from all the button-mashing, so we've decided to take a break and give you some helpful hints to crush your opponents.

by Geoff Arnold

## ONIMUSHA TACTICS

Although *Blade Warriors* may appear to be a mindless hack-'n'-slash game at first glance, there is a surprising amount of strategy involved beneath the surface. Below are some of the major techniques along with some useful tips on how to incorporate them into your game.

### Combos

In addition to the basic three-hit combo  $\square, \square, \square$  that every character can perform, there are supplemental moves that can be added and linked together to create specific high-damaging combo strings. Any two of the following moves can be added to the basic three-hit combo:

- R1 +  $\square$ —Stab
- Up +  $\square$ —Shoryuken
- Down +  $\square$ —Sweep
- $\square, \square$ —Multi-hit move (certain characters only)
- $\triangle$ —Kick (guard break)

This allows for combos such as R1 +  $\square, \square, \square, \triangle$ , Up +  $\square$ , which can be very damaging to opponents caught off-guard. Keep in mind that a quick two-hit knockdown combo such as  $\triangle$ , Down +  $\square$  may be more advantageous at times than a long string of attacks. Keep your opponents guessing by mixing up high attacks, low attacks and quick guard breaks.

### Critical Attack/Critical Counterattack

Critical attacks and critical counterattacks are a big part of gameplay in *Blade Warriors*. They both inflict heavy damage on your opponents, and if playing through Story mode, critical attacks will net you additional experience Souls. Learning to recognize opponents' attack patterns and animations is the key to successfully landing critical attacks and counterattacks. Although critical counterattacks are much more easy to perform than critical attacks, equipping yourself with items such as the Byakko Scroll or Suzaku Scroll will help. Master these moves early on, since these are easy ways to inflict heavy damage on your opponents.

### Melee Items

Melee items are extremely important in *Blade Warriors*, especially in Vs. mode when some of these items can drain or restore your opponent's life bar within seconds. Many of the weapons that you come across will not only inflict damage on your opponent, but also perform some type of additional function (i.e. stun, reverse controls, knock down, etc.). Needless to say, being first to pick up a weapon such as the Burst Launcher will give you a big advantage. Additionally, there are several items that restore your energy gauge and special gauge. Getting to these items first and preventing your opponents from picking these up is key to survival. Don't sit idly by and wait for your opponent to collect items from chests or urns; actively pursue them and attempt to collect them yourself instead.

### Charged Attack

Holding the  $\square$  button will charge your weapon with energy, allowing you to perform powerful attacks and projectile attacks. Your weapon has three different levels of power, and the longer you hold the button, the more powerful your attack becomes. Once your weapon is charged, you'll be able to perform one of three different attacks: a multi-hit attack, a projectile attack or a powerful stab. Keeping the D-pad in the neutral position and releasing your charge will result in a short-range multi-hit attack, which is good for striking multiple enemies. Certain characters benefit greatly from this attack, since it also increases the character's movement speed for a short duration. Pressing Left or Right and releasing your charge will result in a projectile attack (Hadoken). This attack is useful for hitting enemies that are far away or on the run. Again, depending on the character, this attack can also be a series of multi-hit moves that floor the opponent. Pressing and holding R1 while releasing your charged slash will result in a character-specific powerful stab, which will not only damage your opponent, but knock them down as well. A good way to land the charged stab is to perform the move directly after a kick (guard break) or directly after dashing behind your opponent. Charging your weapon should be almost instinctive; your weapon should always be charged unless you are surrounded by a group of enemies.

## Disarming Opponents

Pressing R1 +  $\Delta$  when your character is not holding an orb will result in an uppercut-type slash, which will send your opponent's weapon flying from their hands. This technique not only lowers your opponent's attack power, but also sends them reeling for a brief second, allowing you to follow up with other attacks. As with the charged stab, using a disarming attack after a kick is generally a good way put your opponents on the ropes quickly.

## STORY MODE

Story mode is the heart of the game. If you want to unlock all of the hidden weapons, items and secret characters, you will find yourself spending a lot of time here. There are a few specific places to watch out for when playing through Story mode, as these locations contain hidden rooms or areas that you may overlook.

## The Phantom Realms

There are two separate Phantom Realm stages, and each Realm is more or less an endurance trial with a series of stages one after the other. The Phantom Realm stages are only accessible by the human cast of *Blade Warriors* characters, and there are a few conditions that need to be met in order to enter them:

**Phantom Realm 1**—You must be playing the game at Normal difficulty or higher and you must not use any continues

**Phantom Realm 2**—Your character must be at Level 3 or higher, you must be playing the game at Normal difficulty or higher, you must not use any continues and you must have been invited to Phantom Realm 1 by the Gate Keeper

The Phantom Realm has 10 stages, while Phantom Realm 2 has 20. Successfully completing each Phantom Realm will award you with a new item or weapon—so if you want to collect all 95 unlockable items, you'll have to enter and complete both Realms. Before you attempt to complete the Phantom Realm stages, it's a good idea to build up your character's stats, increase his or her life bar at least once and equip the first White Necklace—this will make things a lot easier. Besides unlocking items, the Phantom Realms serve as a great place to earn experience souls and level-up your character. On the average, you can earn 20+ Soul levels of experience in Phantom Realm 1 and 60+ Soul levels of experience in Phantom Realm 2.

## The Treasure Houses

There are two hidden rooms in separate stages in Story mode that contain treasure chests worth investigating. The first is in the Imajo Village stage, on top of the far left house. Jump up to the roof and jump into the nearby chimney-like structure by pressing Up, Up. You will fall into a room containing a treasure box. The next room to locate is in the Oni Tortoise stage. Move to the far right of the stage and jump up to the small railing near the pipe. Stand next to the pipe and press Up, Up to jump into the pipe and land in another treasure room. There are two treasure boxes in this room—one just below the other—so be sure to duck and grab the lower box also.

## Story Mode Tips

- **Use Hit and Run Tactics**—Trying to remain stationary while engaging in a straight-up brawl with computer-controlled opponents might not be a good idea, especially when playing the game at the Hard or Expert difficulty. More often than not, the CPU will be able to block or recover more quickly than you, and may even perform critical counterattacks

against the majority of your strikes. The easiest way to get around this is to charge your weapon and move away from your opponents, then wait for them to come to your tier. Just as they land, use your projectile or charged stab attack for some easy damage, then repeat the process over again. If the CPU avoids this attack or you miss, simply charge your weapon again and jump to another tier. Using this pattern will help you whittle down the CPU opponent's life while giving you time to move away if necessary.

- **The Power of Orbs**—Orbs are hands-down the easiest way to cause major damage to any opponent quickly, but they should be used with discretion. It's generally a good idea to save your orbs for boss characters or when you are being overwhelmed by multiple opponents. In addition, each character benefits more from one specific orb over the others; in most

cases, using one specific orb is likely to inflict more damage. For example, when Nobunaga use the fire orb, he releases a number of fire projectiles that not only track opponents but may hit them several times. Be sure to experiment with all of the orbs to identify which is the most useful.

- **Stock Up on Power Jewels**—At 30 Souls apiece, Power Jewels are definitely a bargain. Each character can use a maximum of four Power Jewels to increase his/her life bar, in turn allowing you to take more damage and fight for longer periods of time.

Using Power Jewels will come in handy before attempting to complete any of the Phantom Realm stages or taking on the final boss character.

- **Increase Your Character's Level First**—It's generally a good idea to play through the game a couple of times in Easy mode first, increasing your character's level before attempting to complete the game at the Normal or higher difficulty. Increasing your character's stats to Level 2 or higher will make things a bit more even, as you will start to take less damage and kill enemies more quickly.

continued

## Story Mode Tips

down and eliminate them as

some practice, this technique should become second nature, and will become particularly useful when you need to kill large groups of enemies quickly or need to perform a certain amount of critical attacks in a specific stage.

## CHARACTER UPGRADES

In addition to the cast of secret characters, some characters also have additional fighting styles that can be unlocked by powering-up the character through Story mode.

Character	Level	Weapon Unlocked	Fighting Style Unlocked
Marcellus	2	Oni's Bane	Power
Marcellus	3	Extinction	Speed
Mega Man EXE	2	n/a	Ground
Mega Man EXE	3	n/a	Bug
Mega Man Zero	2	n/a	Proto
Mega Man Zero	3	n/a	Ultimate

## CHARACTER DATA

Here's a complete list of all the characters in the game, with all of the weapons and items each character can unlock or purchase. I've also listed all of the weapons each character can use, since some characters can unlock weapons which can only be used by other characters.

### Kotaro

#### Weapons to Unlock

Roga-Kunai  
Hungry Wolf  
Gabishi

## SECRET CHARACTERS

Blade Warriors has a number of hidden characters (from both the *Onimusha* world and the Capcom world) that you can unlock by playing through the game in Story mode. Some characters can simply be unlocked by fulfilling certain conditions in Story mode, while others must be unlocked by defeating them in a subsequent battle in Vs. mode.

### Gogandantess

Complete the game in Story mode with Samanosuke, Kaede, Grunt and Keijiro in Story mode.

### Musashi

Complete the game in Story mode with Grunt at Level 3 or higher.

### Jujudormah-Ran

Complete the game in Story mode with Jujudormah at Level 3 or higher.

### Musaid

Play through Story mode and increase Three-Eyes' level to Level 2 to transform into Musaid.

### Giramusaid

Play through Story mode and increase Musaid's level to Level 3 to transform into Giramusaid.

### Jaid

Play through Story mode and increase Zombie Warrior's level to Level 2 to transform into Jaid.

### Mega Man EXE

Complete the game with Samanosuke in Story mode, then enter Vs. mode. Beat your first opponent and Mega Man EXE will challenge you to a battle. Defeat him and he will become a playable character.

### Mega Man Zero

Obtain all of the Z-Panels from Story mode (by completing Phantom Realms 1 and 2 and completing the game with Mega Man EXE), then enter Vs. mode. Beat your first opponent and Mega Man Zero will challenge you to a battle. Defeat him and he will become a playable character.

### Nobunaga

Beat the game with the original 12 characters, then enter Vs. mode. Beat your first opponent and Nobunaga will challenge you to a battle. Defeat him and he will become a playable character.

### Kojiro

Beat the game with Musashi, then enter Vs. mode. Beat your first opponent and Kojiro will challenge you to a battle. Defeat him and he will become a playable character.

### Magoichi

Fight 200 battles in Vs. mode against either a CPU opponent or another player. At battle 201, Magoichi will challenge you. Defeat him and he will become a playable character.

### Gargant

Load the game with a saved file from *Onimusha 3: Demon Siege* on your memory card, then enter Vs. mode. Beat your first opponent and Gargant will challenge you to a battle. Defeat him and he will become a playable character.

## Samanosuke

### Weapons to Unlock

Raizan  
Enryuu  
Muramasa  
Bishamon Sword

### Items to Unlock

Blue Necklace  
Exorcism Flute

### Items to Purchase

Excalibur (180 Souls)

### Usable Weapons

Normal Sword (default)  
Raizan  
Enryuu  
Bishamon Sword  
Muramasa  
Excalibur  
True Shippuu  
Blue Saber  
Bamboo Sword

## Keijiro

### Weapons to Unlock

Long Nagamaki  
Blue Dragon

### Items to Unlock

White Necklace 1  
Yellow Rosary  
Purity Charm 1

### Items to Purchase

Orange Necklace (150 Souls)

### Usable Weapons

Nagamaki (default)  
Long Nagamaki  
Ichimonji  
Blue Dragon

## Oyu

### Weapons to Unlock

Dojikiri  
Phirangi  
Lion's Heart

### Items to Unlock

Green Necklace  
Green Rosary

### Items to Purchase

Purity Charm 3 (100 Souls)

### Usable Weapons

Broad Sword (default)  
Phirangi  
Gladius  
Lion's Heart  
Chinese Combo  
Bamboo Sword

## Three Eyes/ Musaid/Giramusaid

### Weapons to Unlock

Yin-Yang Claws  
Adam Eve Claws  
Morning Star

### Items to Unlock

Sacred Gem 1

### Items to Purchase

White Necklace 2 (150 Souls)

### Usable Weapons

Arm Blade (default)  
Yin-Yang Claws  
Adam Eve Claws  
Life and Death

## Jubei

### Weapons to Unlock

Buraitou  
True Sempumaru  
Soshu Masamune  
Gladius  
Rekka-Ken

### Items to Unlock

None

### Items to Purchase

Suzaku Scroll (200 Souls)

### Usable Weapons

Yagyuu Sword (default)  
Buraitou  
Rekka-Ken  
Dojikiri  
Soshu Masamune  
True Sempumaru  
Red Saber  
Bamboo Sword  
Bishamon Sword

## Ekei

### Weapons to Unlock

Halberd  
Houtengeki  
Snake Spear

### Items to Unlock

Red Necklace  
Yang Soul 1

### Items to Purchase

Purity Charm 3 (100 Souls)

### Usable Weapons

Normal Spear (default)  
Houtengeki  
Halberd  
Snake Spear

## Gargant

### Weapons to Unlock

None

### Items to Unlock

None

### Items to Purchase

Orange Necklace (75 Souls)

White Necklace 2 (75 Souls)

Black Necklace 2 (60 Souls)

Anti-Shell 3 (50 Souls)

Purity Charm 3 (50 Souls)

Sacred Gem 3 (50 Souls)

Oni Incense 3 (50 Souls)

Excalibur (90 Souls)

Suzaku Scroll (100 Souls)

### Usable Weapons

Garblade (default)

### Weapons to Unlock

Horse Killer  
Rhomphair  
Oni Splitter

### Items to Unlock

Yin Soul 1

### Items to Purchase

White Necklace 2 (150 Souls)

### Usable Weapons (Normal Style)

Man Killer (default)

Horse Killer

Oni Splitter

Metal Club

### Usable Weapons (Power Style)

Oni's Bane (default)

Claymore

Morning Star

Metal Club

Rhomphair

### Usable Weapons (Speed Style)

Extinction (default)

Despair

## Gogandantess

### Weapons to Unlock

Despair  
Oni Eater

### Items to Unlock

Black Necklace 1  
Purity Charm 2  
Gold Chicken

### Items to Purchase

Oni Incense 3 (100 Souls)

### Usable Weapons

Oni Slayer (default)

Oni Eater

Red Saber

Bamboo Sword

## Kaede

### Weapons to Unlock

Jambya  
Hocho Masamune  
Sacred Knife  
True Shippuu

### Items to Unlock

Anti-Shell 1  
Red Rosary

### Items to Purchase

Orange Necklace (150 Souls)

### Usable Weapons

Knife (default)

Jambya

Hocho Masamune

Sacred Knife

## Musashi

### Weapons to Unlock

Bakuen  
Basara  
W Saber  
Suzukaze  
Raiden  
Scallion and Ladle  
Ichimonji  
Onikiri  
Kansho/Bakuya

### Items to Unlock

None

### Items to Purchase

Black Necklace 2 (120 Souls)

### Usable Weapons

Musashi Blade (default)  
Onikiri  
Kansho/Bakuya  
Scallion & Ladle  
Raiden  
Bakuen  
Suzukaze  
Basara  
W Saber

## Jujudermah

### Weapons to Unlock

Grace  
Claymore

### Items to Unlock

None

### Items to Purchase

Sacred Gem 3 (100 Souls)

### Usable Weapons

Spring Tide (default)  
Grace

## Grunt

### Weapons to Unlock

Dotanuki  
Nodachi  
Bamboo Sword  
Blue Saber

### Items to Unlock

None

### Items to Purchase

Orange Necklace (150 Souls)

### Usable Weapons

Katana (default)  
Nodachi  
Dotanuki  
Blue Saber  
Bamboo Sword

## Magoichi

### Weapons to Unlock

Dinner Special  
Machine Gun  
Chinese Combo  
Beam Rifle

### Items to Unlock

Sacred Gem 2

### Items to Purchase

Black Necklace 2 (120 Souls)

### Usable Weapons

Tri-Barrel Gun (default)  
Machine Gun  
Beam Rifle

## Mega Man EXE

### Weapons to Unlock

Muramasa Blade  
Paladin Sword

### Items to Unlock

Z-Panel Red  
Z-Panel Blue  
Z-Panel Green

### Items to Purchase

Anti-Shell 3 (100 Souls)

### Usable Weapons

Long Sword (default)  
Muramasa Blade  
Paladin Sword

# WEAPONS & ITEMS

Here's a complete list of all the weapons and items in the game. Note that the unlockable weapons and items can only be earned while playing in Story Mode at Normal difficulty or above. There are also certain items which can only be purchased by specific characters from the Gate Keeper at the end of the game (or after exiting the Phantom Realms) while playing in Story Mode at Normal difficulty or above. Most weapons and items can only be unlocked by one specific character, and some weapons cannot be used by the characters who unlock them. All items can be used by any character. Some weapons and items can only be obtained the first or second time you play through the game with a specific character. If you miss your chance, reset that character's stats and start over from the beginning of the game to obtain the weapon or item you missed.

## Weapons

Name	Special Effect(s)	Attack	Defense	Magic	Unlocked By	Unlock Method
Normal Sword	None				n/a	Samanosuke's default weapon
Raizan	Boost for thunder orbs	+1			Samanosuke	Find in Imajo Village Treasure House (first time through the game only)
Enryuu	Boost for fire orbs	+1			Samanosuke	Complete the Phantom Realm
Muramasa	Uses vitality	+2	+2	+2	Samanosuke	Find in Imajo Treasure House
(Note: This weapon can only be obtained in Samanosuke's "alternate" story mode. To open this story, complete the game only one time with both Samanosuke and Kaede, then play through the game a second time with Samanosuke)						
Bishamon Sword	Boost for all orbs	+2	+1		Samanosuke	Complete Phantom Realm 2
Nagamaki	None				n/a	Keijiro's default weapon
Long Nagamaki	None	+1			Keijiro	Complete Chapter 5 with ultra fast time
Blue Dragon	None	+1	+1	+1	Keijiro	Complete Phantom Realm 2
Knife	None				n/a	Kaede's default weapon
Jambiya	None	+1			Kaede	Complete Chapter 6
Hocho Masamune	Critical strike			-1	Kaede	Complete the Phantom Realm
Sacred Knife	Steals vitality (S)	+1			Kaede	Complete Phantom Realm 2
True Shippuu	Boost for wind orbs	+1			Kaede	Perform three or more criticals in Chapter 7
(Note: This weapon can only be obtained in Kaede's "alternate" story mode. To open this story, complete the game only one time with both Samanosuke and Kaede, then play through the game a second time with Kaede)						
Katana	None				n/a	Grunt's default weapon
Dotanuki	Special gauge damage (S)		+2		Grunt	Complete the Phantom Realm
Nodachi	None	+1			Grunt	Find in Imajo Village Treasure House
Bamboo Sword	All status changes null	-2			Grunt	Complete the 10th level of Phantom Realm 2
Blue Saber	Special gauge damage (L)	+2		+2	Grunt	Complete Phantom Realm 2
Yagyu Sword	None				n/a	Jubei's default weapon
Buraïtou	Boost for thunder orbs	+1			Jubei	Complete the Phantom Realm
True Sempumaru	Boost for wind orbs	+1			Jubei	Find in Imajo Village Treasure House (first time through the game only)
Soshu Masamune	Single strike	+2	-1	-1	Jubei	Find in Imajo Treasure House
(Note: This weapon can only be obtained in Samanosuke's "alternate" story mode. To open this story, complete the game only one time with Samanosuke, Kaede, and Jubei then play through the game a second time with Jubei)						
Gladius	Silence Attacks		+1	-1	Jubei	Complete the 10th level of Phantom Realm 2
Rekka-Ken	Large boost for fire orbs	+2			Jubei	Complete Phantom Realm 2
Normal Spear	None				n/a	Ekei's default weapon
Halberd	None	+2			Ekei	Complete the Phantom Realm
Houtengeki	None	+1			Ekei	Find in Imajo Village Treasure House (first time through the game only)
Snake Spear	Critical strike	+1			Ekei	Complete Phantom Realm 2
Broad Sword	None				n/a	Oyu's default weapon
Dojikiri	Slight boost for all orbs	+1	+1	+1	Oyu	Complete the Phantom Realm
Phirangi	None	+1			Oyu	Complete Chapter 6 (first time through the game only)
Lion's Heart	Steals vitality (S)			-2	Oyu	Complete Phantom Realm 2
Kunai	None				n/a	Kotaro's default weapon
Roga-Kunai	Stun power		-1	+1	Kotaro	Complete the Phantom Realm
Hungry Wolf	Steals vitality (S)		-1		Kotaro	Available after obtaining Roga-Kunai weapon
Gabishi	None	+1			Kotaro	Complete Chapter 6 with ultra fast time
Swordbreaker	Special gauge damage (L)		+1	-1	Kotaro	Complete Phantom Realm 2
Swordeater	Steals vitality (S)			-1	Kotaro	Available after obtaining Swordbreaker weapon
Man Killer	None				n/a	Marcellus' default weapon (Normal Style)
Oni's Bane	None				n/a	Marcellus' default weapon (Power Style)
Extinction	None				n/a	Marcellus' default weapon (Speed Style)
Horse Killer	None	+1			Marcellus	Complete Chapter 5 with ultra fast time (first time through the game only)
Rhomphair	Weakens guard (L)	+2		+2	Marcellus	Find in Oni Tortoise Treasure House (lower box)
Oni Splitter	Special gauge damage (S)	+1			Marcellus	Complete Story Mode
Spring Tide	None				n/a	Jujordmah's default weapon

Name	Special Effect(s)	Attack	Defense	Magic	Unlocked By	Unlock Method
Anti-Shell 2	Prevents the player from dropping orbs when knocked down (M)				Kojiro	Perform three or more Criticals in Chapter 6
Anti-Shell 3	Prevents the player from dropping orbs when knocked down (L)				Mega Man EXE, Mega Man Zero, Nobunaga or Gargant	Purchase from Gate Keeper (100 souls)*
Purity Charm 1	Life Soul effect increases (S)				Keijiro	Find in Oni Tortoise Treasure House (lower box)
(Note: This item can only be obtained in Keijiro's "alternate" story mode. To open this story, complete the game only one time with Samanosuke, Kaede and Keijiro, then play through the game a second time with Keijiro)						
Purity Charm 2	Life Soul effect increases (M)				Gogandantess	Complete Story Mode twice
Purity Charm 3	Life Soul effect increases (L)				Ekei, Oyu, Kotaro, Nobunaga or Gargant	Purchase from Gate Keeper (100 souls)*
Red Rosary	Improved soul absorb (L)				Kaede	Complete the 10th level of Phantom Realm 2
Blue Rosary	Improved soul absorb (S)				Kotaro	Complete the 10th level of Phantom Realm 2
Green Rosary	Decreased soul absorb (S)		+1		Oyu	Complete the 10th level of Phantom Realm 2
Yellow Rosary	Decreased soul absorb (L)		+2		Keijiro	Complete the 10th level of Phantom Realm 2
Yang Soul 1	Positive soul effects rise over time (S)			-1	Ekei	Complete the 10th level of Phantom Realm 2
Yang Soul 2	Positive soul effects rise over time (L)				Kojiro	Complete the Phantom Realm
Yin Soul 1	Positive soul effects decrease over time (S)	+1	-1		Marcellus	Find in Imajo Village Treasure House
Yin Soul 2	Positive soul effects decrease	+2	-1		Kojiro	Complete the 10th level of Phantom Realm 2
Red Necklace	Power Soul (Yin) null (Attack-decreasing effects null)			-1	Ekei	Find in Imajo Treasure House
(Note: This item can only be obtained in Ekei's "alternate" story mode. To open this story, complete the game only one time with Samanosuke, Kaede, Jubei and Ekei, then play through the game a second time with Ekei)						
Blue Necklace	Speed Soul (Yin) null (Speed-decreasing effects null)			-1	Samanosuke	Perform three or more Criticals in Chapter 7
(Note: this item can only be obtained after completing Samanosuke's "alternate" story mode. After completing the "alternate" story mode, play through the game a third time with Samanosuke to find the item)						
Green Necklace	Special Soul (Yin) null (Special gauge-decreasing effects null)			-1	Oyu	Find in Imajo Village Treasure House (first time through the game only)
Purple Necklace	Soul Poison null			-1	Any character	Absorb 10,000 souls
Orange Necklace	All Yin Souls null (All negative effects null)			-1	Keijiro, Kaede, Grunt, Nobunaga or Gargant	Purchase from Gate Keeper (150 souls)*
White Necklace 1	Automatic vitality recover (S)		-1	-1	Keijiro	Complete the Phantom Realm
White Necklace 2	Automatic vitality recover (L)	-1	-1	-1	Marcellus, Three-Eyes/Musaid/Giramusaid, Zombie/Jaid, Nobunaga or Gargant	Purchase from Gate Keeper (150 souls)*
Black Necklace 1	Automatic special gauge recovery (S)				Gogandantess	Find in Imajo Treasure House (second time through the game only)
Black Necklace 2	Automatic special gauge recovery (L)	-1			Musashi, Kojiro, Magoichi, Nobunaga or Gargant	Purchase from Gate Keeper (120 souls)*
Sacred Gem 1	Prevents the player from being disarmed (S)				Three-Eyes/Musaid/Giramusaid	Find in Imajo Village Treasure House
Sacred Gem 2	Prevents the player from being disarmed (M)				Magoichi	Complete Chapter 4 with ultra fast time
Sacred Gem 3	Prevents the player from being disarmed (L)				Jujudormah, Jujudormah-Ran, Nobunaga or Gargant	Purchase from Gate Keeper (100 souls)*
Gold Chicken	Stun power null				Gogandantess	Find in Oni Tortoise Treasure House (lower box, second time through the game only)
Bell of Warding	Flash bomb null		-1		Mega Man Zero	Find in Imajo Village Treasure House
Exorcism Flute	Attack silence null		-1		Samanosuke	Complete the 10th level of Phantom Realm 2
Oni Incense 1	Increase magic power (S)			+1	Zombie Warrior/Jaid	Find in Imajo Village Treasure House
Oni Incense 2	Increase magic power (M)			+2	Mega Man Zero	Complete the Phantom Realm
Oni Incense 3	Increase magic power (L)		-1	+3	Gogandantess, Nobunaga or Gargant	Purchase from Gate Keeper (100 souls)*
Seiryu Scroll	A Critical hit kills an enemy in an instant				Any character	Complete Story Mode at the Expert difficulty setting
Byakko Scroll	Increase Critical power by 50%, Critical timing doubled				Any evil character	Defeat two Onimushas at the Hard difficulty setting or higher (both Onimushas must be in the same chapter)
Suzaku Scroll	Critical timing tripled				Jubei, Nobunaga or Gargant	Purchase from Gate Keeper (200 souls)*
Genbu Scroll	Prevents Criticals				Any character	Absorb 20,000 souls
Z-Panel Red	Obtain all three Z-panels to unlock Mega Man Zero				Mega Man EXE	Complete the 5th Level of the Phantom Realm at the Normal difficulty setting
Z-Panel Blue	Obtain all three Z-panels to unlock Mega Man Zero				Mega Man EXE	Complete the 10th level of Phantom Realm 2
Z-Panel Green	Obtain all three Z-panels to unlock Mega Man Zero				Mega Man EXE	Complete Story Mode

\*Note: Gargant can purchase items at 50% of their normal cost

"Ever wish you had a keyboard handy, just for online chats? Here's your solution."  
iType2, Official U.S. PlayStation Magazine, January 2004

# Choose Your Weapon Wisely...

## iType2

## Arm Yourself.

The ultimate online gaming controller for PlayStation®2.

ergonomic keypad

4 programmable text macros

sensitive analog buttons

Officially Licensed by Sony Computer Entertainment America, the iType2™ from Nyko® is the simplest way to text chat with others while online gaming on your PlayStation®2 computer entertainment system. Its compact, integrated keyboard and programmable macro buttons let you program or type text messages without fumbling with the gamepad or using a separate keyboard. In gaming terms, this means you have the power to conquer any quest, monster or sorcerer right at your fingertips. Find out more: [nyko.com](http://nyko.com)

Now available at: **BEST BUY** **EB GAMES** **GameStop** and many other fine retailers

INNOVATION FIRST

# NINJA GAIDEN

by Raphael Minchella

## WEAPONS

Ryu is no longer tied down to his classic katana sword; he now has several different weapons at his disposal, each with its own range, damage ability and attack type. Here's a complete list of all the weapons in the game:

### Melee Weapons

**Dragon Sword**—The all-around weapon of choice. When Ryu is wearing the secret costume (see page 34), the Dragon Sword will be replaced by the Plasma Sword, which can be upgraded to the Plasma Sword Mk. 2 (same as the True Dragon Sword).

**Upgrade to Level 2:** 3,000 Essence  
**Upgrade to Level 3:** 5,000 Essence  
**Upgrade to Level 4:** Requires Dragon's Eye (found in Chapter 13)

**Wooden Sword**—The ordinary Wooden Sword can become a tremendous force to be reckoned with if you spend your Essence to upgrade it. When fully upgraded, it becomes an Unlabored Flawlessness, capable of causing tremendous amounts of damage.

**Cost:** 500 Essence  
**Upgrade to Level 2:** 3,000 Essence  
**Upgrade to Level 3:** 5,000 Essence  
**Upgrade to Level 4:** 10,000 Essence  
**Upgrade to Level 5:** 20,000 Essence  
**Upgrade to Level 6:** 30,000 Essence  
**Upgrade to Level 7:** 40,000 Essence

**Nunchaku**—You'll find the Nunchaku in Chapter 4. It's a cool weapon to toss around, but it's rather weak and not very useful.

**Vigorian Flail**—Found in Chapter 6. Extremely useful against large groups of weak enemies, but it just doesn't have enough punch to compete with Ryu's other weapons.

**Upgrade to Level 2:** 5,000 Essence

**War Hammer**—This hard-hitting weapon is wielded by the Fiend Hunter, Rachel. Ryu will be able to use it in Chapter 8 after Rachel is captured. The War Hammer packs quite a punch, but due to its size, it's very slow. You must anticipate enemy movement and use its reach and

power to compensate for its lack of speed. As a special bonus, the War Hammer has the strength to bust down walls, which will be an essential ability for completing your quest.

**Upgrade to Level 2:** 5,000 Essence

**Dablahro**—To earn this weapon, turn in 20 Golden Scarabs to Muramasa. This replaces the need to use the War Hammer and will become a very useful weapon when dealing with large bosses. Upgrade the Dablahro as soon as possible to maximize its usefulness.

**Upgrade to Level 2:** 10,000 Essence  
**Upgrade to Level 3:** 20,000 Essence

**Kitsu**—The cursed blade is found in the beginning of Chapter 12. When you wield this weapon, it will slowly deplete your life, so try not to use it until you have the Armet of Tranquility to cancel out the curse.

### Projectile Weapons

**Shuriken (unlimited)**—You start the game with normal Shuriken. They don't cause much damage, but they can help to slow down charging opponents.

**Windmill Shuriken (unlimited)**—This gigantic throwing star acts like a boomerang, so it offers unlimited use. Carries a better punch than the ordinary Shuriken and should always be equipped when the bow is not in use. You will find it hidden in Chapter 4.

**Incendiary Shuriken (Max. Carry: 15)**—The most powerful Shuriken type is found in Chapter 6. Save them for enemies that are known to give you trouble, but use them sparingly or the cost will quickly suck away your Essence reserve.

**Cost:** 100 Essence

**Bow/Strong Bow**—Look for this useful bow on the ground in the shop in Chapter 2. Pressing B while holding the bow will auto-aim for the closest enemy, but it will not be very accurate. You can move the Left Thumbstick when holding down B to aim manually. Remember that you can zoom in twice with the Right Trigger to help your aim for difficult targets. In Chapter 8, you'll be able to trade in your regular Bow for a Strong Bow which delivers more powerful and accurate shots.

**Arrows (Max. Carry: 15)**—The first arrows you receive; they inflict average damage.

**Cost:** 10 Essence

**Explosive Arrows (Max. Carry: 15)**—Available in Chapter 9, these arrows explode upon impact and deliver "splash damage" to surrounding targets.

**Cost:** 100 Essence

**APFSDS Cores (Max. Carry: 15)**—Also available in Chapter 9, these arrows are very effective against armored vehicles such as tanks and helicopters.

**Cost:** 200 Essence

## Armlets

**Armlet of the Sun**—Increases Ryu's attack power. This should be worn when the enemies you encounter are not giving you much trouble.  
**Cost: 5,000 Essence**

**Armlet of the Moon**—Increases Ryu's defensive power. Put it on when you're having trouble on a certain level or engaging enemy groups with high-damage attacks.  
**Cost: 5,000 Essence**

**Armlet of Benediction**—This Armlet will allow Ryu's Yellow Essence absorption to increase, which means more "money" for each kill.  
**Cost: 15 Golden Scarabs**

**Armlet of Fortune**—This Armlet will increase Ryu's Ki power build-up.  
**Cost: 30 Golden Scarabs**

**Armlet of Tranquility**—When equipped, this will gradually replenish Ryu's health and also negate the curse of the Kitetsu Sword.  
**Cost: 40 Golden Scarabs**

## Ninpo

**Art of the Fire Wheels**—Found during the beginning section of Chapter 2. When activated, Ryu will surround himself with a fire shield for a short period of time and any enemy that he comes in contact with will take damage. This Ninpo is best used when surrounded by a mob of enemies.

**Art of the Inferno**—This Ninpo is the only Ninja magic that can be purchased at the store. The Art of the Inferno will envelop Ryu in flame and channel it to his arms to be shot out as a powerful fireball. Since the Art of the Inferno only targets one enemy, it's most effective against bosses who are susceptible to flame.

**Art of the Ice Storm**—Found in Chapter 7, this is an area-effect spell. Ryu will change the atmosphere around him with energy, creating an ice whirlwind that will damage all attackers close to him. Best used in a small area against multiple enemies, or against bosses with poor mobility.

**Art of the Inazuma**—Found after destroying the Electric Worm in Chapter 10. Ryu will rise up in the air, charge his body with electricity and blast out electric bolts that slaughter all enemies in the surrounding area. Most effective against large crowds of tough opponents.

**Art of the Inazuma**—Found after destroying the Electric Worm in Chapter 10. Ryu will rise up in the air, charge his body with electricity and blast out electric bolts that slaughter all enemies in the surrounding area. Most effective against large crowds of tough opponents.

## ITEMS

### Restoration Items

These health/magic items are scattered throughout the game and can also be purchased if needed. (Note: Prices shown are for Normal Difficulty only.)

**Elixir of Spiritual Life (Max. Carry: 10)**—Replenishes a small portion of your life. Use these when running low on health and only against weaker enemies. Don't waste several of them to fill your life bar; instead, wait for Blue Essence to replenish it for free.  
**Cost: 500 Essence**

**Great Spirit Elixir (Max. Carry: 5)**—Fully restores your life meter. Save these for when you are near death during boss battles or when you have run out of Elixir of Spiritual Life in mid-level.  
**Cost: 5,000 Essence**

**Elixir of the Devil Way (Max. Carry: 5)**—Replenishes one of Ryu's Ki power. It's best to save your money for something else; these are scattered throughout the game, and a Red Essence will fill up your Ki meter just the same.  
**Cost: 2,000 Essence**

**Great Devil Elixir (Max. Carry: 3)**—Fully restores Ryu's Ki power. Best used in boss battles when the boss is vulnerable to a certain type of Ninpo. Do not spend your hard-earned Essence on a Great Devil Elixir; you will find enough of these in the game for free.  
**Cost: 10,000 Essence**

**Talisman of Rebirth (Max. Carry: 3)**—The Talisman will bring you back to life if you lose all of your health during a battle. Save these for difficult boss battles; if you inadvertently use one in the middle of the level, reset the game and try again from your last save point. These are too valuable to be wasted on weak enemies.  
**Cost: 15,000 Essence**

### Power-Up Items

These items cannot be purchased in any store; they can only be acquired by discovering them in your quest.

**Life of the Gods**—Collect nine of these blue spheres and Ryu's max life will permanently increase.

**Spirit of the Devils**—This red sphere will permanently increase Ryu's Ki power gauge, allowing Ryu to use more Ninpo before having to replenish the meter.

**Jewel of the Demon Seal**—Upgrades the level of one of your Ninpo techniques. Choose wisely, because once the Jewel is committed, it's permanent.

**Lives of the Thousand Gods**—Instantly increases Ryu's max. life gauge, so use it as soon as you obtain it. This will not affect the count of your Life of the Gods spheres.

**Technique Scrolls**—The Scrolls reveal secret, ancient combo attacks and techniques that Ryu can learn. Most technique scrolls will be found during your adventures; however, the Izuna Drop is available for purchase at Muramasa's shop.

**Golden Scarabs**—These precious treasures are well hidden in the game world and are sought by the shopkeeper, Muramasa. He will present Ryu with many special items when enough Golden Scarabs are delivered to him according to the following chart:

Number of Golden Scarabs	Reward
1	Life of the Gods
10	Spirit of the Devils
15	Armlet of Benediction
20	Special weapon: Dablahro
30	Armlet of Fortune
40	Armlet of Tranquility
50	Classic Ninja Gaiden Video Game

## PURCHASING GUIDE

Wondering which items you should purchase and which ones you should steer clear of? Here are some tips:

- **Priority Buys**—First, search for are upgrades for your main melee weapons (namely, your Dragon Sword). The new moves you obtain when you upgrade a weapon will greatly help you to finish off your enemies in a quicker, safer manner. If your health keeps running low, you should definitely spend some Essence on Elixirs of Spiritual Life. Be sure to carry at least three Elixirs with you at all times.
- **Exclusive Buys**—There are several important items that are only available for sale in Muramasa's store and cannot be found in the outside world. These items should be purchased if there is enough Essence in your bank. They include:

The Art of the Inferno	1,000 Essence
Armlet of the Sun	5,000 Essence
Armlet of the Moon	5,000 Essence
Wooden Sword	500 Essence
Technique Scroll: Izuna Drop	1,000 Essence

- **Wasteful Buys**—Some expensive items should not be purchased because they can be found in the outside world. The Great Spirit Elixir, Talisman of Rebirth, Elixir of the Devil Way and Great Devil Elixir fall into this category; there are plenty of these items available along your path, so you need not worry about running low. You should also stay away from purchasing projectile shots such as Incendiary Shuriken, Arrows, Explosive Arrows and APFSDS Arrows. They may seem cheap at first, but the costs can really add up quickly. These items can also be found on corpses and equipment crates in strategic parts of most levels, which means that they will be in unlimited supply in areas where they are needed.

## ESSENCE

When Ryu sends his attackers into the afterlife, a compact ball of energy is released into the air. These balls of energy are referred to as "Essence." The size and the amount of the Essence left behind depends on how powerful the enemy is and how brilliantly the enemy was killed. Here are the three types:

- **Yellow Essence**—This is used as currency in *Ninja Gaiden*. The bigger the Essence, the higher its value. Yellow Essence is essential for purchasing much-needed items or upgrading your current weapons at the shop.
- **Blue Essence**—This Essence will recover a small portion of Ryu's health. The amount of health recovered depends on the size of the Blue Essence.
- **Red Essence**—This will replenish Ryu's Ki meter, which is used for Ninpo techniques.

## FIGHTING STRATEGY

### Know Your Enemies

All of Ryu's enemies are deadly in their own way. You must learn to quickly identify each enemy type so you'll know their strengths and weaknesses immediately. Are they offense or defense oriented? Powerful, or quick? Do they have unblockable grappling moves or projectile attacks? Everything you learn and remember will help you when facing the same enemy types again later on in the game.

## THE ART OF ULTIMATE TECHNIQUES

### Essence Chain Reaction

After an enemy has been killed and Essence has been released, press and hold the Y button to suck in all of the Essence surrounding you. When the Essence has been absorbed, you will see that Ryu become charged with power. Release the Y button to dart at the

nearest enemy and unleash what is known as an Ultimate Technique. The more Essence absorbed, the more powerful the Technique will be. Enemies killed by an Ultimate Technique will release more Essence than usual, which can compound into greater and more powerful Ultimate Techniques, which then lead to more Essence...you get the idea.

### Wait For The Strike

An Ultimate Technique will not occur if the initial hit does not connect. When you are charged and Essence has been absorbed, Ryu will be unable to move or block. This means that you can't get closer to your enemy in order to nail them with an Ultimate Technique. If you know

that enemies are still in your area but you can't see them due to the camera angle, wait until you see someone in range before you release your charge; this way, you won't waste the attack.

### Jump Into Essence Charge

One bad thing about using Ultimate Techniques is that you have to slowly charge your weapon for a period of time, which leaves you vulnerable to attack. A great way to avoid the charging animation is to land from a jump and go into an Essence Charge. This is how it

works: Jump away from an enemy or use the Wind Path technique to jump at an enemy. Just before Ryu lands from his jump, press and hold Y; when he lands, he will go straight into a full charge and immediately absorb Essence for an Ultimate Technique. You will notice that landing into an Essence Charge is much faster and safer than charging while standing.

### Know When to Quit

When Ryu absorbs the Blue Essence for an Ultimate Technique, he will not be awarded the health bonus that comes from touching a Blue Essence. For this reason, be sure that your health meter is in good shape before you blindly use Ultimate Techniques—and

refrain from using them when running low on health. You might accidentally absorb a Blue Essence that could have saved your life! Remember, survival never goes out of style.

### The Right Equipment for the Job

As your weapons and item inventory increase, so will your ability to deal out more damage in different ways. Always keep track of what items you have and how they can benefit you, from weapons to Ninpo to Armlets to projectiles. Be sure to change up your items for the situation at hand. If you're taking too much damage

due to quick enemies, switch to the Armlet of the Moon and use a quick weapon like the Vigorian Flail. If you're constantly surrounded and can't get any breathing room, switch to the War Hammer and use the Art of the Inazuma as backup. Remember that a ninja always adapts to his surroundings.

## FIGHTING STRATEGY

### Extra Ninja Sense

Karma 6376418

Combo 1

Kill 12

Time 7.93

Throughout the adventure, you will run blindly into several fights due to awkward camera angles. To give yourself advance notice of the threats ahead, turn on your Karma meter by pressing the White button. When the Karma Meter is on and enemies are in your area, you'll see that

the Karma score will add two more sections: "Combo" and "Kill." When you see this, you'll know that there are threats close by. Another added bonus with the Karma display is that you can estimate the number of enemies by displaying the time limit for the kill bonus. If you press the Left Thumbstick while fighting an enemy with the Karma score displayed, a timer will appear; if you kill all of the enemies before that timer runs out, you receive a Karma bonus. With a 10- or 20-second timer, you know that the enemy group will be relatively small. If the timer reads 90 seconds or 200 seconds, you'll know that you have a long battle ahead.

### Calculated Attacks vs. Button Mashing

With all of the drawn-out combos to select from, it's easy to just hammer on the attack button and see what happens. Although this may seem effective at the start of the game, it will get you into some trouble if you're still doing it in the later levels. Take some time to read up

on the different attacks each weapon has to offer and try them in various situations. Determine which attack techniques leave you in a relatively safe position and use those attacks exclusively. The attacks that will leave you in trouble are usually those with more than four attack strings involved. Look for simple, strong attacks that knock opponents to the ground instead.

### Keep Your Finger on Block

After completing a lengthy combo, Ryu will usually go into his "recovery" animation where he becomes vulnerable. If you hold down the Block button (Right Trigger) during the recovery period and an enemy strikes you, you will interrupt the recovery animation and block the

attack! From here you can either perform the Reverse Wind to give yourself some distance or do a counter strike (after obtaining the Counter Attack Technique Scroll) to get back on the offensive.

### Keep Moving

Most enemies in *Ninja Gaiden* are very quick and mobile, which gives them multiple avenues of attack. This is why it's always a good idea to keep moving while engaged in a battle against a group of enemies. Constant movement will help you evade off-camera aerial and projectile attacks,

and also help separate the group so you can engage on one-on-one battles instead of four-to-one mismatches.

### Use Your Aerial and Wall Attacks

This goes hand-in-hand with constant movement. While constantly moving (jumping and wall running) for defense, you can also use your aerial and wall attacks for offense. Jumping and wall attacking do more damage to the opponent and leave you in a better defensive position. A few

good examples of this are the Flying Swallow (Level 2 Dragon Sword), Cicada Slash and the Guillotine Throw (Technique Scroll).

## OVERALL SURVIVAL STRATEGY

### Refer to Maps Regularly

In every level you will come across a level map that clearly depicts the entire area. The later levels are more complicated, so it's a good habit to check up on your position to avoid running into unnecessary battles.

### Save Often

Be sure to use every save point that you find, because you will never know what lies ahead. If you happen to clear a difficult area just after a save point, it's a good idea to go back and save again. There is no limit to the number of times you can save, so use this to your advantage.

## WALKTHROUGH

*Ninja Gaiden* is a rather large game, spanning 16 total levels. We don't have enough room to provide a step-by-step walkthrough here, so we'll focus on the key progression points that will allow you to complete each level.

### Chapter 1: The Way of the Ninja

**1) Training Grounds**—This area will teach you various movements and the essential jumps Ryu is able to perform. New terrain obstacles are presented as Ryu advances through the ravine and up to the Ninja Fortress. Kunai Scrolls will clue you in on how to overcome different situations. You will also

encounter some light resistance as you approach the Fortress.

**2) Trap Door/Fangs of the Samurai**—After penetrating the first few rooms of the Ninja Fortress (remember the samurai statue that you passed at the end of the hall), you will come across this room filled with ninjas appearing from the wall panels. You don't need to clear this area

in order to advance; instead, go to the end of the room and drop down the trap door hidden in the center of the floor. Make your way through the Underground Storehouse and collect the Fangs of the Samurai in the chest.

**3) Return Fangs for Key of Courage**—Go back up to the Fortress and drop down inside (be sure to grab the Talisman of Rebirth before dropping down). Backtrack to the hallway where the samurai statue is resting. Use the Fangs of the Samurai on the statue to release the Key of Courage.

**4) Use Key to Enter the Inner Sanctum**—Turn around and go back to the area where you fell through the trap door, but don't fall through it again. Go around the trap door and slice the scroll hanging on the wall to reveal another room. Use the save point here and climb the stairs. Race up the path-

way and use caution when dealing with the two white ninjas that greet you. Use the Key of Courage to advance to the Inner Sanctum. Once inside, Ryu must take out a group of white ninjas in order to proceed.

## Chapter 2: The Hayabusa Ninja Village

**1) Back to the Start**—Talk to Murai when Chapter 2 begins. He will give you the skinny on Ultimate Techniques and the Reverse Wind move. Now it's time to backtrack all the way through the Ninja Fortress (make sure to not fall into the trap door!) and back to the ravine where you first

started. Once you reach the Valley of the Shadows, jump down to the very bottom level and go left, away from your starting point. Here you will receive your first Ninpo attack, the Art of the Fire Wheels. Now use the elevator to travel down into the depths and make your way to the village.

**2) Journey to Hayabusa Village**—On your way to Hayabusa Village, Ryu will encounter two new enemies: Samurai and Samurai Mages. Samurai are much more defensive than Ninjas, so use the Falling Dragon Blade and Reverse Wind techniques to penetrate their guard. Use the Reverse Wind

to avoid the Mages' energy blasts and block their combo strings for a chance to attack. Check the wooden watchtower for the map to Hayabusa Village just before the broken bridge.

**3) Hayabusa Village**—Clear out the Samurai hanging out in Hayabusa Village, then make your way to the two-story building. Use the ledges to hop onto the second story and climb through the window. Once inside, drop down to the first floor and interact with the statue of Muramasa. Purchase

the Art of the Inferno and Wooden Sword at the shop. Grab the Bow on the floor and exit from the first-floor door.

## Chapter 3: Skies of Vengeance

**1) Living Quarters/Wing Key**—Save your game at the start of the level and venture through the living quarters of the Airship. You will find some healing elixirs and the Airship map which is located in Room 1-4. Exit this room and travel left, toward the double doors. Ryu will be ambushed near the end of the hallway. Clear out the hallway to get the Wing Key for the double doors.

**2) ID Card**—Go down the left stairwell and visit the store. Upgrade your Dragon Sword to Level 2 (essential for the upcoming boss fight) and buy the Izuna Drop Technique Scroll if you can. Climb back up to the Main Deck and proceed to the Captain's Quarters. Grab the Map of Tairon on the

desk, then use the elevator to go down. Clear out the small army waiting for you in the Helm and obtain the ID Card.

## BOSS: Murai

**Recommended Equipment:** Dragon Sword

### Attacks to Expect

**A. Triple Strike Chain**—Murai will do three successive strikes that can all be blocked. Ryu can usually get in a hit or two after the third hit.  
**B. Charging Dash**—Murai will charge for a split-second, then dart at Ryu with blinding speed. This attack can be blocked and will leave Murai's back exposed for a solid ground combo.  
**C. Unblockable Throw**—If Ryu tries to stand toe-to-toe with Murai, Murai will grab Ryu for a punishing amount of damage. This throw cannot be blocked and can only be avoided by staying out of throw range.

Although Murai appears to be an intimidating adversary, he can be easily overcome with one move alone. When the fight begins, lure Murai over to the right wall. As you approach him, jump onto the wall and execute a Cicada Slash (press X or Y while on the wall). Murai will not have an answer for this attack; just keep doing this until he is drained of life.

**4) Horsemen**—After turning the corner, the building behind you will collapse, trapping Ryu in a Horsemen ambush. Equip your bow and stand against the building walls to your right, then aim for the circling Horsemen and block when they try to ram you. When you knock them off their

horses with your bow, charge at them with your sword to finish them off. If you run out of arrows, look for a corpse that you can pull arrows from.

## BOSS: The Horselord

**Recommended Equipment:** Dragon Sword, Arrows, Art of the Fire Wheels

### Attacks to Expect

**A. Various Slashes**—All of the Horselord's slashes can be blocked, so keep your guard up when you're not sure where he is.  
**B. Horse Charge**—The Horselord may attempt to ram you with his horse. When you block this attack, the horse will jump up on its hind legs and be vulnerable to a counterattack.  
**C. 12 Samurai Mages**—Use Reverse Wind to avoid their energy blasts, and wait until you block the Mage's four-hit string before you attack.

The safest way to defeat the Horselord is to remove his Samurai Mages from the picture. It may seem like he has a never-ending supply of Mages, but there are only 12. Position Ryu against the far wall to engage the Mages, and always keep your guard up when not attacking in case the Horselord tries to ram you from off-screen. After blocking the Mages' melee attack, use the Crimson Slash (X, X, X) to kill them in one combo, then collect the Blue Essence they leave behind. When all 12 Mages are dead, you'll have no trouble with the Horselord. Hold Right Trigger to guard against his attacks and retaliate with your sword, or shoot him in the back with your arrows when he passes. When you have defeated him, grab the Technique Scroll and exit through the door.

**3) Power Station**—Go back up the elevator and enter the first door on your left. Hit the save point and keep going straight until you reach the Middle Cabin. Go to the end of the cabin and turn the crank on the right wall to lower the cargo door. Move to the end of the cargo door and jump

on the pole hanging on the right side. Shimmy across to the other side and head for the back of the ship. Look around to right side of the door to find a cracked window, then break through it to slice and dice the power station.

**4) Moving On Up**—Backtrack all the way to the save point at the bottom of the spiral staircase. Save your game and venture up the stairs. Head for the Crew Compartment and up the stairs on the end, then battle your way through the two levels of the Gas Compartment Passageway to reach the ladder to the Upper Deck. At the base of the ladder, use Flying Bird Flips to reach a passageway that leads to the hatch lock. Turn the lock off and climb the ladder to reach the next boss (you might want to return to a save point before going up).

## Chapter 4: Imperial City Infiltration

**1) Military Gate**—Use the save point at the start of the level to record your progress and pull out the Airship Captain's map of Tairon to find out where you are (I'll be referencing landmark points displayed on the map). Make your way down to the Twin Serpents Plaza and hang a left over to the Military Gate. Run along the left wall in the Military Gate area to discover a corpse containing an important Technique Scroll, Guillotine Throw. Move south to clear the enemies and proceed through the southern door labeled with an orange circle. Travel to the end of the alleyway (passing the left turn-off) and go right to collect the Stone Tablet (Top).

**2) Clock Tower Plaza**—Unlock the gate in front of you for future use, then turn around and backtrack down the same alley you came from. Take your first right and follow the narrow alleyway down to the two sets of stairs. Drop down to the street and venture right. Open the large door with the two yellow circles imprinted; it will lead to Clock Tower Plaza. Go straight down the street and look right when it forks. Here you'll find a corpse with some Nunchaku for you. Come back up the street and take a left. Enter the stairwell on your right to find a Spirit of the Devils, then continue down the street and enter Muramasa's shop to stock up on supplies. Exit left and open the door with the five green emeralds by pulling the lever on the right.

**3) Great Bridge Square**—Go straight down and head up the stairs on the left side of the street. Once Ryu turns the left corner, he will be attacked by black ninjas. Silence them and go into the dead end on your left. Use repeated Flying Bird Flips to reach the top of the building. Jump over the building gaps (Wall Run the right side for the second jump) and obtain Suke's Diary from the corpse. Continue down the path to its end; you will discover a lever to unlock the door below you.

## Chapter 5: The City of Fiends

**1) Han's Bar Rooftop**—Collect the Lily Key on the rooftop and save your progress. Fight through Han's Bar while collecting various elixirs hidden along the way. A welcoming crew will greet you as you exit the front door; introduce them to your swift blade and be sure to use the save point on your left when you're finished mingling. Travel up Pleasure Street and exit through the door. Now go straight and enter through the door marked with two yellow circles. Follow the right wall and use the Lily Key to unlock the door with the Lily symbol.

**2) Key of Pegasus**—Follow the walkway down to a dead end, then use the continuous wall-running technique (as you did to obtain the Windmill Shuriken) to reach the upper level on the left. Wall Run on the right wall, then jump to the center wall and Wall Run on the center wall to jump on the upper ledge. Follow the winding tunnel to the door marked by three red circles. Turn to your right and take the stairway up to Drawbridge Square. Enter the door marked by a blue circle and travel up the path to collect the Key of Pegasus inside the chest on the left side of the path.

## BOSS: Machine Head

**Recommended equipment:** Level 2 Dragon Sword, Armet of the Sun

### Attacks to Expect

**A. Charge Blast Shots (far)**—When Ryu is at a distance, Machine Head will charge his cannon and let loose unblockable blasts that can give Ryu quite a shock. To dodge them, move toward Machine Head in a zig-zag dash while jumping and using Reverse Wind.

**B. Blaster Swipe (close)**—When you get close, Machine Head will attempt to swipe at you with his cannon. Block this attack or use the Reverse Wind to avoid it. Be careful, as an unblockable Shocker Grab will always follow.

**C. Shocker Grab**—If you stay too close, Machine Head will hold Ryu and electrocute him before blasting him away with a point-blank shot from his charge cannon. This attack can't be blocked, but it can be avoided with the Reverse Wind.

There is an extremely easy pattern for beating Machine Head, but it requires a Level 2 Dragon Sword. (Good thing you bought that upgrade, right?) Dart at him immediately as the fight begins; when you see Machine Head charge his cannon, jump toward him and do a Flying Swallow. When you land behind him, hold the Block button and do a Reverse Wind away from Machine Head (toward the camera) to distance yourself. Stand still and wait for Machine Head to charge his cannon again so you can repeat the process. With this simple pattern, you'll lay him down in no time.

**4) Pleasure Street**—Drop down and enter the door to Pleasure Street, then follow the street to Han's Bar. The door bouncer will inform you that you need a ticket to go inside. Inspect the poster to the right of the door of Han's Bar to learn how to get a free ticket. Check yourself at the save point and head on back to Muramasa's shop.

**5) Windmill Shuriken/Ticket to Han's Bar**—As you try to leave Han's Bar, a Kunai Scroll appears, letting you know about a special weapon hidden in the alley. To reach the ledge where the weapon is hidden, Wall Run across the building and jump to the next corner of the building.

Wall Run on the next building and jump again, then once more for the third building. Use the horizontal blue strips on the building as a pathway to guide you. Once you obtain the Windmill Shuriken from the ledge, continue back to Muramasa's shop in Clock Tower Square. Buy anything from his shop to get a ticket (arrows are cheapest), then go back to Han's Bar to meet your beautiful new friend!

**3) Dworku**—Backtrack down to the Moat Road tunnel and use the Pegasus Key to unlock the gate. Pull the lever to lower the drawbridge, then return to Drawbridge Square. Cross the drawbridge into Dworku and use the save point at the end of the road. Take the northern path that leads to Monastery Plaza. Clear out the small force there and advance to the Monastery Annex.

## BOSS: Tentacle Fiend

**Recommended Equipment:** Level 2 Dragon Sword, Art of the Fire Wheels, Armet of the Sun

### Attacks to Expect

**A. Tentacle Swipe**—The boss' basic attack is a circular sweep with either of his long tentacles. He will swipe along the ground one way, then swing the tentacle back the other way. These attacks can be blocked, but you may be momentarily stunned after blocking the

first swipe, which will leave you vulnerable for the return swipe.

**B. Tentacle Grab**—This attack looks exactly like the regular Tentacle Swipe, but it's unblockable and causes a ton of damage. The Tentacle Fiend will grab Ryu by the feet and bash him into the ground a few times before throwing him off into the distance.

**C. Acid Discharge**—After substantially injuring the Tentacle Fiend, it will begin to eject acid from its head. If you stay close to the Fiend like you should, this will not affect you at all.

This is one of the easiest bosses in the game. Get close to the body and attack the base of his tentacles. Use the Flying Swallow to strike the tentacles safely. Once both of his tentacles are severed, his body will be vulnerable to attack. Keep hacking away until his tentacles grow back. Now return to the tentacles and sever them again. Repeat this pattern until the Tentacle Fiend is just a sad pile of goo.

## Chapter 6: The Monastery

the Archive of enemies to unlock the security gate and collect the goodies from the display cases. Equip your Incendiary Shuriken and blow away the cracked wall on the third floor of the Archive room.

Exit the Monk's Room and drop down to the bottom floor. Approach the Altar and use the Book of Eons to reveal a secret passage.

the floor. Use the Helmet Splitter (jump straight up with Y) to activate the switch. Travel down the new path to the Ritual Room. Don't forget to pick up the Vigorian Flail on the right side of the path. Clear the Ritual Room (take out the Archers first) to escape with the Holy Grail. You must now travel back up the Cemetery. Reach the save point and save your game, then keep heading on up until you reach a gated door. Go through it; to your left you should see an altar between the two gates. Place the Holy Grail in the altar and prepare to fight!

## Chapter 7: Hidden Underground

as stock up on supplies. Collect the map of the Hidden Underground and save. Move on into the Chamber of the Blue Eye after falling off the suspension bridge. Equip your bow and shoot the glowing red eye on the wall to reveal a blue path.

the blue eye at the end of the path. Now move on to the Chamber of the Red Eye. Cross the path while avoiding the bed spikes and the mace pendulums to activate the red eye on the other side.

**1) Dworku Monastery**—Make your way through the Monastery Annex and visit the store at the end to stock up on supplies. Move on to the courtyard and grab the Monastery map from the corpse, then save your game and enter the Dworku Monastery. Now venture into the Archive on the right. Clear

**2) Monk's Room**—Creep along the rafters of the Alter Hall to reach the Monk's Room. Grab the Raptor (the Deity of Sentiment statue) just to the right of the desk. Now go to the wall-mounted safe and enter the following combination to get the Book of Eons: Turn left to number 2, right to number 7, pause, turn right to number 1, then left to number 2. Exit the Monk's Room and drop down to the bottom floor. Approach the Altar and use the Book of Eons to reveal a secret passage.

**3) Underground Cemetery**—Take the Cemetery map from the chest, restock on the Incendiaries from the corpse and save your game. Use the Incendiary Shuriken on the cracked wall and run for your life! Use the wall run technique to clear the spike traps.

Once you're clear from the boulder dash, save your game and advance into the depths. (Be sure not to fall in the center or your game will be over with no Talisman protection!) Use your map and journey all the way down as far as you can until you reach the large circular room with a giant switch embedded on

**1) Chamber of the Blue Eye/Red Eye**—Head through the passageway leading down and follow it to the depths where the bones of the Skeleton Dragon lie. Enter the newly-discovered Egyptian Underground and visit the store to upgrade your Dragon Sword and Vigorian Flail as well

Now make your way across the blue path while dodging the mace pendulums. The blue path will only last a short while, so be quick. If the pendulums keep knocking you off, you can slow them down by shooting an arrow into the red eye at the top of the mace. Use the Wall Run over the last gap and hit the blue eye at the end of the path. Now move on to the Chamber of the Red Eye. Cross the path while avoiding the bed spikes and the mace pendulums to activate the red eye on the other side.

**2) Tentacle Fiend**—Exit the Red Eye Chamber and enter the door that you just unlocked to encounter another Tentacle Fiend. Use the same methods as you did in Chapter 5 to defeat this foe with ease.

## BOSS: Dinosaur Bones

**Recommended equipment:** Level 2 Dragon Sword, Windmill Shuriken, Art of the Inferno, Armlet of the Sun

### Attacks to Expect

**A. Tail Sweep (unblockable)**—When the dinosaur switches positions around the backside, he will swing his tail along the ground. This can't be blocked, but you can jump the tail to avoid damage. You'll have to jump twice, since he will make another pass immediately after the first.

**B. Bone Spears**—The Dino will release bone spears that float above his body for a moment before darting toward Ryu. They can be blocked or easily avoided by Reverse Wind.

**C. Claw Swipe**—When you see the Dinosaur's claw rise from the

ledge, he might be going for a Claw Swipe. This attack can't be blocked, so retreat to be safe from danger.

**D. Chomp!**—The boss' worst attack is his bite. If he manages to get a mouthful, you can kiss one of your Talismans goodbye. The cue for this attack is when he recoils his neck in order to lunge at you. Avoid this by running all the way to one side of the screen and staying there until he retracts his head.

The only way to inflict damage here is to slice up each one of his claws that are laid out in front of you. There are two ways to do this. The quick way is to use quick combos and Flying Swallows with your Dragon Sword while avoiding the attacks listed above. The safe way is to use your Windmill Shuriken from the corner of the screen to peck away at the Dinosaur's health. If you choose the safe method, the only things you have to look out for are the Bone Spears and the Tail Sweeps.

Leave the chamber and immediately look to your right. Use Flying Bird Flips inside the small wall gap to reach the top. Take the path down to the Chamber of Everlasting Sleep while collecting goodies on the way.

### 3) Chamber of Everlasting Sleep

Upon entering the Chamber, walk onto the ledge left of the stairs. Use the Wall Run to make it to the platform just to the left of the sarcophagus. If you miss the platform, use the switch on the right side of the stairs to lower the sarcophagus and try again.

Examine the sarcophagus twice to claim the Wolf (Deity of Wisdom) and the Skull Key. Use the Skull Key on the gate to your right and enjoy the water ride. Take the underwater elevator up to the Monk's Room. Exit the Monk's Room and drop down to the Altar Hall.

## BOSS: Alma

**Recommended equipment:** Level 3 Dragon Sword, Bow, Art of the Inferno, Armlet of the Moon

### Attacks to Expect

**A. Roundhouse Kick to Throw**—When Ryu is close, Alma will sometimes throw out a high roundhouse that leads to a slam grab. This attack can't be blocked, so avoid it with the Reverse Wind, get a few hits in, then get back out of range.

**B. Purple Energy Blasts**—Alma will surround herself with purple flames and fire them at Ryu. Avoid them with constant movement, strafe jumping and Reverse Wind techniques.

**C. Pillar Throw**—Alma will rip apart the pillars from the Altar Hall and use them as projectiles. Dodge left

and right when you see the pillars floating just behind her.  
**D. Bubble Grab (unblockable)**—Alma will cry out and radiate the ground below her. Move away from this area by jumping and using Reverse Wind. If you get stuck in her energy field, you'll take tremendous damage.

The key to winning this fight is to use your zoning skills effectively. Distance yourself just far enough so that when you see Alma charge an attack (ripping pillars from the Altar or charging the purple flames), you can immediately jump toward her and execute a Flying Swallow attack. This will knock her from the sky and stun her for additional attacks on the ground. After she recovers, distance yourself the same way you did before. Wait for her to charge and nail her with another Flying Swallow to repeat the process. You can also use the Art of the Inferno for the same stunning effect if you have trouble landing the Flying Swallow. Keep an eye on your health and make sure that it doesn't fall below 33% or you might die from the next mistake.

## Chapter 8: Tairon Under Alert

**1) Journey to the Military Gate**—Go back into the Monastery and grab Rachel's War Hammer from the ruins, then come back out and save your game. Make your way toward the drawbridge to exit Dworku and enter Tairon. Use the War Hammer to clobber the cracked wall block-

ing your path, remove the bolt from the gate and head right, toward the Military Gate. Use the Skull Key to unlock the gate on the left just before the door leading to the Military Gate (orange circle). Use the Flying Bird Flip to bounce off the wall and onto the abandoned building ledge. Reach the third floor and exchange your bow for the Strongbow.

**2) Military Gate Standoff**—After getting the Strongbow, proceed to the Military Gate. As soon as you enter, move to the right and take cover from the machine gun fire behind the brick wall. Arm your Strongbow and take out the left gunner first, then the right.

on the lookout for them. Eventually, the helicopter will fly off to prepare for another attack. This is your cue to loot the corpse and restock your arrows. Now take aim at the open window on the third floor across from the gate and snipe the RPG (Rocket-Propelled Grenade) Soldier.

Head through the gate with the orange circle and go back up to the third floor of the abandoned building where you obtained the Strongbow. Take aim through the window and nail the green switch across the way. The base is now open for business!

## Chapter 9: The Military Supply Base

**1) Inside the Warehouse**—Follow the long road toward the Supply Base. Clear out the small army guarding the entrance and collect the Warehouse Key to enter the dark warehouse. Travel up the stairway in front of you and take it to the third floor, using your Windmill Shuriken to

destroy the nearby heli-guards. Flip the switch on the third floor walkway to turn on the power, then go to the end of the third floor walkway to activate one of the cranes. Drop down to the first floor, head for the crane that isn't activated and hit the switch beneath it to activate it. Go back up to the second-level walkway and use the cranes and the train to hop across the warehouse to the walkway on the other side. Proceed up the walkway to the small office and collect the Shutter Control Card Key and the Map of the Military Supply Base. Drop back to ground level and use the card on the shutter to move on.

**2) Tank Battle**—When you venture into the dirt yard, you will be attacked by two tanks. Equip your Explosive Arrows to take out the machine gunner first. When he is down, switch to APFSDS Cores and shoot at the body of the tank. After a short period, a soldier will rise from the tank to man the machine gun again. When this happens, switch back to your Explosive Arrows and kill him. Now switch back to your APFSDS Cores and finish off the tank. After the first tank is toast, another tank will rush out of the garage. Repeat the process to eliminate the second tank. Take the elevator up to the

Overpass and prepare for another helicopter visit.

**3) Helicopter Battle**—Arm your bow with APFSDS arrows and fire away. Don't worry about dodging or blocking machine gun fire, just keep shooting. When you see missiles approaching you, exit the manual aim mode and prepare for some evasive maneuvers. Use a combination of the Reverse Wind

and strafe jumping at the very moment the missiles are about to hit; this will keep the last few missiles from tracking you.

**4) Communications Tower**—After fighting with the Military's best, you will finally reach your destination: the Communications Tower. Arm your bow with Explosive Arrows and take aim at the tower above; it will be guarded by soldiers armed with RPGs, but this is not your main concern.

Look for the nine white satellite dishes that are spaced out, three by three, on the tower. Target and destroy all nine dishes while avoiding incoming rockets. If you run out of arrows, look for some more in the right corner. Proceed through the door and head toward the control room. Kill the three RPG soldiers to obtain the Control Room Key. Unlock the control room and pull the nearby lever to hijack the train.

## Chapter 10: The Aquaduct

into the Hall of Balance. Stand on the platform to the left of the statue and run straight up the wall to grab the ledge. Shimmy across the ledge to reach the nook containing the Key of the Insect. Leave the Hall of Balance and jump back up to Aquaduct B2. Go right and enter through the door. Now go right again and use the Key of the Insect to unlock the door.

and return to the right side to repeat. When the worm stares at Ryu for a few seconds, be ready to use the Reverse Wind to dodge an electric projectile.

Flying Bird Flips to reach the top of the room. Use the Red Tablet with the Red Switch to drain the water. Now make your way back up to Aquaduct B2. Take the left path heading to the bottom of the Red Water Reservoir. Take the Statue of the Water Spirit from the reservoir and backtrack down to Aquaduct B3. Travel down the left path and take your first right toward the Underground Waterway. Use the Water Spirit to unlock the door and move on.

to the other one. Continue on through the caves and climb up to Stairstep Cavern. Fight through the cavern to the Waterway Altar. Collect the Blue Tablet of the Stream and exit back the way you came. Drop down to the bottom and take the right path back to the Aquaduct. Use the Incendiary Shuriken on the cracked wall. Make your way back up the opening with Flying Bird Flips. Tread back up to Aquaduct B2 and head for the Blue Water Reservoir. Use the Blue Tablet to drain the water and enter the door on the bottom.

**1) Key of the Insect**—Exit the train wreckage and enter the Aquaduct through the manhole. Follow the sewer down until the path forks. Grab the Aquaduct map from the corpse to your right, then turn around. Move forward and take your first right to Aquaduct B3. Now go straight

**2) Electric Worm**—Here's an easy pattern to use on this miniboss: Stand against the right wall while holding Block; this will trigger the worm to do a sweep attack. Just as you block the attack, do a Reverse Wind toward the worm to cancel the "stun" animation. Get in a quick combo and return to the right side to repeat. When the worm stares at Ryu for a few seconds, be ready to use the Reverse Wind to dodge an electric projectile.

**3) Red Tablet of the Stream**—Take the Art of the Inazuma and travel up the wet path. Reach the top of the Hall of Balance to retrieve the Red Tablet of the Stream, then drop down to the bottom and exit the hall. Save your game and take the right path to the Red Water Reservoir. Use

**4) Blue Tablet of the Stream**—Fall down the long shaft and take the right cave toward Worm Cavern; you will encounter two Electric Worms. Guard against the left side of the screen and use the same strategy as before. Concentrate on killing the left worm before moving on

**5) Underground Sanctuary**—When you reach the Hall of Balance, drop down and take the door leading to the Peristyle Passage. Use Flying Bird Flips at the base of the Goddess statue to unlock the door leading to the sanctuary.

Once in the sanctuary, go into the room on the left. Use the continuous wall-running technique to reach the second floor. Now use your bow to strike the red eye across the way; this will lower a sign that Ryu can use to Wall Run to the other side.

Climb up the stairs and head around the hole until you reach a dead end. Jump from here to grab on to the branch. Swing to the other side and obtain the Brand of Valor. Place the Brand of Valor in the middle of the first floor and prepare yourself.

### BOSS: Bone Demon Fiend

**Recommended Equipment:** Level 3 Dabilahro, Art of the Ice Storm, Armlet of the Sun

#### Attacks to Expect

**A. Freakin' Laser Beam**—This attack is easy to see coming, which makes it easy to avoid. The actual laser will not hurt Ryu, only the fire trail that follows. He will either do a horizontal sweep or a straight-on beam; see which one he does and move out of the way.

**B. Stampede**—The demon will run across the room from one side to another. The best way to avoid this is to stay out of the center path of the sanctuary.

**C. Stomp**—While attacking up close, the demon will fly up and stomp down on the floor. Reverse

Wind away from his leg when he starts to lift off.

**D. Bite**—This demon has an appetite for ninja only. Stay away from the creature's face to avoid this deadly attack.

Approach the demon while carefully avoiding the lasers. Position Ryu to the side of the demon and start hacking away at his legs, using the Art of the Ice Storm to deplete his energy. When enough damage has been inflicted, the Demon will lower his head; this is when you really have a chance to score some damage. Move to the front and attack his head until he regains consciousness. Quickly move to the side and return to attacking his legs. Repeat this process until the Fiend expires.

## Chapter 11: The Path to Zarkhan

way. Travel through the pipe to your left into the next open area. Swim to the next tunnel that hooks right and collect the Owl's Eye. Now swim back through the tunnel and enter the code 0971 into the hatch on the right. Swim quickly until you can rise from the water to catch your breath. Climb up on the ledge and grab the Spear Gun from the corpse. Plunge back into the water and continue through the tunnel. Exit the tunnel and enter the next one straight ahead. Rise up from the water when inside the cave and save your game.

**1) Gold Medallion/Spear Gun**—Take the Map of the Moat from the chest and save your game. Dive into the water and swim toward the right gate. Shimmy through the hole in the bottom of the gate and collect the Gold Medallion in the crate. Turn around and backtrack the other

**2) Silver Medallion**—Drop back into the water and venture through the next tunnel. When you reach the next room, make a sharp U-turn to the right and follow the next tunnel to the open area. Swim to the sunken ship through the gap at the bottom of the middle gate. Go into the

shattered hull and obtain the Hand Crank from the chest. Leave the hull and climb up onto the dry part of the ship, then use the Hand Crank to open up an area inside the hull. Dive back into the ship's hull and swim into the newly-opened area to get the Oxygen Cylinder. Exit the hull and leave the Sunken Ship area through the gap in the gate. Swim straight and enter the gated underwater maze to obtain the Silver Medallion.

Now backtrack through the tunnels until you reach the save point in the cave just after the U-turn. Save your game and enter the cave on your right. Place the medallions in the altar to open the door guarded by a "mysterious force."

Head through the new passage and into the dark crevasse. Swim past the bones and enter the cave ahead. Continue swimming until the cave ends and take a right toward the sarcophagus. Reach the sarcophagus and take another right through the gate opening. Now take the underwater path leading to Zarkhan.

## Chapter 12: The Caverns

**1) Platform Puzzle**—Take the Kitetsu from the ground (do not equip it until you have the Armlet of Tranquility), then move into the small room and pull the lever. Return to the arena and jump on the platforms to pull the levers on the wall, starting on the left platform, then the right. Use

the continuous Wall Run technique to reach the platforms above, pulling each lever on the way. When you pull the last lever just past the chest, drop down to the ground and pull the lever in the small room (the first lever you pulled). Come back out to the arena and go to the lever on the left wall where the platform used to be.

Use the continuous Wall Run technique to make it to the platform above. Now jump onto the door ledge and face the arena. Jump toward the platform floating above the arena. At the top of your jump, press X to perform an Air Destruction Slash and gain a little extra air; this is the only

way you'll be able to reach the platform. Now jump onto the next platform, then onto the second-floor balcony. Pull the lever on the second floor to raise the steps in the small room. Fall down to the ground and take the steps in the small room out of the arena.

**2) Ice Cavern**—Fight down the path until you reach a very large door on the right side. Go through the door and head for the Clock Tower to reach Muramasa's shop. Get what you need and head back to the Great Bridge to Zarkhan. Travel down the right path, snag the map of

Zarkhan from the corpse and save. Use your War Hammer on the cracked wall and enter the caverns. Swim under and slide down to the Ice Cavern, then continue to the save point near the pentagon-shaped depression. Fall down to the lower level and press on. Shatter the ice wall with your weapon and take the right path. Now use a downward strike to break the ice and fall down the shaft. Climb up to the ruins and pick up the Shield of Vigor. Make your way back to the save point near the pentagon-shaped depression. Insert the Shield of Vigor into the depression and enter through.

**3) Magma Cavern**—Take the last piece of the Stone Tablet and the collection of Iron Ore on the right side of the room. Jump down the path, collecting the Iron Ore, until you reach a small pool of lava with steam bursting from the walls. Do a vertical Wall Run and grab the gray ledge on the

left. Shimmy across the lava pool while avoiding the steam blasts.

Jump over the gap in Magma Lake to claim two more collections of Iron Ore. Jump back over the gap and go down the right path. Use a downward strike on the switch to raise the platform, then advance across the lava lake. Jump on the first platform and move all the way to the left.

## BOSS: Doku

**Recommended equipment:** Level 3 Dragon Sword, Art of the Inazuma, Armlet of the Sun

### Attacks to Expect

**A. Sword Throw (far)**—Doku will chuck his sword when Ryu is at a distance. Move out of the way by Reverse Wind or simply block his sword.

**B. Shockwave (far)**—When Doku pounds the ground, he will release a shockwave that will

knock Ryu off his feet (you will receive damage if you block it). The best course of action is to jump over the wave and execute a Flying Swallow.

**C. Bad Breath**—During close combat, Doku will take off his face plate and smog the area with his bad breath. This attack is unblockable, but very predictable. When you see Doku reach for his face plate, jump for a chance to attack.

**D. Charge Rush**—Doku will charge up as if he has an ultimate technique just like Ryu. Move out of the way when you see this charge animation; his Charge Rush is unblockable and takes off a huge amount of health.

**E. Life Sucker Grab**—Doku will grab Ryu and jab his sword through him. The sword will suck Ryu's life away and replenish Doku's own health. Avoid this attack by staying out of grab range.

With all of Doku's devastating attacks, you'd think that he would be a tough boss. However, this battle is very easy! The only thing you need to do is jump at Doku and do repeated Flying Swallow attacks. Whether he blocks or takes the hit, Doku will be stunned either way. Just fly back and forth with Flying Swallows and you should be able to level Doku before he even knows what's happening!

Jump to the platform where you claimed the two Iron Ores, then jump onto the other platform to make it to the other side. Visit the shop to stock up, then look to your right. You need a Wall Run along this wall to move on. Collect the Iron Ore in the corner of the room and turn around. You'll see an elevated path in the right corner surrounded by lava. Perform a vertical Wall Run over the lava and grab the ledge. Move to the end of the see-saw bridge to raise the other end, then make a run for it and jump to the opening. Step up to the smelting pot and dump all of your Iron Ore into it. Next up: a very long journey back to where you found the Shield of Vigor to get the Cog of Vigor. Move forward to the save point and save. Take the right path and use a downward strike to break the ice patch on the ground.

**4) Eye of Ice/Eye of Flame**—Ryu will now fall into the chamber of the ferocious Ice Beast. Equip yourself for full offensive mode, then slice and dice the Ice Beast's backside. It will try to punish you with slow attacks, but Ryu's lightning speed will allow you to dodge these attacks with ease.

After the Ice Beast has fallen, grab the Eye of Ice and head out the door. Perform Flying Bird Flips up the chamber and out to the save point near the shield depression. Now head back to the shop at Magma Lake and use the Cog of Vigor on the left door.

Advance through the Flame Path, but use caution when rounding corners. You will eventually discover the lair of the Flame Worm. Stand to the very right of the room and use the same tactics you used against the Electric Worm.

Take the Eye of Flame and progress through the level. Hit the switch on the ground and quickly cross the lava pool by swinging on the outstretched bars, then Wall Run across the gap of the mighty flame. This path will kick you back out to Magma Lake. Take your two eyes and insert them into the door with the stone face.

## Chapter 12: The Caverns

### BOSS: Flame Dragon

**Recommended equipment:** Level 3 Dabilahro, APFSDS Cores, Art of the Inazuma, Armlet of the Sun

#### Attacks to Expect

**A. Sweep Flame**—The dragon will sweep the floor with a constant stream of fire. This is easy to see coming, so time your jumps to fly over the flame.

**B. Sonic Flame Blast**—If you watch the dragon's ears closely, you will sometimes see them flap. When

they do, the dragon will flap his wings and release a Sonic Flame Blast (you will also hear a rushing sound effect, an audio cue). Use

the Reverse Wind with precise timing to avoid taking damage.  
**C. Fireball**—Your basic ball of fire which can be easily sidestepped if anticipated. He will only use this attack if you're on the first floor.  
**D. Kiss of the Dragon**—The dragon will lunge at Ryu with lightning speed and try to swallow him whole. If you get caught by the dragon's bite, jam on the controller buttons to fight your way out of his mouth and take less damage.

The easiest way to slay the dragon is to use the Dabilahro on his face for huge damage. Hit one of the switches on the floor to rise up to the second floor, defending the dragon's attacks as described above. When the dragon's tongue comes out, move toward his head and perform a free combo. Once you get used to the dragon's attack pattern, he will be a pushover.

## Chapter 13: The Fiendish Awakening

**1) Twin Serpents Plaza**—Run down the cave to the dead end and save your progress. Now use the continuous wall-running technique on all four walls to reach the top of the long shaft.

Back in familiar territory, your goal now is to reach the ground level of the Dworku streets by going up through the caves and Aquaducts. Once you reach the streets of Dworku, head on over to the drawbridge to enter Tairon limits. Now travel the final leg of your journey to Twin Serpents Plaza. Insert the three pieces of

the Stone Tablet to activate the warps in the stone circles that are scattered throughout the game.

After you warp to Hayabusa Village, use your map and head for the Graveyard, where you will get the Dragon Eye to max out the attack power of your Dragon Sword. Travel to the end of the Graveyard and enter the portal. Keep entering through the portals until you come to a giant pyramid

underneath a creepy funnel-shaped sky.

## Chapter 14: Vengeful Spirit

**1) Griffon Key**—Exit through the door that was once locked by a "mysterious force." Take this long path down to the portal and fight in the Fiend Realm to obtain the Griffon Key. Now enter the locked door leading to the Labyrinth.

**2) Key of the Lion**—Once in the Labyrinth, go straight down the path (passing the first left) and climb the first set of stairs. Now take the left path and follow it until it separates into high and low ground. Take the high path and follow it around to the chest containing the Key of the Lion. Backtrack down the path and take your first left to the door.

**3) Key of the Lioness**—Take the right path and follow it when it turns left. Follow it again when it turns left and go straight down the long stretch until it forks. Head left and go straight until the path ends. The Key of the Lioness will be waiting for you here. Make your way back down the long path until you see a stairway path to your left and a torch to your right. Take the torch path down and open the Lioness Gate.

### BOSS: Spiritual Doku

**Recommended equipment:** Level 4 Dragon Sword, Art of the Inferno, Armlet of the Sun

#### Attacks to Expect

**A. Gauntlet Throw (far)**—Doku will reach far out with his gauntlet when Ryu is at a distance. This will lead to a hack-and-slash throw if you are caught. Move out of the way by Reverse Wind or by jumping.

### BOSS: Alma (Second Battle)

**Recommended equipment:** Level 4 Dragon Sword, Level 3 Art of the Inferno, Armlet of the Sun

#### Attacks to Expect

**A. Purple Energy Blasts**—Alma will surround herself with purple flames and fire them at Ryu. These can be avoided with constant movement, strafe jumping and the Reverse Wind.

**B. Pillar Throw**—As before, Alma will rip apart the pillars from around the area and use them as projectiles. Get ready to dodge left or right when you see them floating just behind Alma.

**C. Spider Smother**—This is the unblockable throw that every boss character seems to have. Alma will swing her bottom half toward Ryu in an attempt to trap him in her

embrace. She will usually do this while she is on the ground, so if you are in close and you see her legs fly up, use the Reverse Wind to avoid the grab.

The key to this battle is to stay in close. Block her striking attacks and watch out for the Spider Smother throw. Use a combination of multiple Flying Swallows and Azure Dragon/Helmet Splitter combinations to keep Alma busy. If you're having trouble with close combat, take her out from afar with the Art of the Inferno. Either way, you'll send Alma packing once again!

**2) Pyramid**—Use the War Hammer to break down the cracked area of the pyramid and go inside. Travel down the pyramid and take the second door on your left. Now enter the door on your left just past the dead ninja. Remove the Tablet of Water and place it in the empty slot to the

left. When the room is clear, head to the right of the water tablet, through the two opened doors. Go into the room on the right and grab the left tablet (Tablet of Flame). Now go into the other room and insert the Tablet of Flame beside the Tablet of Water. Clear the room of bugs and return to the other room to grab the Tablet of Leaves. Turn around and Grab the Serpent (Deity of Creation), then place the Tablet of Leaves into the empty space on the left.

**B. Sword Combo Attack**—During close combat, Doku will let loose a string of sword swings that destroys Ryu's guard if he blocks. If you guard one attack, you'll be put into "guard stun" and you will eat the next hit. The best course of action is to guard once, then Reverse Wind away from

Doku and come back with a Flying Swallow.

**C. Charge Rush**—As with the previous fight, Doku will charge up as if he is doing an ultimate technique. Move out of the way when you see this charge animation. His Charge Rush is unblockable and takes off lots of health.

**D. Life Sucker Grab**—Again, Doku will grab Ryu and jab his sword through him. The sword will suck away Ryu's life and replenish Doku's. Avoid this attack by staying out of grab range.

Strategy for victory—Doku is a much more powerful adversary this time. His attacks have more range and more power, so going toe-to-toe isn't a good idea. Once again, the best way to beat him is by using multiple Flying Swallows. Since his attacks have longer reach, you must do some evasive maneuvers after each blocked/hit Flying Swallow in order to do another one without taking a hit. The pat-

tern goes like this: Jump toward Doku and do a Flying Swallow. When you land, Reverse Wind away from him and jump in the same direction as you did the Reverse Wind. Now you should be clear from Doku's range and ready to do another Flying Swallow. Repeat this pattern and Doku will drop faster than he did the first time around.

## Chapter 15: The Core

**1) Key of the Decayed Soul—**Save your game and travel around the Core to the Stairway to the Imperial Palace. Open the door and grab the Key of the Decayed Soul from the dead ninja. Now make your way back through the door and go to the Core of the Imperial Palace.

**2) Up the Imperial Palace—**The way the Imperial Palace works is simple—clear the room, put the Deity Statue in the center pedestal and move on up to the next room to do it again. You will repeat this process for four levels until you reach the portal on the top of the palace. The key to clearing the

rooms with ease is to use your Ninpo on the beasts (Ice Storm for the first two floors, Inazuma for the third floor and Inferno for the fourth), then clobber the fish on the stairwells with the Vigoorian Flail to refill your Ki power. When you reach the top, save your game and enter the portal.

**3) Minions of the Devil—**Once you enter the portal, you will run into some familiar faces: the Tentacle Fiend and the Ice Beast. Defeat them as you did before: Equip for offensive striking power and go to town!

### BOSS: Devil

**Recommended equipment:** Level 4 Dragon Sword, Explosive Arrows, Art of the Inazuma, Armet of the Sun

#### Attacks to Expect

**A. Fiend Spawn—**The Devil will spawn small fiends to distract you. Don't waste any time fighting them. If they start piling up, use the Art of the Inazuma to clear them out.

**B. Fireball—**When the Devil is flying and starts to laugh, he will

shoot out some fireballs that obliterate the ground. Listen for the chuckle and use Reverse Wind/strafe jumping to avoid the onslaught.

**C. Ground Pound—**The Devil will fly high up and quickly slam the ground below him. Just be sure that you're not beneath his fist when he comes down.

**D. Spinning Dive Attack—**The Devil will rise to the sky and form his wings into a sharp point in front of him. He will then start to spin and dive to the ground. When you see him fly sky high and transform into a spinning drill, MOVE! After he misses this attack, he will be dazed and vulnerable.

The best way to beat the Devil is to rush him down. Do not give him any room to attack or even to breathe; use constant Flying Swallows and Falling Dragon Blades to deliver damage. Activate the Art of the Inazuma to kill off the fiends while avoiding the Fireballs and the Spinning Dive Attack by watching and listening for the attack cues.

**STRONG RECOMMENDATION:** After obtaining the Deity statue, save your game and head back to Muramasa's for supplies that will help you with your final battles in this chapter. Stock up on Devil Elixirs for spells and projectile weapons including Incendiary Shuriken, Explosive Arrows and APFSDS Cores. Trust me, the long journey to the shop will be well worth it!

### BOSS: Alma (Final Form)

**Recommended equipment:** Any weapon, Level 3 Art of the Inferno

#### Attacks to Expect

**A. Rotating Lasers—**Alma will activate lasers that rotate around her. Go along with the rotation of the lasers in order to avoid them. When you're in the middle of your Inferno casting, you will be invincible to the lasers.

This fight may seem very bizarre, but it's an extremely easy match for you to dominate. Alma has three weak points that take damage: her left arm, right arm and chest. At the start of the battle, activate your Level 3 Art of the Inferno to take off a good 15% of her life, then keep using the Inferno until she is destroyed. It's as simple as that! Be careful not to target a part of Alma that has already been destroyed; if you do, she will not receive damage from your spell. This is why it's a good idea to line up with Alma's front before firing.

### BOSS: Dark Emperor

**Recommended equipment:** Level 4 Dragon Sword, all Arrow types and Incendiary Shuriken, Level 3 Art of the Inazuma or Inferno, Armet of Tranquility

#### Attacks to Expect

**A. Skull Flurry—**The Skulls will detach from the Emperor's body and charge at Ryu all at once. Activate your Art of the Inazuma/Inferno during this attack to destroy all of the skulls that come close.

**B. Horned Skull Chomp—**Toward the end of the Skull Flurry, the horned skull will approach and try to bite. If you get nailed by it, you will definitely be using up one of your Talismans. This is why you'll want to activate your Ninpo during this attack, so you will be invincible.

At the start of the battle, arm your Explosive Arrows and fire away until you see skulls approaching Ryu. When you do, activate your Ninpo to stay invincible during the attack and to cause a little bit of damage to the Dark Emperor. After the Skull Flurry is over, continue on with projectile attacks, going from Explosive Arrows to APFSDS Cores and then to Incendiary Shuriken. To sum it up, use Ninpo when he attacks, and use projectiles when he doesn't.

## Chapter 16: The Dark Dragon Blade

Grab it and keep climbing the cavern. Use the branches to swing across and continue on. Eventually you will make it up to Rachel, who will pull you away from the cavern before it is enveloped in flame.

**1) Climb the Cavern—**Head over to the save point and record your progress. Now move on and start climbing the cavern. Don't waste any time, because if you take too long climbing the cavern, the game will cut to a cinematic of Ryu falling to his death. About halfway up you will come across the Dark Dragon Blade.

## Chapter 16: The Dark Dragon Blade

### BOSS: Dark Murai

**Recommended Equipment:** Level 4 Dragon Sword, Armlet of the Sun

#### Attacks to Expect

You don't need to look out for any attacks, because Dark Murai will be too busy getting hit by the Flying Swallow!

**Strategy for victory:** After all that hard work, all those tough bosses you endured and all the pain you've been through, you'd think that the final boss battle would be a near-impossible match. This couldn't be further from the truth. All you need to do is perform repeated Flying Swallows. That's it! One Flying Swallow will stun Dark Murai, leaving him open for another Flying Swallow attack which will damage him. Repeat this process to easily defeat the last boss, then sit back and enjoy the ending!

## NINJA GAIDEN SECRETS

### Blue Ninja Costume

Hold Left Trigger + Right Trigger when selecting "New Game" from the main menu; this will allow Ryu to keep the blue ninja costume throughout the entire game.

### New Costume

After you beat the game, you will unlock a new costume. Hold down Left Trigger when selecting "New Game" from the main menu to use this costume.

### Classic Ninja Gaiden Games

All three classic *Ninja Gaiden* games can be unlocked for play on your Xbox if you accomplish certain goals. These are actually the Super NES versions of *Ninja Gaiden I*, *II* and *III*, with the enhanced soundtracks and password systems of the *Ninja Gaiden Trilogy* collection.

### Successive Play

After you beat the game and save your progress, loading that saved game will start a new game in Successive Play mode, which allows you to keep the Golden Scarabs that you have collected the first time through and use them in the new game beginning from Chapter 1.

### Hidden Weapon: The Dark Dragon Blade

After you beat the game, this secret weapon can be found in the Hayabusa Ninja Village storehouse in Chapter 13 during the second time you play through.

To unlock the classic *Ninja Gaiden* game, collect 50 Golden Scarabs and trade them in at Muramasa's shop.

To unlock *Ninja Gaiden II*, you must have the original *Ninja Gaiden* in your inventory. In Chapter 4 or later, shoot an arrow at the face of the Clock Tower from the platform above the door that leads to Pleasure Street and Han's Bar. A treasure chest containing *Ninja Gaiden II* will appear on the roof of the building that houses the Clock Tower.

To unlock *Ninja Gaiden III*, you must have *Ninja Gaiden II* in your inventory. At the Peristyle Passage in the Aqueduct, the *Ninja Gaiden III* disc can be found on top of the pillar that previously held a Golden Scarab.

To play the classic *Ninja Gaiden* games after collecting any of the discs, access the arcade machine on the first floor of Han's Bar in Tairon with the appropriate *Ninja Gaiden* game disc in your inventory. When you finish the game with any of the *Ninja Gaiden* discs in your inventory, a "Classic *Ninja Gaiden*" option will also be added to the main menu, allowing you to play the classic game(s) you've unlocked at any time.

# METROID

## ZERO MISSION

by Jason Wilson

**M**etroid: Zero Mission combines the best elements of the original *Metroid*, *Metroid II: The Return of Samus*, *Super Metroid* and *Metroid Fusion*, and the result is a *Metroid* fanatic's dream come true. The basic gameplay has not changed much since the original *Metroid* was released for the NES in 1987. The larger-than-life bosses from *Super Metroid* are present, with some of the most impressive graphics ever created on the Game Boy Advance. Kraid, Ridley and the Mother Brain have also returned in this "prequel" to the series, giving a bit of insight into the history of the planet Zebes and Samus herself. This strategy guide will give you specific hints and expert analysis on how to defeat the bosses; I'll also explain how to obtain some of the harder items in order to complete your mission and reveal the location of every item and weapon in the game!

### ITEMS

**Missile Tanks**  
Used to unlock red hatches; more powerful than Samus' default beam

**Super Missile Tanks**  
Used to unlock green hatches and destroy powerful enemies (one shot from a Super Missile will destroy the foe you must defeat to obtain the Charge Beam)

**Energy Tanks**  
Increase Samus' maximum life force; there are 12 of them hidden throughout the game

**Bombs**  
Allow you to blow up enemies and reveal hidden areas

**Power Bombs**  
Bombs with a wide blast radius that damage all enemies and reveal hidden blocks within the blast area; also unlock yellow hatches

**Morph Ball**  
Double-tap **Down** to take ball form and gain access to narrow passageways

**Charge Beam**  
A fully-charged beam has the power of a missile shot; while charged, you can plow through enemies by jumping into them (similar to the Screw Attack)

**Long Beam**  
Allows you to fire long-distance shots

**Ice Beam**  
Freezes enemies in place, allowing you to use them as stepping stones to higher areas

**Wave Beam**  
Increases the width of your beam blast and allows you to fire through walls, revealing any hidden blocks within. The Wave Beam tells all...

**Unknown Item #1 (Plasma Beam)**  
After obtaining Samus' new Power Suit, you can use this beam to plow through multiple enemies and continue down its path

**Unknown Item #2 (Space Jump)**  
Allows you to somersault continually in the air

**Unknown Item #3 (Power Suit)**  
Reduces damage from foes, enables free movement in water and stops lava damage

**Power Grip**  
Allows you to grab onto and hang from ledges and corners

**Hi-Jump Boots**  
Increases maximum jump height and adds morph ball jumping capabilities

**Speed Booster**  
Allows you to run until you begin to break certain blocks and damage enemies

**Varia Suit**  
Decreases damage taken from enemies; prevents damage from acid and heat

**Screw Attack**  
Allows you to damage enemies while somersaulting

### RECHARGE TECHNIQUE

This special ability allows Samus to reach certain special items that normally would not be obtainable. If you don't learn this technique, you will not be able to finish the game with 100% item completion. The Recharge Technique is basically a way for you to retain the properties of the shoulder charge almost indefinitely, even over long distances and areas where you are not normally able to activate a shoulder charge. Start by running and activating your Speed Boost, then press **Down** to charge your shoulder charge. Next, perform a shoulder charge into any inclining surface such as a slope or ramp

(going up). Once Samus hits the slope, she will continue to run at full speed as if she had just started another Speed Boost. You will then be able to press **Down** once again to activate another shoulder charge, and the time that you have in which to perform the move will be reset. If you repeat this technique any time you come to another upward ramp or inclined surface, you can basically Speed Boost continuously through large areas. Using this technique will even allow you to retain your shoulder charge while moving through separate rooms, which can help you to reach areas that are normally inaccessible.

# ENDINGS

*Metroid: Zero Mission* has a whopping eight different endings, each with different "eye candy" to reward your playing skills. They are achieved by meeting the following criteria:

- 1) Finish the game with 100% item completion in under two hours at Hard difficulty.
- 2) Finish the game with 100% item completion in under two hours at Normal difficulty
- 3) Finish the game with 100% item completion in over two hours at Normal or Hard difficulty
- 4) Finish the game with 15% item completion with any time at Normal difficulty
- 5) Finish the game with 15% item completion with any time at Hard difficulty
- 6) Finish the game in under two hours playing at Normal or Hard difficulty
- 7) Finish the game between two and four hours at Normal or Hard difficulty
- 8) Finish the game with any time over four hours at any difficulty setting

## Tips for finishing the game with 15% items:

- Samus is required to pick up nine mandatory items during her quest, leaving a maximum of six additional items she can pick up. Since you can technically finish the game without obtaining any Power Bombs, your best bets for the six additional items are three Energy Tanks, two Super Missile Tanks and the Long Beam. Check out the maps on the following pages in order to plot the best path without picking up any additional extras along the way.

Here are some tips for finishing the game in under two hours with 100% items:

- Use Samus' Speed Boost through areas as frequently as you can, and combine it with her Shoulder Charge and blasting technique in order to plow through as many sections as possible.

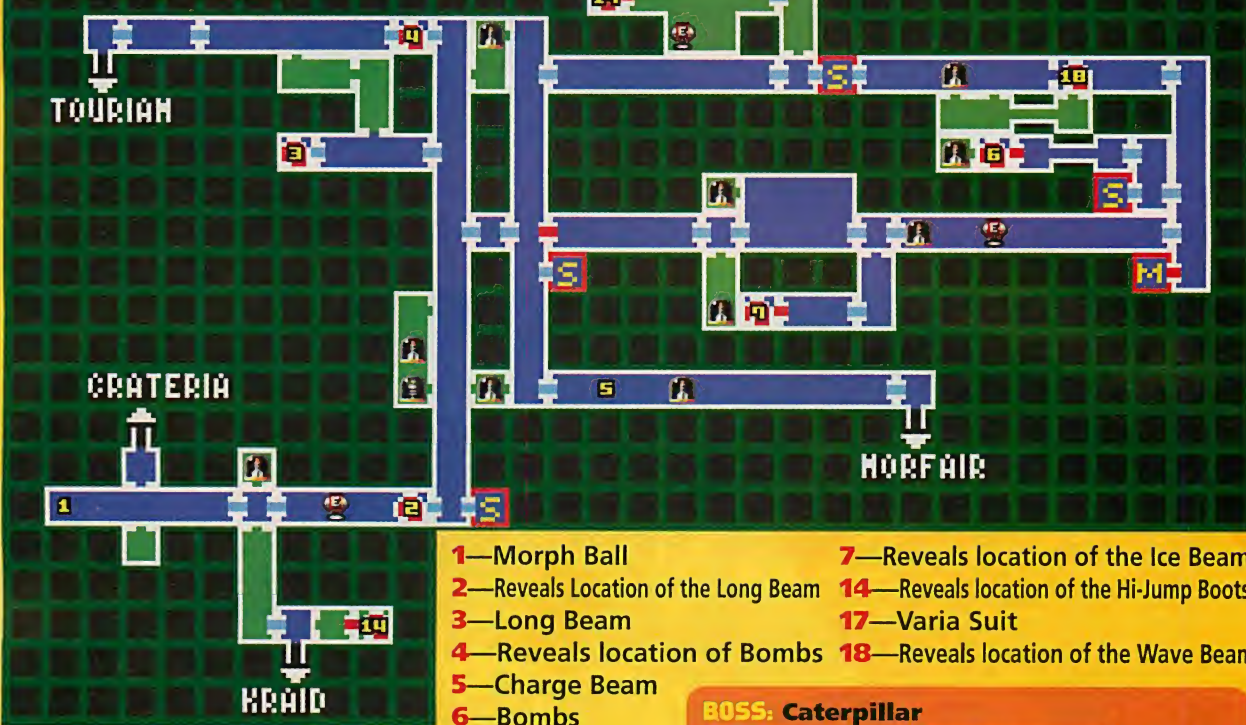

- Stay in Morph Ball form! When dropping down large shafts and cutting through obstacles, assume that you will need to use Bombs to break through areas. Samus is more susceptible to delays when she is not in Morph Ball form.

- Use the Save Rooms. While it does take some extra time to access these areas, saving your progress does put Samus in position to be able to access all data from this area if she happens to fail her mission and you have to start from your last saved point. This is crucial when you're trying to obtain tough items such as the Super Missile in Brinstar and the last Energy Tank before you take on the Ridley robot.

# BRINSTAR

## TROUBLE SPOT: Super Missile

Blast off through the door in Morph Ball form and use the Recharge Technique in the next room. Use Bombs to blast the sections in the floor, then jump up and blast off to the left again going through one more section until you reach the Super Missile Tank.

The only Super Missile Tank in Brinstar is quite challenging to obtain. Three screens to the right of the Super Missile Tank's location, begin to run left from the lower right corridor. Perform the Recharge Technique at the ramp and shoot the door to your left.

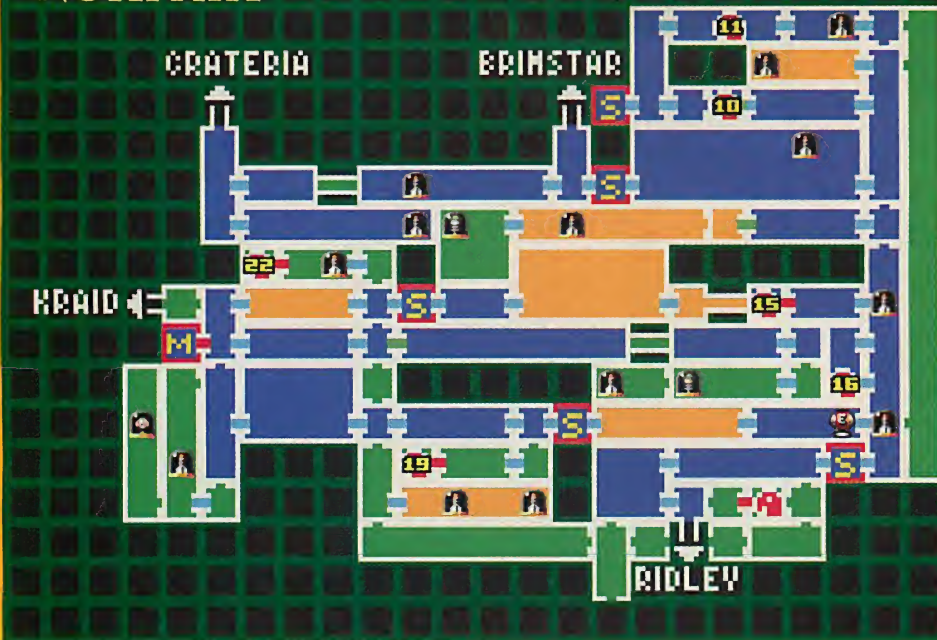

## BOSS: Caterpillar

Finishing off this beast with three Missiles or one Super Missile when his eye is open will reward you with the Charge Beam. If you don't defeat the Caterpillar in the allotted time frame, he will just disappear and block your path the next time you go through the area. Roll into a ball and stay on the opposite end of the screen to avoid his onslaught of thorns.

# NORFAIR

- 10—Ice Beam
- 11—Reveals location of the Speed Booster
- 15—Hi-Jump Boots
- 16—Reveals location of the Varia Suit
- 19—Wave Beam
- 22—Screw Attack

## BOSS: Imago

Before you can grab the first Super Missile Tank, you will need to take care of Imago first. Use your Charge Beam or Missiles to chase Imago down, shooting his tail as he runs back and forth across the screen.

## BOSS: Acid Worm

Equip your Missiles or Super Missiles and be prepared to jump! When the Acid Worm comes out of the lava, jump onto the pulley on the ceiling and head for the other side of the screen, using whatever missiles you have in your arsenal. Repeat this pattern and jump to the highest possible point in the area when the acid begins to rise; you should have little trouble defeating this beast on the way to Ridley.

# KRAID

- 12—Unknown Item No. 2
- 13—Speed Booster

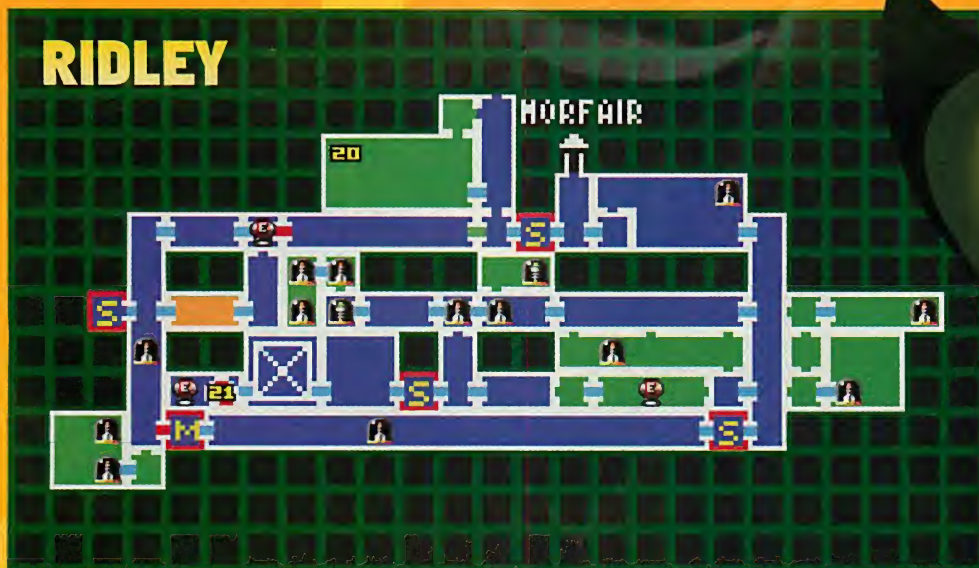

## BOSS: Kraid

This rendition of Kraid is similar to the one found in *Super Metroid* for the Super NES. Hit Kraid in the head and begin an onslaught of Missiles in his mouth. Use Kraid's projectile claws as stepping stones to get back up to the area where you can shoot Missiles in his mouth and defeat the giant beast once and for all.

# RIDLEY

**20**—Location of first Super Missile Tank  
**21**—Unknown Item No. 3

## TROUBLE SPOT: Missiles (Bottom Left Section)

In the bottom left section of Ridley's area to the right of the Map Room, you will find a long pathway at the top of the screen enclosed by a fence. Use your Speed Booster from the right side of this area and run to the left, using the Recharge Technique before you drop to the ground. Jump over the gap in the floor, shoot the blue door and perform a Shoulder

Charge to blast off and head into the next room. Shoot the blue door in the Map Room while sustaining this charge and you will crush the blocks in the area with false lava. After you

reach this point, use your Speed Booster to make your way to the extreme left and use the Recharge Technique before you reach the wall. Press Up to rocket through the wall and head to the right. Go to Morph Ball form and hold the D-pad to the Right so you can grab onto the ledge as you are dropping and jump up to the top portion of the screen. As you drop down the second shaft, grab onto the ledge to your left and use a Missile to knock out the block to your right, then grab onto the ledge and head to the right. If you have a Super Bomb, use it to clear the floor and head to the right-most portion of the screen. Grab the Missile Tank to the left. The middle block on this pathway will disappear, which can cause Samus to drop and begin this madness all over again with one mistake. Be sure to grab the ledge as you are dropping and shoot Missiles upwards in order to break the remaining blocks. Climb up to the top and grab your Missile Tank!

## TROUBLE SPOT: Missiles (Bottom Right Section)

Beginning in the room to the left of the Save Room in the bottom right corner of Ridley's area, perform a Speed Boost

from the left side of the pathway near the ceiling and use the Recharge Technique before you hit the ground. Jump over the ledge and blast your way into the

Save Room. Shoot the door to the right before using your Shoulder Charge to head into the next room, hitting the small ramp before you make it through the door. Recharge before you hit the wall and jump up to the section where you need a Speed Boost and Shoulder Charge to blast through the wall.

Use your Speed Booster again in this area and use the Recharge Technique before you hit the pipe. Change into Morph Ball form, roll under the pipe and

rocket up to the top of the screen. Use a Bomb and immediately begin Space Jumping to the left in order to grab the lone Missile Tank in the left portion of the room. Backtracking out of this area, there will be another Missile Tank located in a room just above you. Use your Speed Booster and Recharge before you hit the wall, lining up to rocket your way through the ceiling. Once reaching this point, use your Speed Booster and immediately break the single block with a Missile while running. After plowing through a section of blocks, jump before you reach a solid wall to cut through the remaining Speed Boost blocks, allowing you to obtain another Missile Tank.

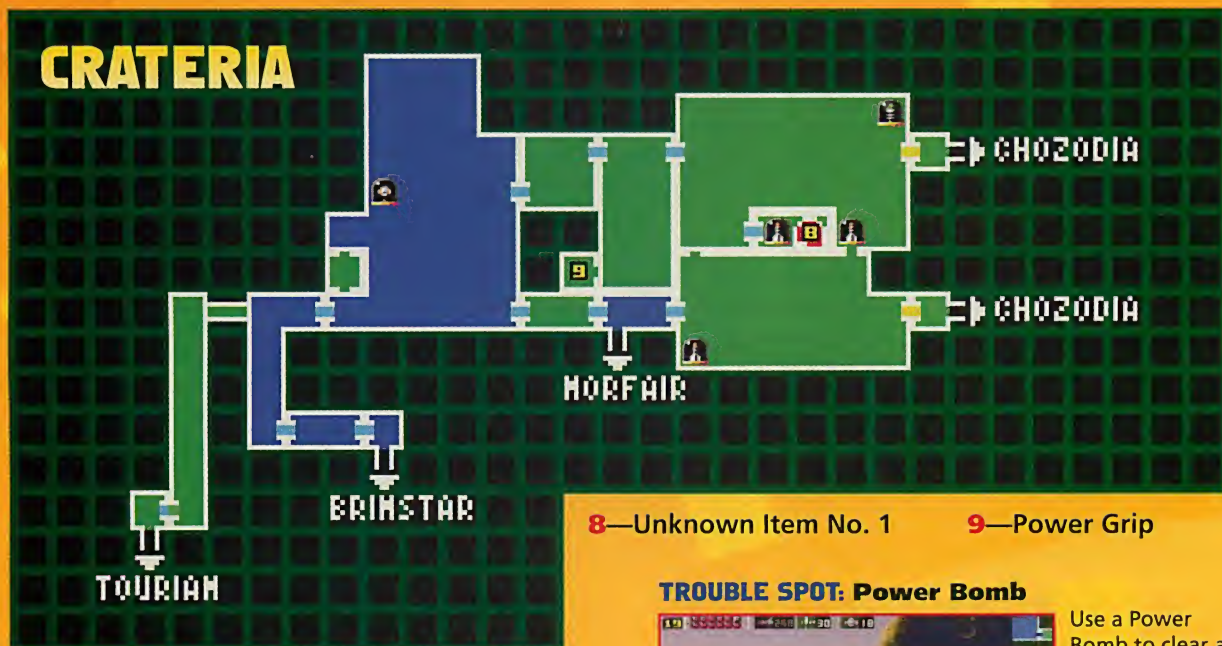

## BOSS: Ridley

Ridley's main attack involves picking up Samus and draining her energy tanks at a rapid rate. Make sure you have already recharged your energy and weapons before you enter this room, then pelt Ridley with Super Missiles in the face. Without a sufficient amount of Super Missiles, Samus really has her work cut out for her. If Ridley tries to smack you with its tail, roll into a ball to avoid it and use your Long Beam to blast at Ridley's fireballs, then repeat the Missile barrage.

# CRATERIA

8—Unknown Item No. 1

9—Power Grip

## TROUBLE SPOT: Missile Tank

Head to the beak of the Chozo where you'll need to use a Power Bomb to open the door to the right. Use your Speed Booster and head back to the beak of the Chozo. Use the Recharge Technique

and drop to the ledge below. Change into Morph Ball form and blast off to the left to smash through some blocks and grab the Missile Tank on the other side of the screen.

## TROUBLE SPOT: Super Missile Tank

Perform the same Recharge Technique on the beak of the Chozo where you were about to drop and blast off to obtain the Missile Tank. Instead of dropping, use your Space Jump to reach a ledge after

performing the Recharge Technique on the Chozo's beak. Use a Shoulder Charge to the right after reaching the ledge to obtain the Super Missile Tank.

## TROUBLE SPOT: Power Bomb

Use a Power Bomb to clear a pathway in an underwater section to the left of the elevator that takes you to Norfair. Head to the rightmost part of this room and use your Speed

Booster to blast your way to the left. Use your Recharge Technique right before you hit the pillar of rocks outside and hop onto the little ledge to

your left. Change into a Morph Ball and blast off diagonally by holding the D-pad diagonally in the Up/Left position to break through a section of blocks. Use another Power Bomb and you'll be able to obtain the prize!

## BOSS: Mother Brain

You'll need to be patient and freeze the rings that are trying to knock Samus into the lava. Crouch down on the lower ledge and hurl a slew of Super Missiles at the mother of all

brains. When the Mother Brain hurls a beam at you, jump up and to the right to avoid it, then continue to fire Missiles at her eye until she is no more. Once you exit the area and head back to Samus' ship, a whole new adventure awaits....

# CRATERIA

# TOURIAN

# CHOZODIA

- 23**—Gravity Suit (combines and allows use of all unknown items)
- 24**—Location of first Power Bomb

## TROUBLE SPOT: Energy Tank 1

Head to the area where you received the Gravity Suit and go to the water area below. You will need to sustain a number of different charges that will ultimately allow you to pick up the Energy Tank that's located completely on the other side of the wall. From the lower left corner of the floor, begin to run towards the right, building up your Speed Booster. Fire diagonally up and to the right to break through the blocks. Kneel down for a split-second, using the Recharge Technique. Jump up and use Samus' shoulder charge toward the left side of the screen. As soon as you are running up the ramp, use the Recharge Technique again and Space Jump onto the next ledge, sustaining your charge on the next ramp as well. Once you're at the top of the room, Recharge at the small incline and blast your way to the top of the right shaft, using the Screw Attack to go through the section of blocks. Drop to the ledge on the left, then dash to the left and Recharge again before you hit the wall. Drop to the small ledge on your right and use your shoulder charge to plow through the wall all the way to the Energy Tank!

## TROUBLE SPOT: Energy Tank 2

Two rooms to the left of the final boss battle, build your Speed Booster and crash through the floor. Use a timed Space Jump method along the bottom portion of the screen. (If you use the Space Jump at the top, barriers will prevent you from progressing.) Keep an eye on the background discoloration from the floor to the laser beams; this displays a general path for you to follow that will lead you to the Energy Tank.

## BOSS: Ridley Robot

Stay near the left side of the screen, using your Space Jump along the wall. Equip your Super Missiles and blast away at the Ridley Robot's glowing midsection. After a few shots, it's time to leave Zebes! Make your way to the escape ship located directly below the Ridley Robot's lair.

# SELECT GAME PREVIEWS

Unlike the preview sections in most game magazines, the purpose of **TIPS & TRICKS**

**TRICKS'** *Select Game Previews* is to show you a bunch of new games that are about to be released so **YOU** can influence the contents of future issues! See that postcard between pages 50 and 51? Rip it out, write down the names of the games you're most interested in and drop it in a mailbox. We'll total up your votes and use the results to determine which games will be featured in upcoming **TIPS & TRICKS** strategy guides!

## GOD OF WAR

Publisher: Sony

In Stores: 1st Quarter 2005

The characters and environments in *God of War* are based on classical Greek mythology. The hero of the game (his final name is still being decided) is an ex-Spartan warrior who kills with merciless efficiency. The fighting mechanics are incredibly versatile; the hero can use his double chain blades to pummel his enemies even while hanging from ropes and climbing sheer cliff faces. He can also chop off the heads of Medusa-like creatures and forcibly tear the wings of Harpies from their bodies. After you administer enough of a beatdown, you'll be given an opportunity to perform a finishing move that involves eviscerating your enemy by pressing a series of buttons that flash on the screen. The hero also has casting abilities, and can use magic as a ranged attack. The gameplay appears to take place entirely in a pyramid constructed by a psychotic architect whose decorating tastes run more to the *Hellraiser's* infamous "Lament Configuration" than Tutankhamen. As you progress, other events will unfold in real-time in the background, such as undead skeleton

warriors engaging in combat and falling off ledges. Advancing through the bizarre structure will test your skills as an action gamer and a puzzle solver... not to mention your ability to perform odious tasks. In one of the game's most disturbing segments, the hero encounters a soldier trapped in a cage who pleads to be released; unfortunately, the only way to progress past that stage is to push him into a fire trap and burn him alive as a sacrifice. As you struggle to force his heavy prison up an incline, you must defend yourself against enemies while enduring the soldier's alternating pleas for his life and wails that you are mad—until you finally shove him into the flames and prove him right. There's still a year of development ahead for this title, but it looks phenomenal already, with beautiful level designs, complex puzzles and moral dilemmas that promise to uplift this action game to the level of Greek tragedy.

## RESIDENT EVIL 4

UPDATE!

Publisher: Capcom

In Stores: November

In the most action-heavy *Resident Evil* title yet, Leon Kennedy walks into a mysterious European village where the townsfolk are busy burning what appear to be corpses. Clearly not dim-witted zombies, the villagers suddenly pick up chainsaws and pitchforks and begin to corner Leon! Veterans of the *Resident Evil* series will be surprised by the new action-oriented camera angle which is placed right behind Leon's back for a semi-first-person-shooter view. The story of *Resident Evil 4* is still being kept a secret, but it seems that Leon will be battling a smarter breed of T-Virus casualties. *Resident Evil 4* is shaping up to be one of the most exciting titles to be released this year, giving GameCube owners plenty of bragging rights in the console wars.

The story of *Resident Evil 4* is still being kept a secret, but it seems that Leon will be battling a smarter breed of T-Virus casualties. *Resident Evil 4* is shaping up to be one of the most exciting titles to be released this year, giving GameCube owners plenty of bragging rights in the console wars.

## KILLZONE

Publisher: Sony

In Stores: 4th Quarter 2004

*Killzone* has been described as a "Halo-killer," a "killer app" and other boasts that include the word "kill." The game is set on a near-future planet similar to Earth, where a civil war rages between two human factions. Gameplay centers around four members of the Earth-loyal ISA faction and their unique combat styles, ranging from Schwarzenegger-level aggression to discreet stealth. Each can hold three different firearms and a projectile weapon; all told, there are over 25 realistically-modeled weapons ranging from knives to

artillery. After you choose a point man to control, he's assisted by efficient computer-controlled allies. With the built-in buddy system and environments clearly inspired by historic real-world battle sites, *Killzone* just might live up to the hype.

## SUIKODEN IV

Publisher: Konami

In Stores: 3rd Quarter 2004

Konami's critically-acclaimed *Suikoden* franchise rolls along this fall with the fourth in a series that began on the original PlayStation. The designers responsible for the deep and complex *Suikoden III* are now joining forces with story and character designer Junko Kawano, who worked on the first title. The advance screen shots look phenomenal, with enhanced lighting effects and highly-detailed character models. There's also a new battle camera which lets you view combat from multiple angles. Combination attacks and team-assisted magic casting are also part of basic battle strategy. The 108 Stars of Destiny are available for recruitment once again, but this time the world is mostly an oceanic environment; no other story details have been announced.

## CATWOMAN

Publisher: EA

In Stores: 2nd Quarter 2004

*Catwoman* is based on the movie starring Halle Berry as the hapless Patience Phillips, who is murdered after uncovering a secret her employers were hiding. After her resurrection by an Egyptian cat, she becomes Catwoman, empowered with strange cat senses and abilities. She has increased speed and agility, a feral side she can unleash with incredible ferocity, night vision and an enhanced sense of smell. She also has a "Sixth Sense" that warns her of danger and predicts the way her enemies will move, sort of like Spider-Man's "Spidey Sense." Her main weapon is a whip that can be used for slicing up bad guys as well as swinging through rafters. Seven different sets from the movie are in the game, while characters from the film also show up as game bosses.

enemies will move, sort of like Spider-Man's "Spidey Sense." Her main weapon is a whip that can be used for slicing up bad guys as well as swinging through rafters. Seven different sets from the movie are in the game, while characters from the film also show up as game bosses.

## PS2 METAL GEAR SOLID 3: SNAKE EATER

Publisher: Konami In Stores: November

**TIPS & TRICKS!** **PICK!** **UPDATE!** Snake Eater adds a new dimension to the classic stealth gameplay of Metal Gear Solid with the use of camouflage outfits and face paint. The game takes place mostly in the wild, forcing Snake to use the surrounding wildlife as cover from patrolling enemies. The effectiveness of your camouflage is indicated by a percentage on the screen. For example, 100% indicates that you are practically invisible—you are wearing the appropriate camo suit and face paint color for your location, plus you are in a still position. If you move, lack face paint or wear a suit that doesn't match the environment, the percentage will go down, making you easier to spot. Set in the 1960s, this game will really have Metal Gear fans scratching their heads when they try to figure out Snake's history!

## XBOX METAL SLUG 3

Publisher: SNK In Stores: May

**TIPS & TRICKS!** **PICK!** After many years of waiting, SNK fans will finally get a chance to play Metal Slug 3 on a home system (other than a NeoGeo) for the first time ever! Not only will the Xbox version include brand new features and new missions (unlockable once you have cleared certain conditions), but it also posts your high scores to the Xbox Live leaderboard so you can see just how good of a slug gunner you are! Players can choose from over 10 exclusive Slug vehicles including the Slug Copter and Elephant Slug, which comes equipped with a trunk-spray weapon! Could this pave the way for Metal Slug 4 and 5 to be released in the U.S. on Xbox as well? Only time will tell...

## PS2 ONIMUSHA 3: DEMON SIEGE

Publisher: Capcom In Stores: May

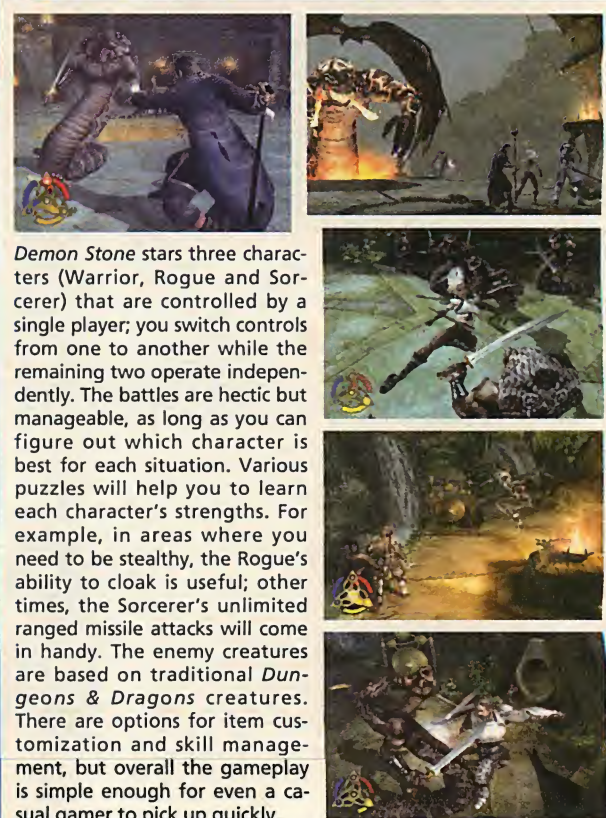

**TIPS & TRICKS!** **PICK!** **UPDATE!** The final chapter of the Onimusha series is not only the best game in the trilogy, it's also one of the most beautiful games to ever hit the PS2. The relentless action of Demon Siege flips back and forth between modern-day Paris and ancient Japan as Akechi Samanosuke and Jacques Blanc are time-warped into each other's world. Aided by a fairy-like creature, both warriors learn to adapt to their new, unfamiliar cultures as they try to find a way home while battling Nobunaga's demonic minions. Occasionally, the two will fight side-by-side in a weird "parallel universe" scenario. Although the Japanese version is already available in Japan, the U.S. version will be tuned differently with an adjusted difficulty level and different enemy locations.

## PS2 FORGOTTEN REALMS: DEMON STONE

Publisher: Atari In Stores: September

**Demon Stone** stars three characters (Warrior, Rogue and Sorcerer) that are controlled by a single player; you switch controls from one to another while the remaining two operate independently. The battles are hectic but manageable, as long as you can figure out which character is best for each situation. Various puzzles will help you to learn each character's strengths. For example, in areas where you need to be stealthy, the Rogue's ability to cloak is useful; other times, the Sorcerer's unlimited ranged missile attacks will come in handy. The enemy creatures are based on traditional Dungeons & Dragons creatures. There are options for item customization and skill management, but overall the gameplay is simple enough for even a casual gamer to pick up quickly.

## KILLER 7

UPDATE!

Publisher: Capcom

In Stores: October

Harman Smith may not seem dangerous when you see him in his wheelchair, but he has the ability to transform into seven different killers, each with their own unique special powers. Kun Lau and his Heaven Smile organization have been terrorizing the nation with suicide bombers, and it's up to Smith's multiple personalities to put an end to the nightmare. Each personality fights in a different style; for example, Con Smith uses a double pistol, Mask De Smith carries a rocket launcher, Garcian Smith can revive dead bodies, and so on. Players must routinely "scan" the area for invisible enemies before entering a first-person shooting mode. *Killer 7's* mature-rated themes may not be for all GameCube owners, but its unique look and style certainly fit the spirit of the console.

## ADVENT RISING

UPDATE!

Publisher: Majesco

In Stores: September

With a projected timeline well into the future (this is the first in a trilogy), *Ad-*

*vent Rising* incorporates very ambitious ideas and a bank of talent including Orson Scott Card, author of the classic science fiction novel *Ender's Game*. In the game, aliens consider humans to be mythical creatures with super powers who will someday harmonize the universe. A group of aliens known as the Seekers are roaming the universe to exterminate human colonies. As events unfold, your human character resists and slowly begins to develop the powers that the aliens fear, performing acrobatics and impossible feats of telekinetic control. Early looks at *Advent Rising* have been very promising; hopefully this title will earn a spot as a science fiction classic in its own right.

# BE A STRANGER TO FEAR

## BAST OF SYNDROME

When the lines between reality and the ultimate cyber game blur, will you be brave enough to enter the game?

THE ENIGMA BEGINS  
IN MAY ON DVD

[www.advfilms.com](http://www.advfilms.com)

Available at these and other fine stores.

ADV1146 BAST OF SYNDROME © KBS, DONGWOO 2001

## HITMAN: CONTRACTS

Publisher: Eidos Available Now

**Also on XBOX** Do you have the steel nerves of a hitman? In *Hitman: Contracts*, you're placed once again in the mind of contract killer Agent 47. The targets aren't unwary saps for you to pick off at will, either; they're ruthless criminals ranging from corrupt politicians to international terrorists. Getting access requires mastery of many tools of the trade, from stun guns and syringes to more unconventional weapons like pillows and pool cues. Despite your skills, it's difficult to work alone, and the more intelligent enemies will take advantage of their superior

numbers, so you've also got to think on your feet. More traditional weapons are also available for quick dispatching, while the enhanced graphics will bring you closer to your merciless line of work than ever before.

## MEGA MAN X COMMAND MISSION

Publisher: Capcom In Stores: November

**Also on PS2** *Mega Man X Command Mission* is the first ever turn-based role-playing game featuring the Blue Bomber and his friends. Although the game has the cel-shaded cartoon look, *Command Mission* will show

the character's darker, more serious side. The taller and older-looking Mega Man X will be wearing a stealth suit to help him infiltrate the Rebellion fortress. Zero and Axel will eventually join his party, plus *Mega Man* fans will be introduced to new characters like Cinnamon and Spider. The battle system relies on a party-based combo system that mixes real-time action with menu-driven commands. *Mega Man X Command Mission* delivers a deeper *Mega Man* experience for long-time fans; its dramatic story is peppered with mystery, espionage and treachery.

## RED DEAD REVOLVER

Publisher: Rockstar In Stores: May

**Also on PS2** Fans of Old West-themed video games like *Gun.Smoke*, *Wild Guns* and even *Mad Dog McCree* were very excited when Capcom announced *Red Dead Revolver* to the press back in 2002...and they were very disappointed when Capcom suddenly canceled the game in 2003 without explanation. Fortunately, Rockstar Games has stepped in as the game's publisher and will see that it gets a proper release on the PS2 and Xbox. As Red, the main character in the story, you'll learn the ways of a bounty hunter in the the untamed frontier, plugging owlhoots with over 30 different weapons in your quest

for justice. Dusty towns, windswept prairies and rugged saloons give the game a classic Western movie feel while Red prepares to act on his lifelong thirst for revenge.

## MONSTER HUNTER

Publisher: Capcom In Stores: 4th Quarter 2004

The tentatively-titled *Monster Hunter* is a team-based hunting game that can be played online with up to four people. Players will use different hunting tactics to ensnare various monsters in the wild. The game features all kinds of environments like jungles, deserts, swamps and even a lava-filled volcano. In addition to guns, swords and arrows, the hunters can also use more intricate tactics like coaxing beasts into set traps. For example, two hunters from the team can lure a creature into a pitfall while the other two hunters ambush the creature from behind. Meat, bones and claws from captured beasts can be used

to create more weapons and armor. The game carries a subtle conservationist message along with a survival-of-the-fittest presentation that looks like something straight out of the Discovery Channel.

## JUICED UPDATE!

Publisher: Acclaim

In Stores: September

Also on  
**F2**

Juiced is another title riding on the recent wave of street-mod racing games like *Midnight Club II* and *Need for Speed: Underground*, but with a little more of a *Gran Turismo*-style simulation bent. It's also the first game that will show actual car damage on licensed vehicles, something which car makers usually discourage. More than 50 international vehicles are included, from manufacturers like Honda, Toyota, Nissan, Dodge, Ford,

Mazda, Mitsubishi, Pontiac, Volkswagen, Subaru and more. Players can personalize their street machines with hundreds of authentic after-market parts, then go online and show off their own unique vehicles to the rest of the world!

## YU-GI-OH! THE DAWN OF DESTINY

Publisher: Konami

Available Now

Hmm, I wonder how strong your Deck is... Actually, it doesn't matter because I will use all my skill to defeat you, no matter how many powerful cards you have in your Deck!

The debut of the incredibly successful *Yu-Gi-Oh!* trading card game on the Xbox also marks its first venture into 3-D. In this new format, the monsters spring to life from the cards, and the graphics look amazing. More than 1,000 authentic *Yu-Gi-Oh!* cards are available in the game, along with some exclusive cards that haven't been used in any other *Yu-Gi-Oh!* title. Some new duel modes have also been added, including Link

Triple Duel Mode, where it's possible to compete against three other duels at once.

# GOD IN THE MACHINE!

COMES WITH  
COLLECTIBLE  
DECALS INSIDE!

On the eve of an invasion by a soulless army of robots called the Zervire, the enigmatic billionaire Klein Sandman gathers the world's leaders at his castle to unveil the ultimate weapon that is Earth's last hope, a gravity-powered god of circuits and steel known as Gravion!

The latest masterpiece from GONZO (*Full Metal Panic!*) and Imagica (*Azumanga Daioh*) launches 05.25.04.

## CALL OF CTHULHU: DARK CORNERS OF THE EARTH

Publisher: Bethesda Softworks In Stores: 4th Quarter 2004

The Cthulhu Mythos from H.P. Lovecraft's stories has influenced everything from Stephen King novels to *Eternal Darkness*, and it's no accident that questioning your sanity is a theme in everything it's touched. Broken and twice-institutionalized private investigator James Walker is the main character in this new Xbox game, and as he explores the twisted town of Innsmouth, uncovering strange rituals and ancient artifacts with possible demon-

ic or alien connections, his sanity degrades, resulting in debilitating auditory and visual hallucinations. Walker's ill health is represented realistically; he limps if his leg is broken, and arm injuries affect his shooting accuracy. There are specific remedies for each of these ailments, all authentic to the 1920s, along with era-faithful weaponry as well.

## HOT SHOTS GOLF FORE!

Publisher: Sony In Stores: September

Known as *Everyone's Golf* in Japan, the *Hot Shots Golf* series features cute players, beautiful courses and simple gameplay. This update even has an "Easy" mode, to accommodate those players too lazy to tap the controller more than two times to hit their virtual golf ball. There are at least 34 characters and 15 courses to choose from, including some that are returning from *Hot Shots Golf 3*. A Miniature Golf option rewards you for the amount of distance you can make a ball travel before sinking it, and the online features include a real-time head-

to-head tournament where 30 players can compete simultaneously and see updates of their stats after every hole. "Hot Shots Points" are back to let you purchase equipment upgrades and unlock courses or characters.

## FUTURE TACTICS: THE UPRISING

Publisher: Crave Available Now

**Also on GAMECUBE XBOX**

The stylized violence of *Future Tactics: The Uprising* is a seamless blend of turn-based strategy and action/adventure gaming, with colorful, almost cartoonish humans and "extra dimensional" aliens locked in mortal conflict. During battles, you take turns moving one character at a time, choosing to jump, shield or shoot until your turn is up. Battlefields deform during combat—for example, boulders fall and holes get blown in the terrain—so it's not wise to shoot blindly or you're likely to bring an avalanche down on your own head. In some respects, the gameplay is quite similar to the *Worms* series, which is quite a good thing. *Future Tactics* features several modes of play, including Story Mode, where you control several misfit warriors, and a two-player Battle Mode.

In some respects, the gameplay is quite similar to the *Worms* series, which is quite a good thing. *Future Tactics* features several modes of play, including Story Mode, where you control several misfit warriors, and a two-player Battle Mode.

## SHINING FORCE

Publisher: Atlus In Stores: June

Following the release of *Shining Soul* and *Shining Soul II*, *Shining Force* is a GBA adaptation of the Sega Genesis adventure of the same name, the very first game in the series. In addition to some of the enhancements seen in the Sega CD sequel, the GBA version has many extra features, including the ability to unlock two hidden characters later in the game. The storyline is still gripping: Light fought Darkness for control of the new world while DarkDragon led the evil hordes of Darkness. Ancients fought them with powers of light, and peace remained for ten centuries. The Lord of Darkness suddenly returned after 1,000 years, and evil creatures from Runefast ravaged the land, bringing a need for a new hero who could wield the power of light once again!

## AREA 51

Publisher: Midway

In Stores: Winter 2004

Also on  
**XBOX**

Inspired by Midway's classic light gun game of the same name, *Area 51* gets a full makeover as a dramatic first-person shooter. A viral outbreak has occurred in the U.S. government's most secret research facility and it's up to you to get to the bottom of the crisis. As you mow down mutants and stray aliens, you'll also discover the dark conspiracies that the government has been hiding for all these years. Time is not on your side, however, as the virus is also running

through your system, ready to suck the humanity right out of you!

## BLOODRAYNE 2

UPDATE!

Publisher: Majesco

In Stores: October

Also on  
**PS2**

After feeding on Nazis in the first game, Rayne has developed a

different taste as she steps into the modern era. *BloodRayne 2* takes place 60 years after the first game and features a more urban environment with dark, industrial areas. Rayne has also developed a whole new arsenal of moves including an array of "fatality" finishing moves that you have to see to believe. Her harpoon weapon can now be used to stab enemies and swing them around the room. Often a unique and creative killing maneuver will be needed to solve puzzles within the environment. Sometimes violence does solve things!

## IRON PHOENIX

Publisher: Sammy

Available: 4th Quarter 2004

*Iron Phoenix* is a multiplayer online fighting game that supports up to 16 players, all of them engaged in melee combat. The weapons are all legendary weapons that were forged by a skilled blacksmith who created them from an ancient meteor, the legendary Iron Phoenix. These special weapons supposedly grant unique abilities to the wielders, which is reflected in gameplay. Your fighting style is determined by the blade you select. It's possible to fight on rooftops, "lock on" to targets, perform special moves and use combination attacks in addition to basic fighting-game techniques.

## DANCE DANCE REVOLUTION EXTREME

Publisher: Konami In Stores: 3rd Quarter 2004

The third game in the *Dance Dance Revolution* series to be released on the PS2, *DDR Extreme* comes jam-packed with over 100 minutes of licensed and original dance music and a plethora of new features and game modes that will be sure to satisfy the appetite of *DDR* fanatics. Hit music videos have been added as well as an all-new "Mission Mode" which involves completing specific challenges in either single or two-player mode.

## BLOOD WILL TELL

Publisher: Sega In Stores: 3rd Quarter 2004

Osamu Tezuka's *Astro Boy* will be making his U.S. console debut soon, but Sega is also creating a game based on one of Tezuka's more macabre creations. *Blood Will Tell* spins the tale of an infant named Hyakkimaru whose limbs, organs and flesh were replaced with weapons. Now an adult, he uses the killing instruments concealed within his body to combat demons and monsters during his quest to understand his puzzling origin. Blades are hidden inside his arms, and a bazooka is hidden inside his leg. As he recovers his missing body parts, new attacks become available. Hyakkimaru's friend Dororo assists him on this mission, and a two-player cooperative mode lets you and a friend battle demonic hordes together.

## SHELLSHOCK: NAM '67

Publisher: Eidos Available: June

Killzone developer Guerilla Games has already earned a reputation for depicting war situations as realistically as possible. *ShellShock* puts you in the shoes of a rookie soldier embarking on his first tour of duty in the Vietnam conflict, facing the brutal tactics of the Viet Cong and quickly losing his idealism in the face of civilian casualties and the constant threat of ambushes by the North Vietnamese Army. Battles are fought on a large scale across huge fields as well as individual missions such as stalking a Viet Cong General marked for assassination. If you complete your objectives and neutralize the enemies, your rookie status will quickly advance to that of a Special Forces agent.

## STAR WARS: REPUBLIC COMMANDO

Publisher: LucasArts Available: 3rd Quarter 2004

*Star Wars: Republic Commando* takes place between *Star Wars Episode II: The Attack of the Clones* and the upcoming *Star Wars Episode III*. In this squad-based first-person shooter, you're placed in command of three-person teams meant to carry out mission objectives that include hostage rescue, reconnaissance, elimination, assault and sabotage. Weapons include the standard-issue DC-17m repeating blaster rifle, but players can also pick up dropped enemy weapons like the Trandoshan Slaver Shotgun and the Geonosian Elite Beam weapon. There are 15 levels, with many characters and environments already familiar to *Star Wars* fans. The game also introduces a new enemy, General Grievous, who will make his movie debut alongside his bodyguards during *Episode III*.

Select Game Previews

code to toggle its effects off. Note that only the "max. Edges" code carries over from one mission to the next; all of the remaining cheats must be re-entered at the start of each new mission.

Enable cheats—□, □, △, X, L1, L1, Left, Left  
Refill health meter—△, △, O, O, □, L1, □, R1  
Invincibility—Right, Right, Right, X, Up, △, Up, □

Refill ammunition—Right, Right, Right, Right, Up, Down, Up, Down  
Unlimited ammo—X, △, O, □, △, Up, Down, Down

Blade weapons do more damage—Down, Down, R1, R1, Up, X, Up, O  
Max. Edges—L1, L1, O, O, Down, Down, Up, Down

No Conviction cost for Edges—L2, Up, X, Up, □, □, Down, Down

Tough monsters (monsters do more damage and are harder to kill)—□, □, □, L2, L2, Up, Down

Turn monsters on/off—□, □, O, O, △, L1, L1, Down

Unlock All Weapons

While Inside the Hunter Headquarters, enter the "Enable Cheats" code as explained above, then quickly press □, X, O, X, Up, Down, Up, Down; you should hear a confirmation sound. Now check the Mission Board and select your mission. After you select your character and the Weapons Select screen appears, press the O button to unlock all of the weapons.

## I-NINJA

### Cheat Codes

At any time during gameplay, pause the game and enter the following codes:

Sword upgrade—Hold L1 + R1 and press O, □, O, △, □, O, □

Complete current mission—Hold R1 and press □, □, □, O; release R1, hold L1 and press △, △; release L1, hold R1 and press □, □ (This code can only be entered during missions; it can't be used in "Collect the Red Coins" or "Find All the Enemies" missions)

Big head mode—Hold R1 and press △, △, △, △; release R1, hold L1 and press △, △; release L1, hold L1 + R1 and press △, O, △

## INTELLIVISION LIVES!

### B-17 Bomber: Cheat Code

At the B-17 Bomber title screen (where it says "Intellivision Presents B-17 Bomber"), press the SELECT button to call up the keypad, then enter the following code: Highlight the "0" position (bottom row, center) and press X, then highlight the "1" position (top row, left) and press X. You'll start the game with unlimited fuel and 200 bombs.

### Thin Ice: Alternate Game

Choose Thin Ice from the "Arcade" game menu, highlight "Play!" and press X. When the controller configuration screen appears, hold the R2 button on Controller 2 and press X on Controller 1 to play Voochko on Ice, an alternate version of Thin Ice starring Voochko the Wolf, mascot of the XIV Winter Olympic Games.

## JONNY MOSELEY MAD TRIX

Unlock All Characters, Costumes, Skis & Courses

At the title screen, hold L2 + L3 + R1 + Down + □ and press O. (L3 is activated by pushing the left analog stick into the controller.) You won't get any special confirmation after entering it correctly, so you'll have to enter the character-select screen to verify the results.

## KELLY SLATER'S PRO SURFER

### Cheat Codes

Select the "Cheats" option from the Extras menu and enter any of the following codes:

All Boards—(619) 555-4141

Unlock Chicago in Road Trip mode—□, Up, △, Up, △, □

Unlock Las Vegas in Road Trip mode—□, R1, Left, L1, Right, □

Unlock New Orleans in Road Trip mode—□, Down, Right, Up, Left, □

Unlock Boston in Road Trip mode—□, Up, Down, Down, Up, □

Unlock Los Angeles in Road Trip mode—□, Left, △, △, Left, □

Unlock Portland in Road Trip mode—□, X, X, △, △, □

Unlock all music tracks—L1, Left, Left, Right, Right, Right, X, X

No on-screen displays—Down, △, O, X, □

## MAX PAYNE

### Secret Codes

At any time during gameplay, press **START** to pause, then enter any of the following codes. You won't hear or see any special confirmation, but the effects of each code will take place immediately. You may have to re-enter some of the codes after moving between areas for them to remain effective.

Invincibility—L1, L2, L3, R1, R2, R3  
Infinite Bullet Time—L1, L2, R1, R2, Δ, X, X, Δ

All weapons & max. ammo—L1, L2, R1, R2, Δ, O, X, X

Enemies die in slow-motion—L1, L2, R1, R2, Δ, X, X, O

**Level Select**  
First, play the game normally until you reach Chapter 2: One Way Or The Other. Now, press **START** to pause the game, then press **SELECT** to return to the main menu. Next, press Up, Down, Left, Right, Up, Left, Down, O, then select "Load Level." If you don't have a memory card, just select "Continue" when the prompt appears. If you entered the code correctly, you'll find that all the levels in the game will be unlocked.

## MAX PAYNE 2: THE FALL OF MAX PAYNE

### Unlock All Levels and Game Modes

At any time during gameplay (not while paused), press □, □, □, X, Left, Right, Left, Right, □, □, □, X, Left, Right, Left, Right. You won't get any confirmation that the code has been accepted, but if you return to the main menu and select "New Game," you'll find all of the modes and levels unlocked.

## MDK 2: ARMAGEDDON

### Alternate Camera View

At any time during gameplay, press **START** to pause, then hold L2 + R2 and press O, X, O, X. When you press **START** again to return to the game, the camera will change position.

## MEDAL OF HONOR: FRONTLINE

### Cheat Codes

At any time during the game, press **START** to pause, then enter any of the following cheats. The game will automatically unpause when you enter a cheat correctly:  
Invincibility—□, L1, O, R1, Δ, L2, SELECT, R2  
Unlimited ammo and no reloading—O, L2, □, L1, SELECT, R2, Δ, SELECT

### Passwords

Enter any of the following codes at the Password screen from within the Options menu.  
D A W O I K S—Unlock all "Bonus" cheats, levels, medals and films in Gallery  
M O N K E Y—Earn a gold star for the current level (note: this code allows you to skip to the next level, but you will start with no ammo)  
T I M E W A R P—Earn a gold star for the level previous to the current level  
F R E S H D E M O—Unlock "Our Trip to Holland" demo movie (wait at the main menu for about 30 seconds to see it)

## MEDAL OF HONOR: RISING SUN

### Cheat Codes

Choose "Options" from the main menu, then select "Passwords" and enter any of the following codes. Once a code is in place, you must then select "Bonus" from the Options menu and toggle the corresponding cheat on or off.

S E A H O R S E—Men with Hats  
T I L E F I S H—Silver Bullet Mode  
G A R I B A L D I—All Replay Items  
H O G F I S H—Perfectionist Mode  
T R I G G E R—Invisible Soldiers  
T A N G—Bullet Shield  
P U F F E R—Always Sniper  
G O B Y—Infinite Ammunition  
D A M S E L—Rubber Grenades  
M A N D A R I N—Achilles Head  
B U T T E R F L Y—Unlocks all missions (does not appear in "Bonus" menu)  
S P I N E F O O T—Players have big arms (does not appear in "Bonus" menu)

## MEN IN BLACK II: ALIEN ESCAPE

### Secret Codes

Enter any of the following codes at the title screen when the text "Press Start" appears. The screen will flash white after each code is entered correctly.

Invincibility—Right, X, R1, Δ, Up, L2, X, Left, L1, O, X, R2  
Unlock all Boss Mode stages—R1, Δ, Down, Down, X, L2, Left, Right, Δ, R2, L1  
Unlock all CST stages—□, Up, L2, Left, Δ, X, R2, O, Right, R1, □, O  
Start with all weapons—Up, Down, X, □, R1, Δ, Δ, Left, O, L1, L1, Right

## MIDNIGHT CLUB

### Unlock Smuggler's Run Buggy

Start the game with a memory card containing a save file from *Smuggler's Run*. At the "Vehicle Select" screen, the *Smuggler's Run* Baja Buggy will appear in the menu of cars to the left of the Taxi Cabs.

## MIDNIGHT CLUB II

### Cheat Codes

Enter the following codes at the Cheat Codes screen, which is found under the Options menu. Note the uppercase letters in some of the codes.

c a r c r o b a t i c s—Wacky midair physics (hold L1 and use the left analog stick to spin and flip your car whenever you catch air)  
g r e n l a n t e r n—Unlimited nitro boosts for both cars and motorcycles  
g l a d i a t o r—Indestructible vehicle/motorcyclists never bail

s a v e t h e k i d s—Enable machine gun and rockets (to fire machine guns, press the L3 button; pressing R3 fires a rocket from under your hood)\*

p o l e p o s i t i o n—Unlock all special abilities (nitro boosts, two-wheel driving, etc)\*\*

R a c e F i e n d—Unlock "Career" race type in Arcade mode\*\*

t h e c o l l e c t o r—Unlock all vehicles in Career and Arcade modes\*\*

G l o b e t r o t t e r—Unlock all cities in Arcade mode and Race Editor mode\*\*

i m m o r t a l—Combines the effects of the \* codes

p e n n y t h u g—Combines the effects of the \*\* codes, but does not unlock all vehicles in Career mode

r i m b u k—Combines the effects of the \* codes and the \*\* codes, but does not unlock all vehicles in Career mode

h o w h a r d c a n i t b e 0—Easiest difficulty  
h o w h a r d c a n i t b e 1—Very easy difficulty  
h o w h a r d c a n i t b e 2—Much easier difficulty  
h o w h a r d c a n i t b e 3—Easier difficulty

h o w h a r d c a n i t b e 4—Slightly easier difficulty  
h o w h a r d c a n i t b e 5—Slightly harder difficulty  
h o w h a r d c a n i t b e 6—Harder difficulty  
h o w h a r d c a n i t b e 7—Much harder difficulty  
h o w h a r d c a n i t b e 8—Very hard difficulty  
h o w h a r d c a n i t b e 9—Hardest difficulty

The latter codes adjust the game's difficulty in all single-player game modes.

## MINORITY REPORT

### Secret Codes

Choose "Special" from the main menu, then select "Cheats," then "Enter Cheat Code." At the next screen, enter any of the following codes. A special message will appear upon entering a correct code.

B U T T E R U P—Restore player's health  
S T R A P P E D—All weapons  
M R J U A R E Z—Infinite ammo

L R G A R M S—Invincibility

Invisible bodies—R1, R2, R1, R2, Up, Down, Left, Right

Fast players (running and fielding)—Left, Right, Right, Left, L1, R1, R1, L1

Slow players (running and fielding)—Left, Left, Right, Right, R2, R2, L2, L2

Programmer names—R1, R2, Right, Right, Left, Left, L2, L1

## MLB SLUGFEST 2004

### Secret Codes

Enter any of the following codes at the "versus" screen just before the game starts. The numbers represent the number of times you must press the □, Δ and O buttons followed by a direction on the D-pad. For example, to enter the "Rocket Park" code (3-2-1-Up), press □ three times, Δ two times and O once, then press Up on the D-pad. A message will appear to confirm each code.

1-1-1-Down—Cheats Disabled

3-0-3-Up—Extended Time For Codes

4-4-4-Down—Unlimited Turbo

3-0-0-Left—Max. Batting

0-3-0-Left—Max. Power

0-0-3-Left—Max. Speed

2-4-2-Down—16" Softball

2-4-2-Up—Rubber Ball

0-0-4-Right—Whiffle Bat

0-0-4-Up—Log Bat

0-0-3-Up—Ice Bat

0-0-2-Up—Blade Bat

0-0-4-Left—Mace Bat

0-0-5-Up—Spike Bat

0-0-1-Up—Bone Bat

2-0-0-Right—Big Head

2-0-0-Left—Tiny Head

3-3-3-Up—Coliseum Stadium

3-2-1-Up—Rocket Park Stadium

3-3-3-Down—Monument Stadium

3-2-1-Down—Midway Park Stadium

3-2-1-Right—Empire Park Stadium

3-3-3-Left—Forbidden City Stadium

3-2-1-Left—Atlantis Stadium

2-1-0-Right—Pinto Team

2-1-1-Right—Horse Team

2-1-2-Right—Eagle Team

2-2-0-Right—Lion Team

1-0-3-Down—Dwarf Team

1-1-3-Down—Gladiator Team

1-3-3-Down—Bobbie Head Team

1-0-2-Down—Dolphin Team

1-1-2-Down—Scorpion Team

1-2-2-Down—Sub-Zero Team

1-3-2-Down—Rodeo Clown Team

1-1-0-Down—Minoaur Team

2-2-2-Down—Olshan Team

2-2-2-Up—Rivera Team

2-3-2-Down—Napolitano Team

2-1-1-Down—Evil Clown Team

2-3-1-Down—Alien Team

2-3-3-Down—Casey Team

1-0-1-Down—Little League

2-2-2-Right—Team: Todd McFarlane

3-3-3-Right—Team: Terry Fitzgerald

## MUPPETS PARTY CRUISE

### Unlock All Decks & Mini-Games

From the main menu, select either "Short Cruise" or "Long Cruise," then enter "1V1PFRG" on the ticket and select Kermi as Player 1. All decks will now be unlocked in Long Cruise mode and all mini-games will now be unlocked in Short Cruise mode.

### View All Videos

From the main menu, select either "Short Cruise" or "Long Cruise," then enter "MOVIESTR" on the ticket and select Miss Piggy as Player 1. Now select either "Short Cruise" or "Long Cruise" to start viewing the videos.

### Max. Movement Points

From the main menu, select "Long Cruise," enter "SUPERMOV" on the ticket and select Gonzo as Player 1. When you select Long Cruise, your Muppet will be able to move the maximum of nine spaces on each turn.

### Increase Time Limit

From the main menu, select either "Short Cruise" or "Long Cruise," enter "PLAYFIVE" on the ticket and select Animal as Player 1. Some games will now have a five-minute time limit instead of the normal 90 seconds.

## MX RIDER

### Unlock All Tracks

At the main menu, select "Championship," then select an empty file. Next, continue through the setup screens until you reach the Entry Form. Enter "IRATA" as your name and select "Done." At the following screen, press Δ repeatedly to return to the main menu, then check out the track selection screen to find everything unlocked.

## MX SUPERFLY

### Unlock All Courses, Riders & Mini-Games

At the main menu, press Δ, hold L1 and press Left, then press □, Δ, hold L1 and press Right, hold R1 and press Down, hold R1 and press Right, then finally press SELECT. The controller will rumble after entering the code.

## MX UNLEASHED

### Cheat Codes

Choose "Options" from the main menu, then select "Cheat Codes" and enter the following passwords for the desired cheats:

S U P E R C R O S S—Unlock Supercross tracks

E C O N A T I O N—Unlock National tracks

S W A P P I N—Unlock "Pro Physics" option at the setup menu before a race

O B T G O F A S T—Expert AI (allows you to set the opponent difficulty above 100 at the setup menu before a race)

S Q U I R R E L D O G—Unlock 50cc Bikes

B I G D O G S—Unlock 500cc Bikes

C L A P P E D O U T—Complete career (unlocks all tracks, machines and bikes)

## NASCAR HEAT 2002

### "Hardcore" Realism

At the main menu, press Up, Down, Left, Right, R1, Up, Down. You'll hear a special sound effect if you entered it correctly. Now enter Championship mode; a new option called "Hardcore" will be available under the "Realism" category.

### Hornball Mode

At the main menu, select "Single Race." Next, at the "Race Day" screen, press Up, Down, Left, Right, R1, Down, Up. If you entered the code correctly, the race will immediately begin. Now you can shoot tires from the front of your car by pressing Up during the race.

## NASCAR THUNDER 2002

### Unlock Fantasy Drivers

At the Driver Select screen, select "Create-a-Car." Next, enter the any of the following names in their respective First Name and Last Name fields at the "Driver" subscreen. Next, select "Continue" and a special message will tell you that you unlocked a new driver.

Dave Alpern	Buster Auton
Scott Brewer	Audrey Clark
Rick Edwards	Michelle Emser
Katrina Goode	Diane Grubb
Jim Hannigan	Troi Hayes
Crispy Hillsworth	Traci Hultzapfle
Rick Humphrey	Kristi Jones
Joey Joulwan	Cheryl King
Mandy Misiak	Josh Neelon
Dave Nichols	Kitt Paint
Benny Parsons	Ken Patterson
Dick Paysor	Tom Renedo
Sasha Soares	Chuck Spicer
Daryl Wolfe	

## NBA JAM

### Secret Codes

Choose "User Profiles" at the main menu and create a profile with one of the following names. When you choose that profile, the corresponding cheats will be active:

- Enter "C R E D I T S" to unlock the secret NBA JAM development teams
- Enter "P O I N T S" to earn 100,000,000 Jam Points to spend at the Jam Store
- Enter "L P P—" to unlock all secret characters, secret teams, courts, apparel, cheats and development artwork

## NBA LIVE 2004

### Secret Codes

Choose "My NBA Live" from the main menu and select "NBA Codes." Enter the following codes to unlock special shoes and gear in Create-A-Player mode:

P O U Y 9 8 5 G Y 5—Unlock all shoes

7 2 5 J K U P L M M—Unlock all Hardwood Classics jerseys

E R T 9 7 6 K J 3—Unlock all NBA Gear

Y R E Y 5 6 2 5 W Q—Unlock all Team Gear

8 7 8 4 3 H 5 F 9 P—Unlock 15,000 NBA Store points

## NBA SHOOTOUT 2004

### Secret Arenas

Enter either of the following cheat codes at the "Select Team" screen before entering a game:

Shootout Street Arena—Hold L1 + R1 + L2 + R2 and press O

989 Sports Arena—Hold L1 + R1 + L2 + R2 and press □

### All-Time Greats

At any screen in the All-Time Greats menu, hold L1 + R1 + L2 + R2 and press O + □ to unlock the selected player.

## NBA STREET VOL. 2

## Secret Codes

Select "Pick Up Game" from the main menu, choose "home" or "away" and select a user name. At the "Ready" prompt, you'll see a message at the bottom of the screen that says "Enter cheat codes now." Enter any of the following codes at this time; if you entered a code correctly, you'll hear the sound of a car alarm being set:

Big heads—Hold L1 and press  $\square, \square, \square, \square$   
 Small players—Hold L1 and press  $\Delta, \Delta, \square, \square$   
 ABA ball—Hold L1 and press  $\square, \square, \square, \square$   
 WNBA ball—Hold L1 and press  $\square, \square, \square, \square$   
 Ball trails—Hold L1 and press  $\Delta, \Delta, \square, \square$   
 No interface graphics—Hold L1 and press  $\square, \square, \square, \square$   
 All jerseys unlocked—Hold L1 and press  $\square, \square, \square, \square$   
 All courts unlocked—Hold L1 and press  $\square, \square, \square, \square$   
 All Street Legends unlocked—Hold L1 and press  $\square, \square, \square, \square$   
 All NBA Legends unlocked (except Michael Jordan)—Hold L1 and press  $\square, \square, \square, \square$   
 NBA Legend Michael Jordan unlocked—Hold L1 and press  $\square, \square, \square, \square$   
 Unlimited Turbo—Hold L1, press  $\square, \square, \square, \square$   
 Explosive rims—Hold L1 and press  $\square, \square, \square, \square$   
 No Trick Counters—Hold L1 and press  $\Delta, \Delta, \square, \square$   
 Fast players—Hold L1 and press  $\square, \square, \square, \square$   
 Easy two-pointers—Hold L1 and press  $\square, \square, \square, \square$   
 Hard two-pointers—Hold L1 and press  $\square, \square, \square, \square$

## NEED FOR SPEED: HOT PURSUIT 2

## Cheat Codes

Enter any of the following codes at the main menu:

Unlock Aston Martin V12 Vanquish—R2, Right, R2, Right,  $\Delta$ , Left,  $\Delta$ , Left  
 Unlock Aston Martin V12 Vanquish NFS— $\square$ , Left, Left, Left, R1, R2, Left  
 Unlock BMW Z8— $\square$ , Right,  $\square$ , Right, R2,  $\Delta$ , R2,  $\Delta$

## NEED FOR SPEED UNDERGROUND

## Cheat Codes

Enter any of the following codes at the main menu; you won't hear any confirmation sound when doing so. Note: The codes must be entered quickly or they may not work.

Unlock all Circuit tracks in Quick Race mode—Down, R1, R1, R1, R2, R2,  $\square$   
 Unlock all Sprint tracks in Quick Race mode—Up, R2, R2, R1, Down, Down, Down  
 Unlock all Drag tracks in Quick Race mode—Right,  $\square$ , Left, R1,  $\square$ , L1, L2, R2  
 Unlock all Drift tracks in Quick Race mode—Left, Left, Left, Left, Right, R2, R1, L2

## NFL STREET

## Cheat Codes

Enter the following names when creating a new User ID. Note that you can only use one User ID profile at a time, so only one cheat can be activated per player.

TRAVEL—All stadiums unlocked  
 CLASSIC—NFL Legends team unlocked  
 KAY SLAY—Kayslay team unlocked  
 EXCELLENT—X-ecutioners team unlocked  
 AW9378—All AFC and NFC All-Stars teams unlocked

## ONI

## Cheat Codes

At any time during gameplay, press SELECT to enter the data menu. Next, move the cursor to "Help." Now enter any of the following codes, then press SELECT again to return to the game. You'll hear a special sound effect after entering a correct code. All codes are deactivated when you die or start a new level. Note: The L3 and R3 buttons are triggered by pushing the left and right analog joysticks into the controller until you hear a click.

Invincibility—L2, L1, L2,  $\square$ ,  $\square$ ,  $\square$ , R3, R3,  $\square$   
 Infinite current ammunition—L2, L1, L2,  $\square$ ,  $\square$ ,  $\square$ , L2, L1, L3  
 Skip current stage—L2, L1, L2,  $\square$ ,  $\square$ ,  $\square$ , R3, R3, L2, L1  
 Refill ballistic ammo, energy cells and hypo sprays—L2, L1, L2,  $\square$ ,  $\square$ ,  $\square$ ,  $\square$ ,  $\square$ , R3  
 Phase cloak—L2, L1, L2,  $\square$ ,  $\square$ ,  $\square$ , L1, R3, L2, L3  
 Knock enemies down with one punch or kick—L2, L1, L2,  $\square$ ,  $\square$ ,  $\square$ , R3, L3,  $\square$   
 Kill enemies with one punch or kick—L2, L1, L2,  $\square$ ,  $\square$ ,  $\square$ , R3,  $\square$   
 Big head—L2, L1, L2,  $\square$ ,  $\square$ ,  $\square$ , START,  $\square$ ,  $\square$ , START  
 Tiny body—L2, L1, L2,  $\square$ ,  $\square$ ,  $\square$ , R3, R3,  $\square$   
 Giant body—L2, L1, L2,  $\square$ ,  $\square$ ,  $\square$ , R3,  $\square$ ,  $\square$ , L3  
 Transform into a different character—L2, L1, L2,  $\square$ ,  $\square$ ,  $\square$ , L2, L2, L2 (continue to press L2 repeatedly to change into many different characters)

## PITFALL: THE LOST EXPEDITION

## Cheat Codes

At the title screen, hold L1 + R1 and enter any of the following codes. Release the triggers after each code to see a confirmation message.

Infinite water in canteen (must acquire canteen first)—Left,  $\square$ ,  $\square$ , Down,  $\square$ ,  $\square$ ,  $\square$   
 Faster attacks—Left, Right,  $\square$ , Up,  $\square$ , Right, Left  
 Play as Nicole—Left, Up, Down, Up,  $\square$ , Up, Up  
 Play as old-school Pitfall Harry— $\Delta$ , Left, Down,  $\square$ ,  $\square$ ,  $\square$ ,  $\Delta$ , Left  
 Unlock Pitfall at the New Game/Load Game menu— $\square$ ,  $\square$ , Left, Right,  $\square$ ,  $\square$ ,  $\square$ , Up,  $\square$   
 Unlock Pitfall II: Lost Caverns at the New Game/Load Game menu—Left, Right, Left, Right,  $\Delta$ ,  $\Delta$

## PROJECT EDEN

## Secret Cheats Menu

At any time during gameplay, press X to open the Resource Menu. Now hold SELECT and rotate the left analog stick clockwise three times, starting from the Up position. After doing this correctly, a small icon will appear in the lower right corner of the screen. Move your cursor here to access the cheats menu.

## Q-BALL BILLIARDS MASTER

## View Ball Paths

At the title screen, press Up,  $\Delta$ , Down, X, Left,  $\square$ , Right,  $\square$ ; you'll hear a tone to confirm the code. Now access the Options menu and set the "Guideline Detail" to "High." When you start a game, you will be able to see the exact path of the cue ball and each numbered ball when performing a shot.

## QUAKE III: REVOLUTION

## Level Skip

At any time during gameplay, hold L1 + R1 + R2 + SELECT and press X,  $\square$ ,  $\square$ , X,  $\square$ ,  $\square$ ,  $\Delta$ . You'll automatically clear the level after entering the code correctly. You can also enter the code while the game is paused.

## R-TYPE FINAL

## Cheat Codes

At any time during gameplay, press START to pause the game, then enter any of the following codes while paused (you'll hear a sound to confirm each code):

Invincibility—Hold L2 and press Right, Right, Left, Right, Left, Left, Right, Left, L1, Up, Up, Down, Down, Up, Down, Up, Down, L1

#### STAR WARS: RACER REVENGE

##### Secret Codes

First, set any kind of record so that the name entry screen appears after your session is over. It's easiest to just play the Time Trial mode on the first track until you beat a lap time of 00:59.51. At the name entry screen, enter "NO TIME" as your name. After entering it correctly, the words "Cheats Enabled!" will briefly appear on the screen. Now you can enter any of the following codes at the main menu. A special message and sound effect will confirm each entry.

All tracks unlocked—Hold L1 + L2 + R1 + R2 and quickly press Right, Left, Right, Left, O, □  
All art galleries unlocked—Hold L1 + L2 + R1 + R2 and quickly press Right, □, Left, O, Down, X, Up, △  
Hard mode—Hold L1 + L2 + R1 + R2 and press △

#### STAR WARS: STARFIGHTER

##### Secret Codes

At the main menu, select "Options," then select "Code Setup." Next, enter any of the following codes. Remember, in order to make use of the "Experimental N-1" code, you must first enter the "Unlock all regular missions" code.

O V E R S E E R—Unlock all regular missions  
A N D R E W—Unlock two-player missions  
B L U E N S F—Unlock Experimental N-1  
M I N I M E—Invincibility

#### STAR WARS: THE CLONE WARS

##### Secret Codes

At the main menu, select "Options," then "Bonuses," then "Codes." Enter any of the following codes; a special message will appear after entering each code correctly.

DARKSIDE—Invincibility  
SUPERLASER—Unlimited ammo  
GIMME—Unlock bonus objectives for current mission  
DOORDONOT—Unlock next mission  
JORG SACUL—Unlock all multiplayer maps  
TRADEFED—Unlock Battle Droid in Academy  
NATALIE—Unlock Amidala in Academy  
12 PARSECS—Unlock all cutscenes

#### STARSKY & HUTCH

##### Unlock Everything

When creating a new profile, enter the name "VADKRAM" on your license plate to unlock all seasons and episodes in Story Mode as well as all Free Roam areas, TV Specials and Locker features.

#### STATE OF EMERGENCY

##### Cheat Codes

At any time during the game, press START to pause, then enter any of the following codes: Unlock Spanky—Right, Right, Right, Right, △

\*Perfect balance during floaters—SELECT, Up, Down, Left, Right, Right, Left  
Disable all "\*" cheats—SELECT, SELECT, SELECT, SELECT

#### TRUE CRIME: STREETS OF L.A.

##### Unlock All Upgrades

During gameplay, press START to pause and enter the City Map screen (you must be outside). Press Up, Right, Down, Left, Up, X. You will hear a confirmation sound if entered correctly. All cars, driving maneuvers, guns, gun upgrades, attacks and grapples will be unlocked. Note that all Bonus Missions will be unavailable after entering the code.

##### Change Car Mass

While driving, press START to pause and enter the City Map screen. Enter the following codes to either decrease or increase the car's mass:

Decrease car mass—Down, Down, Down, X  
Increase car mass—Up, Up, Up, X  
Unlock Snoop Dogg Missions  
During gameplay, press START to pause and enter the City Map screen (you must be outside). Press R1, L1, Up, Right, Left, Down, L3, R3, X, □, O, △. You will hear a confirmation sound if entered correctly. Save and exit out of the game. Load the saved game and enter the Mission select screen. Select the Snoop Dogg missions by choosing the Snoop Dogg head icon.

#### WILD WILD RACING

##### Unlock Secret Options

From the main menu, select "Options." Next, hold □ and press Up, O, Down, O, Left, Right, Left, Right, O. A new "Secret" menu item will appear at the bottom of the Options menu.

##### Unlock Top Secret Options

First, enter the "Unlock Secret Options" code above. Next, go back to the main menu and select "Single Player," then input "NORTHEND" at the "Enter Your Name" screen. You'll hear a special message if you entered it correctly. Finally, return to the "Secret" options and another new item will appear called "Top Secret!"

#### WORLD TOUR SOCCER 2003

##### Cheat Codes

Enter any of the following codes at the Mode Select screen:  
Change crowd noise to farm animals—L1, L1, R2, Up, Down, Right  
Speed up audio commentary—L2, R2, R1, R2, L2, R2

The Bounty Club—A, Y, Y, X, X

## DIE HARD: VENDETTA

### Cheat Codes

Enter the following codes at the main menu; a confirmation message will appear each time you enter a code correctly. Note that the game keeps track of the last button you pressed and may confuse the order in which you press them, so it's a good idea to enter the game and then exit to the main menu before entering each code.

I n v u l n e r a b l e—L, R, L, R, L, R, L, R  
A l l L e v e l s U n l o c k e d—X, Y, Z, Z, X, Y, Z, Z  
I n f i n i t e H e r o T i m e—B, X, Y, Z, L, R

**SANFRAN**—Unlock "Hulk Transformed" in Movie Art  
**PITBULL**—Unlock "Hulk vs. Hulk Dogs" in Movie Art  
**FIFTEEN**—Unlock "Desert Battle" in Movie Art  
**NANOMED**—Unlock "Hulk Movie FX" in Hulk Unleashed

#### ININJA

##### Cheat Codes

At any time during gameplay, press **START** to pause the game and enter any of the following codes:

Sword upgrade—Hold **L + R** and press **X, B, X, Y, Y, B, X, B**

Complete current mission—Hold **R** and press **B, B, B, X**; release **R**, hold **L** and press **Y, Y**; release **L**, hold **R** and press **B, B** (Note: This code will only work during normal missions; it can't be used in "Collect the Gold Coins" or "Find All the Enemies" missions)

Big head mode—Hold **R** and press **Y, Y, Y, Y, Y**; release **R**, hold **L** and press **Y, Y**; release **L**, hold **L + R** and press **Y, X, Y**

#### KELLY SLATER'S PRO SURFER

##### Secret Codes

Choose "Extras" from the main menu, then select "Cheats" and enter any of the following codes:

7 1 4 5 5 5 8 0 9 2—Mega cheat  
 6 1 9 5 5 4 1 4 1—All boards  
 3 2 8 5 5 4 4 9 7—All levels  
 9 4 9 5 5 6 7 9 9—All surfers  
 7 0 2 5 5 2 9 1 8—All suits  
 6 2 6 5 5 6 0 4 3—All tricks  
 2 1 2 5 5 1 7 7 6—Max. stats  
 2 1 3 5 5 5 7 2 1—Perfect balance  
 2 1 7 5 5 0 2 1 7—High jumps  
 8 7 7 5 5 3 8 2 5—1st-person view  
 8 1 8 5 5 5 1 4 4 7—Trippy graphics

#### LEGENDS OF WRESTLING

##### Unlock All Wrestlers

At the main menu, press **Up, Up, Down, Down, Left, Right, Left, Right, Y, Y, X**. A message will appear on the screen to confirm the code.

#### THE LORD OF THE RINGS: THE TWO TOWERS

##### Secret Codes

At any time during the game, press the **START** button to pause, then enter any of the following codes. Use the D-pad to enter the directional commands.

Restore health—Hold **L + R** and press **Y, Down, A, Up**

Restore missiles—Hold **L + R** and press **A, Down, Y, Up**

All Level 2 upgrades—Hold **L + R** and press **X, Right, X, Right**

All Level 4 upgrades—Hold **L + R** and press **Y, Up, Y, Up**

All Level 6 upgrades—Hold **L + R** and press **B, Left, B, Left**

All Level 8 upgrades—Hold **L + R** and press **A, A, Down, Down**

1,000 upgrade points—Hold **L + R** and press **A, Down, Down, Down**

The remaining codes can be entered the same way, but they will not work until you have unlocked the "Secret Codes" option, which appears as a gold ring on the right side of the game's map screen. You must first beat the Helm's Deep: Hornburg Courtyard stage and reach Level 10 with any character; this will unlock the Secret Mission for that character. After beating the Secret Mission, the Secret Mission: Play as Secret Character option will be unlocked. Once you've beaten the Secret Mission while playing as the secret character, the Secret Codes option will be unlocked and you'll be able to use the following cheats:

Always devastating—Hold **L + R** and press **B, B, X, X**

Small enemies—Hold **L + R**, press **Y, Y, A, A**  
 Slow motion—Hold **L + R** and press **Y, X, A, B**  
 Infinite missiles—Hold **L + R**, press **B, X, A, Y**  
 All upgrades—Hold **L + R** and press **Y, X, Y, X**  
 Invulnerable—Hold **L + R** and press **Y, B, A, X**

#### MARIO GOLF: TOADSTOOL TOUR

##### Special Contests

Hold the **Z** button and press **START** at the title screen. You will see a new option called "SP Contests" at the main menu. Choose the new option and you'll see that the "Hole-in-One Contest" is already open. Select "Password Tournament" from the SP Contests menu and enter the following passwords for more contests:

0 E K W 5 G 7 U—Camp Hyrule Cup  
 G G A A 2 4 1 H—Super Mario Open  
 C E U F P X J 1—Target Bulls-eye Tour  
 B J G Q B U L Z—Hollywood Video Tour  
 E L B U T 3 P X—Peach's Invitational

#### MAT HOFFMAN'S PRO BMX 2

##### Cheat Codes

At the "Press Start" screen, quickly enter any of the following codes:

Perfect balance—Down, Up, X, Down, Up, X, Down, Up, X

Adrenaline meter always full—Down, A, A, A, R, R, R

All riders have fiery hands and feet—Down, B, B, A, A, R, R

Invisible bikes—Down, Up, Left, Down, Right, Down, Left, Up

Unlock Day Smith—B, Up, Down, Up, Down, Y

Unlock Vanessa—B, Down, Left, Left, Down, Y

Unlock Bigfoot—B, Right, Up, Right, Up, Y

Unlock Mime—B, Left, Right, Left, Right, Left

Unlock Volcano—B, Up, Up, A, Up, Up, A

Unlock "vegas" rags (rider options)—X, L, L, Up, Up

Unlock "gear" rags (rider options)—X, B, Left, Right, Left, X

Unlock Tiki Battle mode—L, L, Down, R, A, L

Unlock all levels in all modes except Road Trip—Y, Right, Right, B, Down, Y

Unlock Chicago in Road Trip mode—Y, Up, B, Up, B, Y

Unlock Las Vegas in Road Trip mode—Y, R, Left, L, Right, Y

Unlock New Orleans in Road Trip mode—Y, Down, Right, Up, Left, Y

Unlock Boston in Road Trip mode—Y, Up, Down, Down, Up, Y

Unlock Los Angeles in Road Trip mode—Y, Left, B, B, Left, Y

Unlock Portland in Road Trip mode—Y, A, A, B, B, Y

Unlock all music tracks—L, Left, Left, Right, Right, Right, A, A

No on-screen displays—Down, B, X, A, Y

#### MEDAL OF HONOR: FRONTLINE

##### Passwords

Enter any of the following codes at the Password screen from within the Options menu. The codes marked with an asterisk (\*) activate cheats which must then be turned on at the Bonus menu.

H E A D S U P—Achilles Head\*

R E F L E C T O—Bullet Shield\*

H I D E N S E E K—Invisible Enemy\*

B I G B O O M E R—MOHton Torpedo\*

M A D H A T T E R—Men With Hats\*

F L A W L E S S—Perfectionist\*

B O U N C E—Rubber Grenades\*

S U P E R S H O T—Snipe-o-Rama (all weapons have sniper rifle zoom ability)\*

S I L V E R S H O T—Silver Bullet (one-hit enemy kills)\*

B A L L O W A X—Unlock all "Bonus" items

S E A G U L L—Earn a gold star for the current level (Note: This code allows you to skip to

the next level, but you will start with no ammo)

E A G L E—Unlock Mission 2: A Storm in the Port

**p o s n e g h x**—Mario Austin  
**s d f g u r k l**—Carlos Delfino

#### NBA STREET VOL. 2

**Secret Codes**  
 Select "Pick Up Game" from the main menu, choose "home" or "away" and select a user name. At the "Ready" prompt, you'll see a message at the bottom of the screen that says "Enter cheat codes now." Enter any the following codes at this time:

**Big heads**—Hold L and press X, B, X  
**Small players**—Hold L and press Y, Y, X, B  
**ABA ball**—Hold L and press X, B, X, B  
**WNBA ball**—Hold L and press X, Y, Y, X  
**Ball trails**—Hold L and press Y, Y, Y, B  
**No interface graphics**—Hold L, press B, X, X, X  
**All jerseys unlocked**—Hold L, press X, Y, B  
**All courts unlocked**—Hold L, press B, Y, Y, B  
**All Street Legends unlocked**—Hold L and press X, Y, B, Y  
**All NBA Legends unlocked** (except Michael Jordan)—Hold L and press X, Y, Y, B  
**NBA Legend Michael Jordan unlocked**—Hold L and press X, Y, X, X  
**Unlimited Turbo**—Hold L and press B, B, Y, Y  
**Explosive rims**—Hold L and press X, X, X, Y  
**No Trick Counters**—Hold L and press Y, Y, X, X  
**Fast players**—Hold L and press Y, X, Y, B  
**Easy two-pointers**—Hold L and press Y, X, B, Y  
**Hard two-pointers**—Hold L, press Y, B, X, Y

#### NEED FOR SPEED: UNDERGROUND

**Cheat Codes**  
 Enter any of the following codes at the main menu; you won't hear any confirmation sound when doing so. Note: The codes must be entered quickly or they may not work.  
**Unlock all Circuit Tracks in Quick Race mode**—Down, R, R, R, X, X, X, Z  
**Unlock all Drag Tracks in Quick Race mode**—Right, Z, Left, R, Z, L, Y, X  
**Unlock all Drift Tracks in Quick Race mode**—Left, Left, Left, Left, Right, X, R, Y  
**Unlock all Sprint Tracks in Quick Race mode**—Up, X, X, X, R, Down, Down, Down

#### NFL STREET

**Cheat Codes**  
 Enter the following names when creating a new User ID. Note that you can only use one User ID profile at a time, so only one cheat can be activated per player.

**TRAVEL**—All stadiums unlocked  
**CLASSIC**—NFL Legends team unlocked  
**KAY SLAY**—Kayslay team unlocked  
**EXCELLENT**—X-ecutioners team unlocked  
**AW9378**—All AFC and NFC All-Stars teams unlocked

#### NICKELODEON PARTY BLAST

**Unlock Secret Levels**  
 Choose "Start Game" from the main menu, then pick a character and select Blast mode. When the "Select Level" screen appears, press Up, Up, Down, Down, Left, Right. You'll hear a chime and four "bungee" levels will be unlocked.

#### OUTLAW GOLF

**Cheat Code**  
 Start a new game; at the name entry screen, enter "Golf\_Gone\_Wild" as your name and save your game. This code unlocks all of the characters, stages and clubs.  
**Unlock Alternate Costumes**  
 At the character select screen, hold R and press Z, Y, Y, Y, Z, Y.

#### PITFALL: THE LOST EXPEDITION

**Cheat Codes**  
 At the title screen, hold L + R and enter any of the following codes. Release L + R after each code to see a confirmation message.  
**Infinite water in canteen** (must acquire canteen first)—Left, B, X, Down, B, A, B, X  
**Faster attacks**—Left, Right, X, Up, X, Right, Left  
**Play as Nicole**—Left, Up, Down, Up, X, Up, Up  
**Play as old-school Pitfall Harry**—Y, Left, Down, B, X, Y, Y, Left  
**Unlock Pitfall** at the New Game/Load Game menu—X, X, Left, Right, X, B, A, Up, X  
**Unlock Pitfall II: Lost Caverns** at the New Game/Load Game menu—Left, Right, Left, Right, Y, Y, Y

#### PRINCE OF PERSIA: THE SANDS OF TIME

**Secret Level**  
 Insert a controller into the Player 4 slot of the GameCube. Start a new game, then as soon as you are able to control the Prince on the porch, hold the B button on Controller 4 and quickly press A, B, Y, X, Y, A, B, X on Controller 1.

#### RED FACTION II

**Unlock Everything**  
 Choose "Extras" from the main menu and access the "Cheats" option. Press B, B, A, A, Y, X, Y to unlock all cheats and levels. After entering this code, you will have the option of turning each specific cheat on or off.

#### ROADKILL

**Cheat Codes**  
 At any time during gameplay, press START to pause, highlight the "Map" option and enter any of the following codes:  
**Restore health**—X, B, X, B, X, B, X, B  
**Infinite ammo**—Y, X, X, B, Y, X, X, B  
**Earn \$100,000**—Y, B, Y, B, X, A, B, X, Down, Up  
**Summon tornado**—Y, B, A, X, X, A, B, Y  
**Weapons unlock** (weapons spawn near garage)—Y, A, A, Y, X, B, B, X, A, X, B, Y

#### ROBOTECH: BATTLECRY

**Secret Passwords**  
 At the main menu, select "New Game." At the next menu, hold L + R and press Left, Up, Down, A, Right, B, START. A special password entry screen will appear where you can enter any of the following codes:  
**WE WILL WIN**—Unlock all missions  
**MULTIMAYHEM**—Unlock all multiplayer missions  
**SUPERMECH**—Invincibility  
**MISSMACROSS**—Unlock all Veritech designs

**WHERESEMA X**—Unlock all Veritechs and awards  
**BACKSTABBER**—One-shot kills  
**SNIPER**—One-shot Sniper kills  
**SPACEFOLD**—Faster gunpod ammo refresh  
**MARSBASE**—Faster missile refresh  
**MIRIYA**—Faster weapon refresh

#### ROCKY

**Secret Codes**  
 Enter the following codes at the main menu:  
**Unlock all boxers and arenas**—Hold R and press Up, Down, Down, Left, Left, L  
**Boxers punch harder**—Hold R and press Right, Down, Left, Up, Left, L  
**Boxers move faster**—Hold R and press Down, Left, Down, Up, Right, L

#### ROGUE OPS

**Cheat Codes**  
 At any time during gameplay, press START and enter the following codes while the game is paused. Note: Not all of the codes will work in all stages.  
**Half damage**—X, X, Y, Y, Left, Left, Right, Right, Y, Y, X, X  
**Enemy bullets cause no damage**—Left, Right, Right, Left, X, Y, X, X  
**Invincibility**—Left, Right, Right, Left, Left, Right, Right, Left, Left, Right, Left, X, X  
**Infinite ammo**—X, Y, X, Y, X, Y, X, Left, Y, X, Y, X, Y, X, Y  
**One-shot kills**—Y, Left, Right, Right, Left, Y, R, L, Y, X, X  
**M7 shoots Frag Grenades**—R, L, Right, Right, Left, Left, Right, Right, L, R, X, Y  
**Crossbow shoots Frag Grenades**—Left, Right, Right, Left, X, Y, R, L, X, Y, Left, Right  
**M7 shoots Rockets**—X, Left, Right, R, L, Right, X, L, L, R, Left, Left  
**Crossbow shoots Rockets**—Right, Right, Left, Left, R, R, L, L, Y, Y, X, X  
**Big weapons for Nikki**—X, X, X, X, Y, Y, Y  
**All character models have big feet**—Right, Right, Right, Left, Right, Left, Left, Left, Left  
**Skip the current scene**—R, X, R, Y, R, Left, R, Right, R, L, L, X, L, Y, L, Left, L, Right, X

#### SCOOBY-DOO! NIGHT OF 100 FRIGHTS

**Secret Codes**  
 At any time during gameplay, press START to pause, then quickly enter any of the following codes. You'll hear a special sound effect upon entering each code correctly:  
**All power-ups**—Hold L + R and press X, B, X, B, X, B, B, X, X, X, B, X, X, X  
**Unlock alternate credits sequence**—Hold L + R and press B, X, X, B, X, B

#### SEGA SOCCER SLAM

**Secret Codes**  
 Enter these codes at the main title screen (when the words "Press Start" appear). Entering the same code again will disable the code. Some of these codes can be found in the special artwork that you unlock in the Quest mode.  
**Unlock Jungle stadium**—Up, Down, Left, Right, X, Y  
**Unlock Oasis stadium**—Up, Up, Down, Down, X, X  
**Unlock Pacific Atoll stadium**—Up, Up, Left, Left, Y, Y  
**Unlock Alpen Castle stadium**—Up, Up, Down, X, X  
**Unlock Riviera Ruins stadium**—Up, Down, Down, Right, Y, X  
**Unlock Reactor Core stadium**—Up, Left, Left, Right, X, Y  
**Unlock all stadiums**—Up, Up, Up, Up, X, X  
**Big hits**—L, R, Up, Up, X, Y

#### THE SIMPSONS: HIT & RUN

**Cheat Codes**  
 Choose "Options" from the main menu, then hold L + R at the options menu and enter any of the following codes. A beeping horn will confirm correct code entry. You can also enter these codes during a game by selecting "Options" from the pause menu, but you won't hear a confirmation sound:  
**Invincibility**—Y, A, Y, A  
**Unlimited top speed**—X, X, X, X  
**Fast acceleration**—Y, Y, Y, Y  
**Press horn to make vehicle jump**—X, X, X, Y  
**Destroy vehicles with one hit**—Y, Y, X, X  
**Enable speedometer**—Y, Y, B, X  
**Replace secret vehicle in each mission with Red Brick Car**—B, B, Y, X  
**Play Kang & Kodos dialogue during credits**—A, X, X, Y (choose "View Credits" from the Options menu)  
**Show graphic wireframes**—B, A, B, Y  
**Extra camera angles**—B, B, A  
 With the "extra camera angles" code in place, choose "Settings" from the in-game Options menu; two additional camera settings will be available while you're on foot, with six new camera settings while you're in a vehicle. If you choose the "Debug Camera," you can use Controller 2 to set the camera anywhere you wish. The analog stick aims the camera, but if you hold the Z button, you can also use it to move the camera's position.

TM List	Location	Price/Requirement
TM 01 (Focus Punch)	Pyrite Colosseum	Win second challenge
TM 02 (Dragon Claw)	Deep Colosseum	Defeat Ein
TM 05 (Roar)	Pyrite Colosseum	Win third challenge
TM 06 (Toxic)	Pyrite Colosseum	Win first challenge
TM 07 (Hail)	Pyrite Colosseum	Win Second Challenge
TM 10 (Hidden Power)	The Under Poké Mart	\$3,000
TM 11 (Sunny Day)	Phenac Colosseum	Win second challenge
TM 12 (Taunt)	Deep Colosseum	Defeat Miror B.
TM 13 (Ice Beam)	Mt. Battle	4,000 pt.
TM 14 (Blizzard)	The Under Poké Mart	\$5,500

## THE SIMS

### Cheat Codes

Hold L + R at the main menu, then enter any of the following passwords at the cheat entry menu that appears. Note the spaces in some of the codes:

**FISH EYE**—First-person perspective. Press the X button to toggle it on and off

**FREEALL**—All items cost \$0 Simoleons. This code may cause your game to act buggy. After using it and buying a lot of items, you may want to save and then reset the machine to deactivate the code

**MIDAS**—Unlocks all skins, items and multiplayer games. After entering the code, start a new "Get a Life" game, then quit to the main menu while in the Dream House

**PARTY M**—Unlocks "The Motel" multiplayer game (Note: You can only access this game after unlocking the Bonus Menu by entering the "MIDAS" code)

**SIMS**—Unlocks the "Play the Sims" mode, which is normally unlocked by playing "Get a Life"

## SMUGGLER'S RUN: WARZONES

### Cheat Codes

At any time during the game, press **START** to pause, then enter any of the following codes: Enable countermeasures—Y, Y, Y, X, X, Z, Z Transparent vehicle—Left, Right, Left, Right, Z, Z, R Cars fly away upon collision with your vehicle—Z, R, Z, R, Right, Right, Right

## SONIC HEROES

### Metal Themes

Select "2P Play" from the main menu, choose a game and select any team. At the stage-select screen, select a stage with the A button, then immediately press and hold A + Y while the game loads. When the game starts, your team will consist of metal versions of the characters you chose.

## SPAWN: ARMAGEDDON

### Cheat Codes

At any time during gameplay, press **START** and enter the following codes while the game is paused. When you unpause, you will hear Spawn say "Necro-licious!" or "Necro-goodness!" to confirm each correct code. Ali weapons—Up, Down, Left, Right, Left, Right, Left, Left Infinite ammo—Up, Down, Left, Right, Up, Left, Down, Right Infinite health and Necropiasm—Up, Down, Left, Right, Right, Left, Down, Up Toggle blood on/off—Up, Down, Left, Right, Up, Up, Up, Up Unlock all comics—Up, Down, Left, Right, Right, Left, Left, Up Unlock all missions—Up, Down, Left, Right, Left, Left, Right, Right Unlock all encyclopedia entries—Up, Down, Left, Right, Left, Right, Up, Down

## SPEED KINGS

### Cheat Code

Start a new game and enter the "Player Setup" menu from any section. Under the player's handle, enter "borkbork" as the player's name to unlock everything in the game.

## SPIDER-MAN

### Secret Codes

From the main menu, select "Specials," then select "Cheats" and enter any of the following codes:

**KOALA**—All "Combat Controls" enabled

**IMIA RMA S**—Unlock all stages in "Level Warp"

**HEAD EXPLODY**—Unlock "Pinhead Bowling" in Training menu

**ARACHNID**—Unlock all of the above + all "Gallery" items

**HERMAN SCHULTZ**—Play as Shocker

**SERUM**—Play as a scientist

**KNUCKLES**—Play as Thug 1

**STICKY RICE**—Play as Thug 2

**THUGSRUS**—Play as Thug 3

**FREAKOUT**—Play as Thug 4

**CAPTAIN STACEY**—Play as a helicopter pilot

**REALHERO**—Play as a security guard

**ORGANICWEBBING**—Unlimited web fluid

**CHILLOUT**—Glider never overheats (when playing as Green Goblin)

**ROMITAS**—Unlock "Next Level" option at the Paused menu

**DODGETHIS**—"Matrix" mode

**SPIDERBYTE**—Tiny Spidey

**GOESTOYOURHEAD**—Big head + feet

**JOELSPEA NUTS**—Enemies have big heads + feet

**UNDERTHE MASK**—First-person view

## SPONGEBOB SQUAREPANTS

### BATTLE FOR BIKINI BOTTOM

#### Cheat Codes

Pause the game, then hold L + R and enter the following codes. Note that the codes must be entered very quickly. If done correctly, you will hear SpongeBob say something or the controller will vibrate to confirm.

X, X, X, X, Y, Y, X, X, Y, Y, Y, Y—Max. health

X, X, X, Y, Y, X, X, Y—Add 1,000 Shiny Objects

# Xbox tips

## 007: NIGHTFIRE

### Secret Passwords

Choose "Codenames" from the main menu, then choose your custom profile and enter any of the following codes at the "Secret Unlocks" menu. Be sure to choose the "Save Codename" option from the Codename "Edit" menu after entering any of these codes; if you don't, the code's effects will be lost and you'll have to enter it again.

**PASSPORT**—Unlock all missions

**PARTY**—Unlock all characters in Multiplayer mode

**GAMEROOM**—Unlock all scenarios in Multiplayer mode

**BOOM**—Unlock "Explosive Scenery" environment in Multiplayer mode scenario options

**Q LAB**—Unlock all gadget and weapon upgrades

## 4X4 EVOLUTION 2

### Secret Code

Enter the following code at the "Press Start" screen. You'll hear a special sound effect after entering it correctly.

**Extra Money**—Y, X, White, Y, X, White, X, X, Y, White, X, Y

## ALIENS VERSUS PREDATOR: EXTINCTION

### Secret Cheat Menu

At any time during gameplay, pause the game and press Left Trigger, Left Trigger, Right Trigger, Left Trigger, Right Trigger, Right Trigger, Left Trigger, Left Trigger, Right Trigger. You'll hear a special sound if you have entered the code correctly. Select "Options," then select "Cheats" to activate Invincibility, Level Select and more.

## ALTER ECHO

### Cheat Codes

At any time during gameplay, press Up, Down, Down, Left, Right, Left, Right on the D-pad. Your life bar will disappear from the top of the screen; now you can enter the following cheats:

**Health recharge**—Hold BACK button, press Right

**Time Dilation Energy recharge**—Hold BACK, press Up

**Toggle screen displays**—Hold BACK, press Y

## AMPED

### Secret Codes

From the main menu, select "Options," then select "Cheats" and enter any of the following codes. Each time you enter a code correctly, the word you entered will disappear after selecting "Done."

**Ridin wRaven**—Unlock Raven

**Chillin wSteezy**—Unlock Steezy

**Gimme Gimme**—Unlock all courses

**Stickt**—Easier to land from a jump

**Zipster**—Faster speed

**buzzsaW**—Run through trees

**MegaLeG**—Jump higher

**WhirlyGig**—Faster spins

**MegaBOunce**—Bounce continuously

## AMPED 2

### Cheat Codes

Select "Cheats" from the Options menu and enter any of the following codes:

**MoCaPmaN**—Unlock Mo-Cap Man in Free Ride

**FrostByte**—Unlock Frosty Jack in Free Ride

**GetOffMyLand**—Unlock Hermit Joe in Free Ride

**Bunny**—Unlock Bunny in Free Ride

**GoTeamYeti**—Unlock Yeti in Free Ride

**BrotherOfYeti**—Unlock Bigfoot in Free Ride

**Radic**—Unlock '80s Snowboarder in Free Ride

**MeTaIMaam**—Unlock Shiny Gal in Free Ride

**ChillinWSteezy**—Unlock Steezy the Penguin in Free Ride

**FunnyBone**—Unlock Bones in Free Ride

**AlIMyPeeps**—Unlock all hidden characters in Free Ride

**ShowRewards**—Unlock all rewards in the portfolio

**LowGravity**—Cut gravitational force in half

**SuperSpin**—Cut angular dampening in half (makes rotations go faster and diminish slower)

**FastMove**—Board uphill

**MaxSkills**—Give your boarder max. skills in all categories

**NoCollisions**—Turn off all feature collisions

**AllIce**—Make physics for all terrain types behave like ice

**AllLevels**—Unlock all levels

**ShowRewards**—Unlock all rewards in the portfolio

**TrickedOut**—Unlock all grabs

**Don'tCrash**—Your boarder will not crash (Note: Use this code at your own risk; it might cause errors in the game that can force you to restart)

**No drones mode**—X, X, Y, Y, White, Black, START

**No catchup mode**—Y, X, Y, Y, X, START

**All random power-up mode**—Black, Right Trigger, X, Y, Black, Right Trigger, START

**No power-up mode**—X, X, Y, X, Right Trigger, X, START

**All missile mode**—X, X, X, White, Y, START

**All grappling hook mode**—Y, Y, Left Trigger, Y, Y, White, START

**All roost mode**—Black, Right Trigger, Left Trigger, White, X, START

**All snowbomb mode**—Y, Y, Black, Right Trigger, START

**All boost mode**—Y, Black, Black, Y, Right Trigger, START

**Clone mode**—White, Left Trigger, Left Trigger, Y, White, Y, START

**All invincible mode**—X, Y, X, Right Trigger, Y, Y, START

**Super wheelie mode**—Y, White, X, Right Trigger, X, Left Trigger, START

## ARMED AND DANGEROUS

### Cheat Codes

Select "Cheats" from the Options menu and enter any of the following codes:

List all cheats—B, L, A, B, White, A, Left Trigger, Left Trigger

Refill ammo—Black, B, A, Right Trigger, Right Trigger, A, Left Trigger, Black

Big boots—R, White, Y, A, Left Trigger, B, White, X

Upside-down screen—Y, A, B, B, A, B, White, White

## ATV: QUAD POWER RACING 2

### Secret Cheats

At the "Saved Profiles" screen which appears immediately after the title screen, select any empty profile. Next, select any rider and then enter any of the following codes at the "Name Your Rider" screen that follows:

**BUBBA**—Unlock all riders

**ROADKILL**—Unlock all tracks

**GENERALLEE**—Unlock all vehicles

**DOUBLEBARREL**—Unlock all challenges

**REDROSTER**—Unlock all championships

**GINGHAM**—Max. stats

**FIDDLERSELBOW**—Max. skill level

## BALDUR'S GATE: DARK ALLIANCE

### Secret Cheat Menu

At any time during gameplay, hold Left Trigger + Right Trigger + Y + A + Right on the left analog stick, then press START. Note that Left Trigger must be depressed all the way, however Right Trigger must be partially depressed, halfway or less. If you enter the code correctly, a different pause menu will appear that will allow you to toggle invincibility and select any stage.

## BALDUR'S GATE: DARK ALLIANCE II

### Item Duplication Trick

You'll need two controllers for this trick. Pause the game and select the "Change Players" menu, then select a new character (preferably Dorn, since he can carry more). Drop whichever items you want to duplicate and have the second player pick them up. Next, save your game and transfer the items back to your primary character. Enter the "Change Players" menu again and import the second character from the fresh save. That character will have the items that you just dropped as well, so you can sell off any duplicates, have them both equip the same item or break items down at the shop and recover gems. With this trick, you can easily build up your inventory of gems and items by duplicating them and gain massive amounts of gold by selling the duplicate items.

### Invincibility/Level Warp

At any time during gameplay, hold Left Trigger + Right Trigger + A + B + X + Y and press the START button to bring up the cheat menu. You can toggle invincibility on and off and warp to any location in the game from here, even places that you haven't been to previously. You can even warp to levels that you are not supposed to be able to go to; for example, you can go to Zarad's study even when you're not playing as Ysaran.

### Level-Up Cheat

At any time during gameplay, hold Left Trigger + Right Trigger + A + B + X + Y and press the White button. This cheat automatically levels your character up to level 10, gives you 45 feat points and gives your character 500,000 gold. Be careful when your character passes level 10, since the code will reset all of your character's stats back to level 10.

## BATTLE ENGINE AQUILA

### Cheat Codes

At the main menu, select "New Game," then enter any of the following codes at the "Choose Game Name" screen:

**IEVAHI**—Unlock all levels

**B4K42**—Unlock "God Mode" menu (choose "Options" from the Pausd menu to find it)

**105770Y2**—Unlock all 230 Goodies

## BATTLESTAR GALACTICA

### Cheat Code

Choose "Options" from the main menu, then select "Extras" and press Up, Down, Down, Left, Left, Left, Right, Right, Left, Left, Up, Up, Left, Left, Down, Left, Right at the Extras menu. All of the Extras will be unlocked except the movies. This code also adds a new "Cheat Menu" option to the Options menu; access the Cheat Menu to toggle invincibility, max out your missiles or set up wingmen options.

### Ultimate Wingmen

Choose "Options" from the main menu, then select "Extras" and press Down, Down, Left, Down, Down, Up, Right, Right at the Extras menu. Apollo and Starbuck will be assigned as your wingmen, even if you're starting a new game.

## BIG MUTHA TRUCKERS

### Unlock Everything

Select "Options" from the main menu, then select "Cheats" and enter the following codes:

**VARLEE**—Unlocks Evil Truck

**CHEATINGMUTHATRUCKER**—Unlocks all remaining cheats

## BLADE II

### Main Menu Codes

Enter any of the following codes at the main menu. A message will appear at the top of the screen to confirm each code.

M A X I M U M H U R T—Unlock Pain Arenas

## MISSION IMPOSSIBLE: OPERATION SURMA

### Level Select

Choose "Profiles" from the main menu and highlight the name "Jasmine Curry." Now hold Left Trigger + Right Trigger + Y and press B; you'll be sent back to the main menu where you'll find a new "Levels" option, allowing you to warp to any area in the game. Note: You will not be able to save your progress after entering this code.

## MLB SLUGFEST 2004

### Secret Codes

Enter any of the following codes at the "versus" screen just before the game starts. The numbers represent the number of times you must press the X, Y and B buttons followed by a direction on the D-pad. For example, to enter the "Rocket Park" code (3-2-1-Up), press X three times, Y two times and B once, then press Up on the D-pad.

1-1-1-Down—Cheats Disabled  
3-0-3-Up—Extended Time For Codes

## 4-4-4-Down—Unlimited Turbo

3-0-0-Left—Max. Batting  
0-3-0-Left—Max. Power

725J K U P L M M—Unlock all Hardwood Classics jerseys  
ERT9976KJ3—Unlock all NBA Gear  
YREY5625WQ—Unlock all Team Gear  
B7843H5F9P—Unlock 15,000 NBA Store points

#### NBA STREET VOL. 2

##### Secret Codes

Select "Pick Up Game" from the main menu, choose "home" or "away" and select a user name. At the "Ready" prompt, you'll see a message at the bottom of the screen that says "Enter cheat codes now." Enter any of the following codes at this time; if you entered a code correctly, you'll hear the sound of a car alarm being set:

Big heads—Hold Left Trigger, press B, X, X, B  
Small players—Hold Left Trigger and press Y, Y, B, X  
ABA ball—Hold Left Trigger, press B, X, X, B  
WNBA ball—Hold Left Trigger, press B, Y, Y, B  
Ball trails—Hold Left Trigger, press Y, Y, X, X  
No interface graphics—Hold Left Trigger and press X, B, B, B  
All jerseys unlocked—Hold Left Trigger and press B, Y, X, X  
All courts unlocked—Hold Left Trigger and press X, Y, Y, X  
All Street Legends unlocked—Hold Left Trigger and press B, Y, X, Y  
All NBA Legends unlocked (except Michael Jordan)—Hold Left Trigger, press B, Y, Y, X  
NBA Legend Michael Jordan unlocked—Hold Left Trigger and press B, Y, B, B  
Unlimited Turbo—Hold Left Trigger and press X, X, Y, Y  
Explosive rims—Hold Left Trigger and press B, B, B, Y  
No Trick Counters—Hold Left Trigger and press Y, Y, B, B  
Fast players—Hold Left Trigger, press Y, B, Y, X  
Easy two-pointers—Hold Left Trigger and press Y, B, X, Y  
Hard two-pointers—Hold Left Trigger and press Y, X, B, Y

#### NEED FOR SPEED UNDERGROUND

##### Cheat Codes

Enter any of the following codes at the main menu; you won't hear any confirmation sound when doing so. Note: The codes must be entered quickly or they may not work.

Unlock all Circuit tracks in Quick Race mode—Down, Right Trigger, Right Trigger, Right Trigger, Black, Black, Black, X  
Unlock all Sprint tracks in Quick Race mode—Up, Black, Black, Black, Right Trigger, Down, Down, Down  
Unlock all Drag tracks in Quick Race mode—Right, X, Left, Right Trigger, X, Left Trigger, White, Black  
Unlock all Drift tracks in Quick Race mode—Left, Left, Left, Left, Right, Black, Right Trigger, White

#### NFL STREET

##### Cheat Codes

Enter the following names when creating a new User ID. Note that you can only use one User ID profile at a time, so only one cheat can be activated per player.

TRAVEL—All stadiums unlocked  
CLASSIC—NFL Legends team unlocked

KAR SLAY—Kayslay team unlocked  
EXCELLENT—X-ecutioners team unlocked  
AW9378—All AFC and NFC All-Stars teams unlocked

#### NHL RIVALS 2004

##### Secret Codes

Choose "Options" from the main menu, then select "Unlocks" and enter these codes:

BLIBBET—Microsoft All-Stars  
XSNSPORTSWEST—XSN Sports West All-Stars  
XSNSPORTSEAST—XSN Sports East All-Stars  
CUJOWEST—NHL Rivals West All-Stars  
CUJOEAST—NHL Rivals East All-Stars  
AIRHOCKEY—Zero ice friction  
DEADBOARDS—No-bounce dashboards  
SHOOTOUT—All Snipers  
BRUIERS—All Enforcers  
PESTFEST—All Agitators  
EVENSTEVEN—All balanced  
INVISIBLEMAN—Invisible players  
TINYTYKES—Small players  
BIGDUDES—Big players  
CAFFEINE—Unlimited speed burst  
HOWITZER—Big shots  
BIGBISCUIT—Big puck  
HSTREAK—Heavy shot trails  
HEAVYPUCK—Gravity

#### OUTLAW VOLLEYBALL

##### Unlock All Characters

Select "Exhibition" from the main menu. When the character-select screen appears, hold Left Trigger and press Left, White, Right, White to unlock all of the characters.

Change Character Proportions  
Enter either of the following codes at any time during gameplay:

Increase Upper Body—Hold Left Trigger and press B, Up, Up, B, Y  
Big Head Mode—Hold Left Trigger and press B, A, B, Y

#### PIRATES OF THE CARIBBEAN

50 Skill Points—A, B, Y, X, Y, B, B, Y, A  
Reputation Set to Neutral—A, X, Y, X, Y, B, B, Y, B, A

#### PITFALL: THE LOST EXPEDITION

##### Cheat Codes

At the title screen, hold Left Trigger + Right Trigger and enter any of the following codes. Release the triggers after each code to see a confirmation message.

Infinite water in canteen (must acquire canteen first)—Left, X, B, Down, X, A, X, B  
Faster attacks—Left, Right, B, Up, B, Right, Left  
Play as Nicole—Left, Up, Down, Up, B, Up, Up  
Play as old-school Pitfall Harry—Y, Left, Down, X, B, Y, Y, Left  
Unlock Pitfall at the New Game/Load Game menu—B, B, Left, Right, B, X, A, Up, B  
No Pitfall II: Lost Caverns at the New Game/Load Game menu—Left, Right, Left, Right, Y, Y, Y

#### PRISONER OF WAR

##### Secret Passwords

Enter any of the following codes at the "Passwords" screen:

FARLEYMYDOG—Unlock everything in the Secrets menu  
GERTEING5—Unlock all chapters  
ALTIMES—Be informed of all events in the day

#### PROJECT GOTHAM RACING

##### Cheat Code

At the "load or create new" screen, select "create new driver." Next, select "driver name" and enter your name as "Nosliw." Note that only the first letter is capitalized. Now all of the cars, body paint styles, courses and stages are unlocked.

#### QUANTUM REDSHIFT

##### Secret Cheats

At the "Select Profile" screen, choose "Create New Profile," then enter "CHEAT" as your profile name. New menu items called "Easter Eggs" and "Cheats" will appear within the "Options" menu. Now you can enter the following codes at the "Enter Cheat Code" screen from within the Cheat menu. Note that each code is case-sensitive.

FISHFACE—Infinite Turbo  
THINKBATT—Infinite Shield

RICEITUP—Fully upgrade all characters  
NEMATODE—Unlock all characters  
HEADSLAP—Unlock all circuits  
ZOOZOOO—Unlock all speeds  
CHOCCHO—Unlock all easter eggs

#### REDCARD 20-03

##### Unlock Everything

Choose "Load/Save" from the main menu, then select "Create/Load Profile" and create a new profile with the name "BIGTANK." All of the secret teams, stadiums and Finals Mode will be unlocked.

#### ROCKY

##### Secret Codes

Enter the following codes at the main menu:

Unlock all boxers and arenas—Hold Right Trigger and press Up, Down, Down, Left, Left, Left Trigger  
Boxers punch harder—Hold Right Trigger and press Right, Down, Left, Up, Left, Left Trigger  
Boxers move faster—Hold Right Trigger and press Down, Left, Down, Up, Right, Left Trigger

#### ROGUE OPS

##### Cheat Codes

At any time during gameplay, press START and enter the following codes while the game is paused. Note: Not all of the codes will work in all stages.

Half damage—X, X, Y, Y, Left, Left, Right, Right, Y, Y, X, X  
Enemy bullets cause no damage—Left, Right, Right, Left, X, Y, Y, X  
Invincibility—Left, Right, Right, Left, Left, Right, Right, Left, Left, Right, Left, X, X  
Infinite ammo—X, Y, X, Y, X, Y, Left, Y, X, Y, X, Y, X, X  
One-shot kills—Y, Left, Right, Right, Left, Y, Black, White, Y, X, X  
Unlimited Fly Cam—Left, Left, Right, Right, White, White, Black, Black, X, X, Y, Y

Skip to the Installation K stage—White, Black, Right, White, Left, Y, White, Y, Right, Right, Left (Note: This code will only work in the MDD Research Station stage)

See game ending—White, Black, X, X, Left, Black, Black, X, X, White, X (Note: This code will only work in the Installation K stage)

#### SCOOBY-DOO! NIGHT OF 100 FRIGHTS

##### Cheat Codes

At any time during the game, press the START button to pause, then enter any of the fol-

lowing codes. The codes must be entered quickly or they may not work.

All Power-ups—Hold Left Trigger + Right Trigger and press B, X, B, X, B, X, B, X, B, X  
Unlock Cinematics in Credits—Hold Left Trigger + Right Trigger and press X, B, X, X, X, B, B, X, B, B  
Unlock All Warp Gates—Hold Left Trigger + Right Trigger and press X, X, B, X, X, B, B, B, B  
Unlock Monster Gallery Movies—Hold Left Trigger + Right Trigger and press X, X, B, B, B, X, B, X

#### SECRET WEAPONS OVER NORMANDY

##### Cheat List

Enter the following codes at the title screen. After you hear the sound confirmation for correct entry for each code, select New Game.

Invincibility—Up, Down, Left, Right, Left, Left, Right, Right, Left Trigger, Right Trigger, Right Trigger, Right Trigger, White, Black  
Unlimited ammunition—Up, Right, Down, Left, Up, Right, Down, Left, Left Trigger, Right Trigger  
Unlock all Instant Action environments—Left, Right, Up, Down, Left, Right, Left Trigger, Right Trigger, Left Trigger, Right Trigger  
Big head—Right, Up, Left, Down, Right, Up, Left, Down, Right, Left Trigger, Right Trigger, Right Trigger, Left Trigger, Right Trigger

#### THE SIMPSONS: HIT & RUN

##### Cheat Codes

Choose "Options" from the main menu, then hold the Left Trigger and Right Trigger at the options menu and enter any of the following codes. A beeping horn will confirm correct code entry. You can also enter these codes during a game by selecting "Options" from the pause menu, but you won't hear a confirmation sound:

Invincibility—Y, A, Y, A  
Unlimited top speed—X, X, X, X  
Fast acceleration—Y, Y, Y, Y  
Press horn to make vehicle jump—X, X, X, Y  
Destroy vehicles with one hit—Y, Y, X, X  
Enable speedometer—Y, Y, B, X  
Replace secret vehicle in each mission with Red Brick Car—B, B, Y, X  
Play Kang & Kodos dialogue during credits—A, X, X, Y (choose "View Credits" from the Options menu)  
Show graphic wireframes—B, A, B, Y  
Extra camera angles—B, B, B, A  
With the "extra camera angles" code in place, choose "Settings" from the In-game Options menu; two additional camera settings will be available while you're on foot, with six new camera settings while you're in a vehicle. If you choose the "Debug Camera," you can use Controller 2 to set the camera anywhere you wish. The Left Thumbstick aims the camera, but if you click the Left Thumbstick by pushing it into the controller, you can also use it to move the camera's position.

#### THE SIMPSONS: ROAD RAGE

##### Secret Codes

Enter any of the following codes at the "Options" screen. After entering the code correctly, you'll hear a special sound effect.

Drive Red Soapbox Car—Hold Left Trigger + Right Trigger and press B, Y, X  
Drive as Smithers in Mr. Burns' Car—Hold Left Trigger + Right Trigger and press B, B, Y, Y  
Drive Nuclear Bus—Hold Left Trigger + Right Trigger and press B, Y, A  
Drive as New Year's Krusty—Hold Left Trigger + Right Trigger and press B, X, Y  
Drive as Halloween Bart—Hold Left Trigger + Right Trigger and press B, X, A  
Drive as Thanksgiving Marge—Hold Left Trigger + Right Trigger and press B, B, X, X  
Drive as Christmas Apu—Hold Left Trigger + Right Trigger and press B, X, B  
Extra camera views—Hold Left Trigger + Right Trigger and press B, B, B  
Nighttime mode—Hold Left Trigger + Right Trigger and press A, A, A, A  
Slow-Motion mode—Hold Left Trigger + Right Trigger and press A, B, Y, X  
Flat characters—Hold Left Trigger + Right Trigger and press X, X, X, X

#### SONIC HEROES

##### Metal Teams

Select "2P Play" from the main menu, choose a game and select any team. At the stage-select screen, select a stage with the A button, then immediately press and hold A + Y while the game loads. When the game starts, your team will consist of metal versions of the characters you chose.

SPIDER-MAN

Secret Codes

From the main menu, select "Specials," then select "Cheats" and enter any of the following codes:  
K O A L A—All "Combat Controls" enabled  
I M I A R M A S—Unlock all stages in "Level Warp"  
H E A D E X P L O D Y—Unlock "Pinhead Bowling" in Training menu  
A R A C H N I D—Unlock all of the above + all "Gallery" items  
O R G A N I C W E B B I N G—Unlimited web fluid  
R O M I T A S—Unlock "Next Level" option at the Paused menu  
U N D E R T H E M A S K—First-person view

SPLASHDOWN

Cheats Menu

Choose "Options" from the main menu, then hold Right Trigger and press Up, Up, Down, Down, Left, Right, Left, Right, X, B, X. You will automatically enter a "Cheats" menu where you can enter any of the following codes:  
A I I C h a r—Unlock all characters  
P a s s p o r t—Unlock all courses  
F e s t i v a l—Unlock all videos  
L a P i n a t a—Unlock all characters and wetsuits

Hit villagers to acquire Shiny Objects—Y, Y, Y, Y, X, X, X, X, X, X, X  
Big Plankton—Y, Y, Y, Y, X, X, X, X, X, X, X  
Small villagers—Y, Y, Y, Y, X, X, X, X, X, X, X  
Small co-stars—Y, Y, Y, X, X, X, X, Y, Y, Y, Y  
Spongebob has no pants—X, X, X, X, Y, X, X, X, Y, X, X  
Invert up/down camera controls—Y, X, X, X, X, X, X, Y  
Invert left/right camera controls—Y, Y, X, X, X, X, Y, Y

SSX TRICKY

Secret Codes

Enter the following codes at the title screen, when the words "Start Game" and "DVD Content" appear. You'll hear a special sound effect after releasing Left Trigger + Right Trigger for each code. For all the codes except the first one, you will not be able to see the effects until gameplay begins. For example, for the Mix Master Mike code, he won't appear on the character select screen, but after choosing any character, he will appear when gameplay begins.  
Maximum stats for all characters—Hold Left Trigger + Right Trigger and press Y, Y, Right, Y, Y, Down, A, A, Left, A, A, Up  
Play as Mix Master Mike—Hold Left Trigger + Right Trigger and press A, A, Right, A, A, Down, A, A, Left, A, A, Up  
Special outfit and board for Elise only—Hold Left Trigger + Right Trigger and press A, A, Right, B, B, Down, Y, Y, Left, X, X, Up  
Board sticks to the ground more easily—Hold Left Trigger + Right Trigger and press X, X, Right, Y, Y, Down, B, B, Left, A, A, Up

STAR WARS JEDI KNIGHT: JEDI ACADEMY

Cheat Codes

Enter any of the following codes at any time during gameplay; you'll hear a confirmation sound each time you enter a code correctly.  
Invincibility—Hold Right Thumbstick, press Down, Up, Left, Right, Down, Up, on the D-pad, release Right Thumbstick  
All Force Powers—Hold Right Thumbstick, press Left, Down, Right, Up, Down, Down on the D-pad, release Right Thumbstick  
Unlimited Force Powers—Hold Right Thumbstick, press Up, Down, Up, Left, Up, Right on the D-pad, release Right Thumbstick  
Skip the current mission—Hold Right Thumbstick, press Up, Up, Down, Down, Left, Right on the D-pad, release Right Thumbstick

STAR WARS JEDI KNIGHT II: JEDI OUTCAST

Secret Codes

At the main menu, select "Extras," then select "Cheats" and enter any of the following codes. You'll hear a special sound effect upon entering a correct code.  
B I S C U I T—Infinite ammunition  
B U B B L E—Infinite health  
F U D G E—Start with lightsaber  
P E E P S—Unlock all multiplayer characters  
C H E R R Y—Unlock all levels up to Yavin Temple  
F L I C K Y—Unlock all Movie Viewer items

STAR WARS: JEDI FIGHTER

Cheat Codes

Select "Code" from the Options menu and enter any of the following codes:  
A R T O O—Invincible mode  
L O N G O—Unlock all story missions and bonus features  
D A R O N—Director mode

STAR WARS: OBI-WAN

Unlock All Missions

At the title screen, select "New Game" and enter your name as "GREYTERAT." You'll begin playing at the bonus Battle Royale mission. To access any other mission in the game, press START to pause, then press X to go to the Select Mission screen.

STARSKY & HUTCH

Cheat Code

When creating a new profile, enter the name "VADKRAM" on your license plate to unlock all seasons and episodes in Story Mode as well as all Free Roam areas, TV Specials and Locker features.

f r e e w h e e l e—Perfect Manual  
m o o n s h o t—Moon Gravity

f b i a g e n t—Matrix Mode  
b u m p e r r u b—Perfect Skitch  
4 p o s e r s—Stats at 13  
W a t c h \_ M e \_ X p l o d e—Unlock everything

TONY HAWK'S UNDERGROUND

Cheat Codes

Choose "Options" from the main menu, then select "Cheat Codes" and enter any of the following codes. After entering a code, start a game, then pause and select "Cheats" from the In-game Options menu to toggle the code on or off.  
g e t i t u p—Moon gravity  
k e e p i t s t e a d y—Perfect manual  
l e t i t s l i d e—Perfect rail

TOTEALED

Cheat Codes

Enter any of the following codes during any in-game "Loading" screen:  
Unlock everything—Up, Down, Left, Right, A  
Press Y to jump during gameplay—Y, Left, Right, A  
Opponent cars don't drive—Left, Left, A  
All opponents try to hit you—Down, Up, A  
Infinite Nitros—Right, Left, A  
No Nitros—Right, Left, Left, A

TRUE CRIME: STREETS OF L.A.

Unlock All Upgrades

During gameplay, press START to pause and enter the City Map screen (you must be outside). Press Up, Right, Down, Left, Up, A. All cars, driving maneuvers, guns, gun upgrades, attacks and grapples will be unlocked. Note that all Bonus Missions will be unavailable after entering the code.  
Unlock Snoop Dogg Missions  
During gameplay, press START to pause and enter the City Map screen (you must be outside). Press Right Trigger, Left Trigger, Up, Right, Left, Down, Left Thumbstick, Right Thumbstick, A, X. Now save and exit out of the game. Load the saved game and enter the Mission select screen. Select the Snoop Dogg missions by choosing the Snoop Dogg head icon.  
Play as Different Characters  
Select New Game at the main menu. Enter the following codes at the license plate screen to play as different characters from the game. You must hold down L + R when selecting "OK" to make the code work.  
R O S A—Rosie Velasquez  
H U R T \_ M 3—Rosie in lingerie  
F A T T—George  
B 1 G 1—Chief Wanda Parks

## DORA THE EXPLORER: BARNYARD BUDDIES

**Stage Select**  
Choose "Options" from the main menu, then press L2, L1, R2, R1 at the options menu. A stage-select option will appear.

## DRAGON BALL Z: ULTIMATE BATTLE 22

**Unlock All Characters**  
At the main title screen, quickly press Up, △, Down, X, Left, L1, Right, R1. If you've entered the code correctly, you'll hear a chime and another video sequence will begin, followed by a new title screen that says "Dragon Ball Z: Ultimate Battle 22." Now all of the secret characters have been unlocked.

## EQUESTRIAN SHOWCASE

**Cheat Codes**  
Choose "Options" from the main menu, then select "Cheats" and enter any of the following codes:  
GENIE\_IN\_A\_BOTTLE—Unlock all difficulty levels, events, locations, horses and special weather options  
TUDOR\_PARK\_REGIME—All horses have max. stats  
PHAR\_LAP—Horse's stamina meter always full  
MR\_HAPPY—No dressage failures  
TANTALUS\_BIG\_AIR—Rider flies much farther during falls  
KANAHOOKA—Tiny horses  
ALVIN—High-pitched sounds  
HUMWAWA—Low-pitched sounds  
CHRISTMAS\_SNOW—Snow at menu screens  
NEW\_YEARS\_EVE—Fireworks at menu screens  
EQ\_DEVTEAM—Show development team photo in the background of the "Credits" sequence

## FEAR EFFECT

**Cheat Codes**  
From the main menu, select "Options," then select "Credits." Enter any of the following codes while the credits are rolling. You'll hear a special sound effect and the screen will flash red after entering a correct code.  
One-Hit Kills—L1, △, Up, Down, O, O, △, □, Down, R1  
Expert Mode—Down, Down, Down, △, Down, Down, Down, □, Left, Right  
Instant Puzzle Solutions—L1, △, Up, Down, O, O, Down, Down, Down, Up  
Infinite Health—L1, △, Up, Down, O, O, △, □, Right, □  
Max. Ammo—L1, △, Up, Down, O, O, △, □, Left, △

## FORSAKEN

**Secret Cheat Menu**  
At the main menu, highlight "Options" and press Left, Right, Left, Right. Next, press X to

access the Global Options menu; you'll find a new item called "Cheat Options" at the bottom. At the Cheat Options menu you can grant yourself all weapons, become invincible, stop your enemies from firing and even skip to any stage.

## GEKIDO: URBAN FIGHTERS

**Cheats**  
To enter these codes, you must first get a high score (with the default high scores, your score must be over 1,000 points). Enter the following codes as your name at the high score name entry screen after your game is over to get the corresponding effect. All unlocked cheats will appear in the "Options" menu and must be toggled on for them to work.  
DEFORMANIA—Unlock Deformed mode  
BONECRACK—Unlock Skeleton mode

## GEX: ENTER THE GECKO

**Invincibility**  
During the game, press START to pause, then hold the L2 button and press Left, Right, △, Down, Right, Left.  
**Infinite Lives**  
During the game, press START to pause, then hold the L2 button and press Up, Down, Right, △, Down.

## GRAND THEFT AUTO

**Cheat Codes**  
Press □ at the character-select screen to change a character's name to one of the following cheat names; when the game starts, you'll get the following effects:  
WEYHEY—Start with 9,999,990 points  
BLOWME—Display map coordinates  
EATTHIS—Max. "Wanted" level  
THESHIT—Unlock all missions and start with 99 lives, all weapons, infinite ammo and all items

## GRAND THEFT AUTO: LONDON 1969

**Secret Codes**  
Start a new game. At the character-select screen, press □ to change your character's name to any of the following words. The effects of these codes are cumulative, so you can enter one code, then exit the game and enter another to combine effects.  
SWENEY—Display coordinates on the screen  
GRASS—No police  
OLDBILL—Maximum filthometer  
SIDEBURN—Bonus multiplier starts at x5  
BIGBEN—Start with 9,999,990 points  
MCVICAR—Start with 99 lives  
RAZZLE—Stage select  
HAROLDHAND—Activates all of the above, plus all weapons with infinite ammo and all items

## GRAND THEFT AUTO 2

**Secret Codes**  
From the main menu, select "Play," then press X again to change your name to any of the following codes. You'll get no special confirmation after entering a correct code.  
BIGSCORE—Start with \$1,000,000  
NABARONE—Start with all weapons and 99 ammo  
HIGHTFIVE—Start with x5 Multiplier  
LOSEFEDS—No Police  
WUGLES—Display Coordinates  
ITSALLUP—Area Select  
LIVELONG—Start with unlimited health  
DESIRE—Start with maximum Wanted Level

## HOT SHOTS GOLF

**All Access Code**  
First, plug a controller into the Player 2 slot before you turn the game on. When the golfers appear, hold L1 + L2 + R1 + R2 on Con-

troller 2, then as soon as you see the screen flash bright white, quickly press Up, Up, Down, Up, Left, Right, Right, Left, Up, Up, Down, Up, Left, Right, Right, Left on Controller 2. You must continue to hold all four L and R buttons during this process and you must finish entering the code before the Hot Shots Golf logo stops bouncing. If you're quick enough, you'll hear a signal to confirm. Now you have access to all of the previously locked courses and golfers.

## Mirror Courses

At the Course Select screen, highlight a course, hold L1 + L2, press X to lock in your selection and continue to hold L1 + L2 until the course loads. When it does, it will be a "mirrored" version of the normal course.

## Mirror Characters

At the Character Select menu, highlight a golfer, hold L1 and press X. If that golfer is normally right-handed, he or she will play left-handed, and vice versa.

## HOT SHOTS GOLF 2

**Unlock Everything**  
From the main menu, select "New Game." Then, at the following screen, enter "2G5H" to unlock all courses and characters.

## INTERNATIONAL TRACK & FIELD

**Secret Surprises**  
• In the Long Jump or Triple Jump, if all three digits of your jump distance are the same (e.g. 1.11 meters, 2.22 meters, etc.) a mole will appear from the ground.  
• In the Shot Put, if all three digits of your throw distance are the same (e.g. 1.11 meters, 2.22 meters, etc.) a dinosaur will appear behind the crowd.  
• In the Hammer Throw, if the number before the decimal point in your throw distance matches the number after the decimal (e.g. 1.01 meters, 21.21 meters, etc.) a balloon will appear from the crowd.  
• In the Discus Throw, if the number before the decimal point in your throw distance matches the number after the decimal (e.g. 1.01 meters, 21.21 meters, etc.) a flock of pigeons will appear in the sky.  
• In the Javelin Throw, if you throw with maximum power at an angle of over 60 degrees, you'll hit a U.F.O., which will fall into the stadium.  
• In the High Jump, if you qualify with your first attempt, set the bar at least 40cm higher for your second attempt. If you make it, a blimp will appear during your third jump.  
• In the Pole Vault, if you qualify with your first attempt, set the bar at least 40cm higher for your second attempt. If you make it, a space shuttle will appear during your third jump.  
**Skimpier Swimsuits**  
At the Game Select menu, highlight "100m Free Style" and press Up, Up, Down, Down, Left, Right, Left, Right, O, X. Instead of the standard one-piece swimsuits, the contestants will all be wearing bikinis.

## INUYASHA

**Cheat Codes**  
Enter any of the following codes at the main menu screen:  
Unlock all characters except Totosai—Up, Right, Down, Left, Up, Right, Down, Left  
Unlock Totosai—Hold R2 and press Up, Up, Down, Down, Left, Left, Right, Right, Up, Left, Down, Right, Up, Left, Down, Right  
Unlock Demon Inuyasha—Press Up, Up, L1, L1, Down, Down, R1, R1, Up, Up, L1, L1, Down, Down, R1, R1 (Note: Demon Inuyasha is not available in Feudal Fairy Tale mode)

## Secret Message

If you hold the R1 button before the title screen appears, you'll hear a secret message

in Japanese after the name of the game is spoken. The secret message will be different depending on which character announces the title.

## JET MOTO

**Cheat Codes**  
Go to the Options screen and set the Difficulty to "Professional" and the Laps Per Race to "6." Press START. At the title screen, press O, O, O, □, △, △, □, △. You will hear a sound and a word balloon which says "Codes Enabled" will appear. You can now enter the following codes at the title screen for different effects:  
2 Player vs. CPU—O, □, R2, O, △, L2, Right, Up  
Double Stunt Points—Right, Up, O, L2, △, O, R1, R2  
Unlimited Turbos—△, O, Right, R2, Up, □, Up, △  
Rocket Racer—△, Up, Up, L2, L2, Up, Up, Up  
Multiple Camera Angles—△, Down, □, △, L1, L1, R1, R1  
No Resistance—□, L1, △, Right, L1, Down, R2, △  
Super Ability—Down, O, Left, L1, Left, Right, Left, Right  
Air Brakes—R1, R2, Right, L2, Up, O, Up, O  
Ice Racing—Up, R2, R1, Right, L1, □, Right, Right  
Access All Tracks  
At the "Options" menu, set the Difficulty to "Amateur" and set the Trophy Presenter option to "Male." Now press START; when the yellow highlight appears on the menu at the bottom of the title screen, press Up, Right, Down, Left, Up, Right, Down, Left. Next, choose "Options" again and set the Difficulty to "Professional" and the Trophy Presenter to "Rider's Choice." Press START again; when the main menu reappears, press Up, Left, Down, Right, Up, Left, Down, Right. You'll hear a signal to confirm the code. You now have access to all of the tracks in all game modes; there's also a fourth difficulty setting called "Master" at the Options menu.

## JET MOTO 2

**Access All Tracks**  
Note: The following cheats require you to adjust settings at the Options menu. When you do so, always remember to exit the Options screen by pressing the START button or by highlighting "EXIT" and pressing the X button; if you exit the options screen by pressing the △ button, your changes will not be retained and the codes won't work.  
To access all of the tracks—including the alternate tracks—follow these steps:  
1) At the Options menu, set the Difficulty to "Master" and the Laps Per Race to "5".  
2) Choose "1 Player" at the main menu; highlight Li'l Dave, press X, then press △ until you get back to the main menu.  
3) At the main menu, quickly press Up, Down, Left, Right, R2, R1, L2, L1; you won't get any confirmation of this code.  
4) Return to the Options menu and set the Laps Per Race to "3".  
5) Choose "1 Player" at the main menu; highlight Wild Ride, press X, then press △ until you get back to the main menu.  
6) At the main menu, quickly press Up, Left, Down, Right, □, R2, O, L2; you will hear a signal to confirm this code.  
7) At the Options menu, set the Difficulty to "Amateur" and the Turbo to "Off".  
8) Choose "1 Player" at the main menu; highlight Bomber, press X, then press △ until you get back to the main menu.  
9) At the main menu, quickly press Up, Down, Left, Right, Up, Down, Left, Right; you won't get any confirmation of this code.  
10) At the Options menu, set the Difficulty to "Professional" and the Turbo to "On".

## THE POWERPUFF GIRLS: CHEMICAL X-TRACTION

**Secret Codes**  
Choose "Passwords" from the Options menu and enter any of the following codes:  
Princess, Blossom, Fuzzy, Bubbles, Princess—Unlock Powerpuff Girls Bedroom  
Sedusa, Buttercup, Mojo Jojo, Ace, Princess—Unlock Professor Utonium's Lab  
Fuzzy, Ace, Blossom, Princess, Sedusa—Unlock Townsville Jail  
Big Billy, Bubbles, Ace, Sedusa, Big Billy—Invincible Mode, Player 1  
Ace, Big Billy, Fuzzy, Bubbles, Fuzzy—Invincible Mode, Player 2  
Buttercup, Mojo Jojo, Sedusa, Big Billy, Princess—Chemical X-tra, Player 1  
Ace, Princess, Blossom, Buttercup, Ace—Chemical X-tra, Player 2  
Big Billy, Ace, Buttercup, Ace, Blossom—Unlimited X, Player 1  
Sedusa, Bubbles, Ace, Bubbles, Big Billy—Unlimited X, Player 2  
Blossom, Mojo Jojo, Princess, Sedusa, Ace—Unlock Bubbles' Super Scream  
Ace, Blossom, Ace, Buttercup, Blossom—Unlock Blossom's Ice Breath  
Ace, Fuzzy, Big Billy, Mojo Jojo, Ace—Unlock Buttercup's Tornado Spin  
Princess, Buttercup, Bubbles, Ace, Ace—Power Damage, Player 1  
Ace, Mojo Jojo, Blossom, Buttercup, Princess—Power Damage, Player 2  
Bubbles, Fuzzy, Ace, Blossom, Ace—Super Health, Player 1  
Ace, Ace, Buttercup, Fuzzy, Big Billy—Super Health, Player 2  
Bubbles, Ace, Mojo Jojo, Princess, Ace—Disable game timer  
Sedusa, Big Billy, Blossom, Ace, Buttercup—Unlock all characters and stages

## RAGE RACER

**Mirror Mode**  
At the Car Select menu, highlight "Race Start," hold L1 + R1 and press START and continue to hold all three buttons down. When the race starts, all of the graphics will be horizontally reversed.  
**Custom Logo Colors**  
At the Team Logo design screen, highlight any color on the color palette, hold L1 + L2 + R1 + R2 and press SELECT; you'll see three new menu items that control the amount of red, green and blue pigment in each color. To customize one of the default colors in the palette, highlight it, press Up or Down to highlight the red, green or blue pigment box, then hold the R1 or R2 button and press Up or Down to adjust the amount of pigment you'd like to have mixed into the final color. With the RGB boxes on the screen, press SELECT repeatedly to toggle the guide markers in the small paint window, including a new "cross" marker which helps you to line up elements in the box.

## RAMPAGE THROUGH TIME

**Secret Passwords**  
From the main menu, select "Password," then enter any of the following passwords:  
1 2 3 4 5—Unlock "Cheat" menu within "Options"  
J 0 M 3 L—Unlock Neo Techno, Jurassic and Scumlabs stages in Challenge mode  
J 0 S H S—Power Meter always full

## RAZOR FREESTYLE SCOOTER

**Unlock Everything**  
At any time during gameplay, press START to pause the game, then press Right, Down, Right, Left, Right, Up, Right, Right. A special message will appear at the top of the screen after entering the code correctly. You may have to quit the current game to observe all of the unlocked items.

## RUSHDOWN

**Unlock All Tracks**  
At the main menu, press Up, Up, Down, Down, Left, Right, Left, Right, Δ, Δ, Δ, Δ. Now all of the tracks will be available when you select Arcade Mode.

## SAMMY SOSA SOFTBALL SLAM

**Secret Codes**  
At any time during gameplay, press START to pause, then enter any of the following codes:  
Big Softball—R1, R2, R1, R2, R1, R2  
Ball Cannon—L1, L2, L1, L2, L1, L2

## SMALL SOLDIERS

**Cheat Passwords**  
O, O, Δ, Δ, O, X, Δ, X—Invincibility  
Δ, Δ, O, O, O, X, Δ, X—All Weapons  
**Stage Passwords**  
X, X, Δ, Δ, Δ, Δ, X, O, X—Gorgon  
Δ, Δ, X, Δ, Δ, Δ, Δ, X—Dimensional Temple  
O, X, Δ, Δ, Δ, Δ, O, X—Floating Fortress

X, Δ, Δ, Δ, Δ, X, Δ, X—Canyon Village  
Δ, Δ, Δ, Δ, Δ, Δ, Δ, X—Creepy Caverns  
O, Δ, Δ, Δ, O, Δ, X—Space Ship  
Δ, Δ, Δ, Δ, Δ, Δ, Δ, X—Hall of Patriots  
X, O, Δ, Δ, X, X, Δ, X—Graveyard  
Δ, O, Δ, Δ, Δ, Δ, X, Δ—Nuclear Mine  
O, Δ, Δ, Δ, Δ, O, X, Δ—Launch Center  
Δ, O, Δ, Δ, Δ, Δ, X, Δ—Ulhadan Fier  
X, Δ, Δ, Δ, Δ, X, Δ, Δ—Garrison  
Δ, Δ, Δ, Δ, Δ, Δ, Δ, Δ—Inner Sanctum

## THE SMURFS

**Level Select**  
From the main menu, select "New Game," then select "It's No Picnic." At the Choose Level screen that appears next, press L1, Up, Up, Down, Up, Left, Left, Up, R2. You'll hear a special sound effect if you've input it correctly and you'll be able to select any level.

## SPEC OPS: AIRBORNE COMMANDO

**Secret Menu**  
When the copyright screen appears (the one that says "Copyright 2002 Take Two Interactive Software," etc.), press the START button on Controller 2. A menu of secret programmer options will appear, and you can use various buttons on Controller 2 to turn them on. Unfortunately, you'll only have a few seconds to activate the desired options before the next screen appears, after which you can no longer adjust the secret options (even though the secret menu will reappear during loading screens).

## SPEC OPS: RANGER ELITE

**Invulnerability**  
At the main menu, select "One Player Game." Next, enter R O C K S T A R as your name at the following screen. When you begin the mission, press START to enter the pause menu. A new menu item, "Invulnerable" may now be toggled on and off.

## SPIDER-MAN 2: ENTER ELECTRO

**Cheat Codes**  
From the main menu, select "Special," then select "Cheats" and enter any of the following codes. After entering each one correctly, Stan Lee will exclaim, "Excelsior!"  
A U N T M A Y—Unlock Level Select, all costumes, all Gallery items and all Training items  
A L I E N—Big head  
S T A C E Y D—Big feet  
V I S I O N S—"What If" Mode

## SPORTS SUPERBIKE 2

**Secret Codes**  
Choose "Options" from the main menu, then select "Secret Codes" and enter the password "MIDAS" to unlock all tracks and all difficulty levels and clear all the skill tests.

Unfortunately, this code also disables the steering assist and braking assist at all difficulty settings in addition to enabling bike damage.

## STAR TREK: INVASION

**Unlock Everything**  
At the "Stellar Cartography" screen, press Up, Left, Down, Right, Up, Right, Down, Left, Up, L1 + R1, L2 + R2. Each of the last two combinations of buttons must be pressed precisely at the same moment or the code won't work. The screen will flash white and the words "Cheats On" will appear after entering the code correctly.

## STUART LITTLE 2

**Cheat Codes**  
Enter any of the following cheat codes at the main menu screen:  
Invincibility—L2, Δ, Δ, L1, O, R2, Δ, L1, O  
Infinite ammo—Δ, L1, R1, Up, O, L2, R2, Down (the counter will go down to zero, but you'll still have ammo)  
Unlock all levels at the "Visit Snowbell" menu—R2, Left, Right, R1, L1, Up, Down, L2  
Unlock all movies in Gallery—O, L2, Left, R1, R2, Right, L1, Δ  
Unlock new "Flycam" option at the pause menu (use the D-pad and buttons to move the camera around)—Up, L1, Down, R1, R2, Down, L2, Up  
Display programmers' debug info—Left, L1, L1, Right, R1, R1, Up, Down  
View all loading screens and level intro movie clips—Right, O, Δ, Δ, R1, R2, Left, L2

## TETRIS PLUS

**Stage Select**  
Choose Puzzle Mode and select the "Password" option. As soon as the password screen appears, press Down, Down, Right, Up, Up, Right, Up, Up, Right, then repeat that same sequence of buttons again. Now press the X button; when the game starts, a stage-select menu will appear.

## TONY HAWK'S PRO SKATER 3

**Secret Codes**  
At any time during gameplay, press START to pause the game, then enter any of the following codes at the "Paused" screen. After entering a correct code, the pause menu will shake to confirm. Note: You will not be able to see the effects of the codes marked with an asterisk (\*) unless you exit to the main menu or enter a different level.  
Overall game speed is faster—Hold L1 and press Left, Up, Δ, Δ  
Slow-motion tricks—Hold L1 and press Left, Left, Up, Left, Left, Up, X  
Flip entire level—Hold L1 and press Down, Down, Δ, Left, Up, Δ, Δ  
Perfect balance—Hold L1 and press Up, Down, Up, Δ, X, Δ, Δ  
Special meter always full—Hold L1 and press Δ, Right, Up, Δ, Δ, Right, Up, Δ, Δ  
Moon physics—Hold L1 and press Right, Up, Down, X, Down, Up, Down, X, Δ  
Kid mode—Hold L1 and press X, Δ, Δ, Up, Right, Down, Δ  
Big head—Hold L1 and press Right, Up, Left, Down, Right, Up, Left, X  
Wireframe graphics—Hold L1 and press Left, Δ, Left, Δ, Left, Δ, Up, X  
Sim mode (realistic physics)—Hold L1 and press Up, Δ, Right, O, Down, X, Left, Δ, Up, Δ, Right, O, Down, X, Left, X  
Smooth graphic textures—Hold L1 and press Left, Left, Up, Up, O, O, Left, Δ  
Disco mode—Hold L1 and press Left 15 times, then O  
Add "Skip to Restart" option to the Paused menu—Hold L1 and press Up nine times, then O, Up

End the current run with 100,000 points added to your score—Hold L1 and press Δ, O, Right, Δ, O, Right, Δ, O, Right  
The latter code is only useful during the Competition stages in Career mode; it will allow you to score high enough to earn a gold medal.

## TREASURE PLANET

**Cheat Codes**  
Enter any of the following cheat codes at the main menu screen. You'll hear a sound effect to confirm each code:  
Invincibility—L2, Δ, L1, O, R2, Δ, L1, O  
Unlimited musket charge—Δ, L1, R1, Up, O, L2, R2, Down  
Unlock all levels—R2, Left, Right, R1, L1, Up, Down, L2  
Unlock new "Flycam" option at the pause menu—Up, L1, Down, R1, R2, Down, L2, Up (use the D-pad and buttons to move the camera around)  
Display programmers' debug info—Left, L1, L1, Right, R1, R1, Up, Down  
View all loading screens and level intro movie clips—Right, O, Δ, Δ, R1, R2, Left, L2

## URBAN CHAOS

**Unlock All Levels**  
At the main menu, make sure the cursor is not on "Options," then hold R1 + L1 + SELECT and press START. You'll hear a special sound effect and the words "All Levels Cheat Enabled" will appear at the bottom of the screen if you entered the code correctly.  
**Extra Weapons**  
At any time during gameplay, hold down Δ + O + Δ + X and press Right. Each time you do this, weapons will appear around you to pick up.

## Y-RALLY 2: NEED FOR SPEED

**Unlock Everything**  
From the main menu, select "Game Options." Next, select "Game Progression." Then, press L1, R1, Left, Right, Left, Right, Up, Down, Up, Down, X, X + SELECT. You'll hear a buzzer sound effect if you input the code correctly. Now you'll be able to unlock any part of the game shown on this screen by pressing X at the corresponding box.

## WORLD'S SCARIEST POLICE CHASES

**Cheat Codes**  
Each of the following codes can be entered at the main menu:  
Unlock All Missions—Down, Up, Left, Right, X, Δ, O, Δ  
Unlock All Starting Locations in Patrol Mode—Down, Up, L2, L1, X, Δ, R2, R1  
Unlock All Bonus Items—Left, Right, L1, R1, O, Δ, R2, L2

## X-MEN: MUTANT ACADEMY 2

**Cheat Code**  
At the main menu, press SELECT, Down, R2, L1, R1, L2. You'll hear a special sound effect after entering the code correctly. This code unlocks everything in the game, including all of the secret characters and alternate costumes. To play as Spider-Man, highlight Cyclops and hold the R1 button. To play as Xavier, highlight Magneto and hold the R1 button. Don't forget to check out the "Pool Party" stage in Versus mode!

## XS MOTO

**Cheat Code**  
Choose "Options" from the main menu, then select "Secret Codes" and enter the password "XNOODLE" to unlock all tracks and all difficulty levels and clear all the skill tests. Unfortunately, this code also disables the steering assist and braking assist at all difficulty settings in addition to enabling bike damage.

N R Y R D D S—Enable vowels at password entry screen  
A L L—Activate all cheats simultaneously

## DEXTER'S LABORATORY: DEESASTER STRIKES!

### Cheat Codes

At any time during the game, press START to pause, then enter any of the following cheat codes at the pause menu:

Fast Dexter—L, R, R, R, L, R, L, R, L, R, L, R, L, R, R  
Strong Dexter—L, L, R, R, L, R, L, R, L, R, L, R, L, R  
Get double ammo—L, R, R, L, L, R, L, L, L, L, R, L, L, R  
Less damage—L, R, R, R, R, L, L, L, L, L, L, L, R  
Robots are weak—L, R, R, L, R, R, L, L, L, L, R, L, L, L  
One more try—L, L, R, R, L, R, L, L, L, R, L, L, R, L, L, L

## DINOTOPIA

### Level Select

At the title screen, press Up, Up, Down, Down, Left, Right, A, Left, Right, B. The "Press Start" display will start glowing if you've entered the code correctly. Press START, then select "Credits." When the credits finish, you'll be on a farm level with several ladders that will warp you to different levels as follows:  
Ladders 1-3—Waterfall City  
Ladders 4-6—Treetown  
Ladders 8-11—Canyon City  
Ladders 12-15—Underwater level  
Ladder 16—Diamond Cavern

## DISNEY SPORTS SKATEBOARDING

### Secret Code

At the title screen—while the words "Press Start" are flashing—press Up, Up, Down, Down, Left, Left, Right, B, A; you'll hear a signal to confirm the code. Now start a game; at the Board Select screen, you'll find a new board called "Anger Harnessed."

## DONKEY KONG COUNTRY

### Cheat Codes

Enter either of the following codes at the "Select a Game" menu:  
Start with 50 lives—Hold SELECT, press B, A, R, R, A, L  
Sound test menu—Hold SELECT, press B, A, L, L, A, Down

## DOOM

### Cheat Codes

At any time during the game, press START to pause, then enter any of the following cheat codes at the pause menu. Note: If you enter the codes too fast, they won't work.  
Computer area map—Hold L + R, press B, A, A, A, A, A, A  
Radiation shielding suit—Hold L + R, press B, B, A, A, A, A, A  
God Mode—Hold L + R, press A, A, B, A, A, A, A, A  
All weapons + refill ammo—Hold L + R, press A, B, A, A, A, A, A  
Berzerk—Hold L + R, press B, A, B, A, A, A, A, A  
Temporary Invulnerability—Hold L + R, press B, B, B, A, A, A, A, A  
Skip to next level—Hold L + R, press A, B, A, A, B, B, B, A  
Skip ahead 10 levels—Hold L + R, press A, B, A, A, B, B, A, A

## DOOM II

### Cheat Codes

At any time during gameplay, press START to pause, then enter any of the following codes:

## TIPS & TRICKS Reader Art Gallery

by Neil Longtin,  
Mississauga, Ontario

by David R. Funk,  
Union Grove, WI

by Keith Adams,  
Coldwater, MS

by Slater Clamplitt,  
Georgetown, DE

**Computer area map**—Hold L + R, press B, A, A, A, A, A, A  
**Radiation shielding suit**—Hold L + R, press B, B, A, A, A, A, A  
**God Mode**—Hold L + R, press A, A, B, A, A, A, A, A  
**All weapons + refill ammo**—Hold L + R, press A, B, B, A, A, A, A, A  
**Berzerk**—Hold L + R, press B, B, A, A, A, A, A, A  
**Temporary invulnerability**—Hold L + R, press B, B, B, A, A, A, A, A

**DRAGON BALL Z: THE LEGACY OF GOKU**  
**Invincibility**  
 During the introductory video scene that appears before the game's title screen, press Up, Down, Left, Right, B, A; you'll hear a chime to confirm the code. Now Goku's health meter will not be depleted when he is attacked.

**DRIVEN**  
**Unlock Everything**  
 At the main menu, select "Top Secret Cars," then enter "2 9 B 0 1" as your password. You'll immediately view the game's credits, and afterward every car, course and mode will be unlocked.

**DROME RACERS**  
**Cheat Codes**  
 At the main menu, press SELECT to access the "Enter Code" screen, then enter any of the following codes. Note: Some of the codes can't be disabled unless you reset the game data at the Options menu.  
 C U P I U P—Unlock all tracks and cups  
 A L L L M E—Unlock all teams  
 B I F F I N—Max. upgrades for all cars  
 B I G U N S—All of the above  
 L O G R A V—Low gravity  
 I A M C A R—Weird sound effects

**DUAL BLADES**  
**Extra Difficulty Level**  
 Highlight "Difficulty" at the Options menu and press Left, Left, Left, Left, Right, Right, Left, Right, B. You must enter the code very quickly, especially the last three buttons; if you're too slow, you'll be sent back to the main menu when you press B. If you're fast enough, a new "Impossible" difficulty level will be unlocked.

**DUKE NUKEM ADVANCE**  
**Secret Cheats Menu**  
 At any time during gameplay, press START to pause, then hold L and press Left, Up, A, Up, Left, A, START, SELECT. A secret menu will appear with a level select and other options.

**EARTH WORM JIM**  
**Stage Skip**  
 At any time during the game, press START to pause, then press Right, R, B, A, L, L, A, R.

**ED, EDD N EDDY: JAWBREAKERS!**  
**Cheat Codes**  
 Enter each of the following codes at the title screen, while the words "PRESS START" are bouncing past. You'll hear a blubbering sound to confirm each time you enter a code successfully. The level select option will appear under "Game Cheats" at the main menu.  
 Level select—Hold the L button and quickly press Left, Left, Right, Down, Down, Up, Right  
 All characters have jetpacks—Hold the L button and quickly press Left, Up, Right, Down, Left, Left, Up  
 All pickups—Hold the L button and quickly press Left, Left, Down, Right, Right, Up, Left  
 All protect (invincibility)—Hold the L button and quickly press Left, Down, Down, Right, Right, Left, Down

**F-14 TOMCAT**  
**Passwords**  
 P X S B S Z N J—Mission 7  
 S F G F J H D H—Mission 14  
 L K F D S B P V—Mission 20

**F-ZERO: MAXIMUM VELOCITY**  
**Unlock the Jet Vermillion**  
 At the name entry screen, select "Entry," then enter your name as "T&T". Next, start any game under that name. When you reach the machine selection screen, press L, R, START, R, L, SELECT. A secret password screen will appear. Enter V - J 4 + 6 V 9 A - 3 0 as your password. Now you'll be able to select the Jet Vermillion.

**THE FAIRLY ODDPARENTS: ENTER THE CLEFT**  
**Password**  
 Country Boy, Country Boy, Country Boy, Country Boy, Vicky—All stages cleared

**FINDING NEMO**  
**Cheat Password**  
 M 6 H M—Unlock all levels & gallery pictures

**FIRE PRO WRESTLING**  
**Unlock All Wrestlers**  
 Choose "Edit" from the main menu, then access the "Edit Wrestler" option and select "Name Entry" at the Wrestler Edit Menu. Enter the following names exactly as shown:  
 • Change the nickname from "Fire Fighter" to "ALL"  
 • Change the first name from "FIRE PW" to "STYLE"  
 • Change the last name from "A" to "CLEAR"  
 Now press START to confirm. Notice that the wrestler's name has not changed on the Wrestler Edit Menu. Now all of the secret wrestlers have been unlocked.

**FIRE PRO WRESTLING 2**  
**Unlock All Wrestlers**  
 Choose "Edit" from the main menu, then access the "Edit Wrestler" option and select "Name Entry" at the Wrestler Edit Menu. Now make the following changes exactly as shown:  
 • Change the nickname from "Fire Soldier" to "ALL"  
 • Change the last name from "FirePro" to "WRESTLER"  
 • Change the first name from "Mr." to "CLEAR"  
 • Toggle the Exchange option to "OFF"  
 • Set the Middle option to "□"  
 Press START to confirm, then save the created wrestler. Now all of the secret wrestlers have been unlocked.

**FROGGER'S ADVENTURES 2: THE LOST WAND**  
**Secret Levels**  
 At the main title screen, press Up, Up, Down, Down, Left, Right, Left, Right, B, A; you'll hear a signal to confirm. With this code in place, press the R button at the main menu to access a new set of secret levels called "Magician's Realm."

**GRADIUS GALAXIES**  
**Power-Up**  
 At any time during the game, press START to pause, then press Up, Up, Down, Down, L, R, L, R, B, A. When you unpause, your ship will be equipped with the highest level of all power-ups. This code can only be used once per game.

**GT ADVANCE CHAMPIONSHIP RACING**  
**Secret Codes**  
 Enter any of the following codes at the title screen:  
 Watch the ending credits—Hold L + R + Up and press B

**Unlock Extra 1 mode (go kart racing)**—Hold L + R + Right and press B  
**Unlock Extra 2 mode (formula car racing)**—Hold L + R + Left and press B  
**Unlock all tuning parts**—Hold L + R, point the D-pad in the Down/Right position and press B  
**Unlock all cars**—Hold L + R, point the D-pad in the Up/Left position and press B  
**Unlock all courses**—Hold L + R, point the D-pad in the Up/Right position and press B  
**Password**  
 S/P D W1/H L8Q8 >VbB—Unlock all Championship Mode classes

**HEY ARNOLD! THE MOVIE**  
**Play as Helga**  
 At the "Area Select" screen, press Up, Down, Right, Left, Left, Right, Down, Up, SELECT. To return to playing as Arnold, just enter the code again.

**ICE AGE**  
**Passwords**  
 M F K R P H—Art Gallery  
 M T T Q B B—Unlock all levels

**THE INCREDIBLE HULK**  
**Level Skip**  
 Press START at any time to pause the game, then press Down, Right, Down, Right, Left, Up to skip the current level.

**THE INVINCIBLE IRON MAN**  
**Cheat Codes**  
 Enter the following codes at the title screen while the words "Press Start" are flashing:  
 Invincibility—Right, Up, Left, A, Right, SELECT  
 Stage select—SELECT, Up, B, A, Right, Up  
 Unlimited Uni Beam—B, A, Left, Down, Up, Right  
 Unlock all Gallery Images—Up, Down, Left, Right

**IRIDIUM 3D**  
**Stage Select**  
 Enter the Password entry screen and enter the code "5H0W7M3" (be sure to include the \* symbols). Now you'll find two new items at the Options menu: "Start Level" allows you to start at any stage and "Start at Boss" lets you skip to the boss of the stage you chose.  
**Quick Exit**  
 Enter the Password entry screen and enter the code "53L3CT0N" (be sure to include the \* symbols). Now you can exit to the title screen at any time by pressing the SELECT button during the game.  
**Picture Gallery**  
 Enter the password "G4LL3RY" (be sure to include the \* symbols). This allows you to view a "slide show" of Iridium 3D artwork.

**IRIDIUM II**  
**Cheat Passwords**  
 Choose "Password" from the main menu and enter any of the following codes:  
 4 R C B 1—Unlock Arcade Mode, Challenge Mode, Gallery and Credits  
 I G 4 X 1—Unlock Jukebox  
 C H 4 L 1—Unlock Arcade Mode, Challenge Mode, Gallery, Jukebox and Credits  
 I S 3 C R 3 T 5 1—Show the locations of all secrets in Arcade mode  
 I R O T B 1—Satellites rotate around ship  
 I B 1 G H 3 4 D 1—Large SHN Fighter  
 I M 1 C R 0 1—Tiny SHN Fighter  
 I S H 1 P 2 1—Play as the blue SHN Fighter from the game's intro sequence

**JACKIE CHAN ADVENTURES**  
**LEGEND OF THE DARK HAND**  
**Stage Select**  
 At the title screen—when the words "Press Start" appear—hold the R button and press B, A, Left, Down, Up, Right. A menu will appear

that allows you to warp to any stage. Set the "Scrolls" option to "All" to start with all the Special Scroll Attacks.

**JAZZ JACKRABBIT**  
**Cheat Codes**  
 At any time during the game, press START to pause, then enter any of the following codes. Note: Each of the "space credits" codes can only be used once per game.  
 Infinite health—L, L, Left, R, Right, R, Up, Down, Left, R, Right, L  
 All weapons/refill ammo—L, R, Left, R, L, Right, L, R, L, Left, R  
 500 space credits—Right, Left, Right, Left, L, R, Up, Up, R, R, L, L  
 1,000 space credits—Up, Down, Up, Down, Left, Right, L, R, L, R, L, L  
 5,000 space credits—Up, Right, Down, Left, L, L, Right, Left, R, R, L, L  
**Stage Select**  
 At the main menu, press Left, Down, L, L, Up, Down, R, Right, Up, Right, L, R. You'll hear a signal and a "Level Select" option will appear. Note: The "space credits" cheats listed above will not work if you start a game using the Level Select option.

**JUSTICE LEAGUE: INJUSTICE FOR ALL**  
**Cheat Codes**  
 Choose "New Game" from the main menu, then enter any of the following codes at the "Enter Name" screen:  
 S A M I B E—Start with 99 lives  
 S A M I W A S—Unlock all missions  
 S A M I A M—Enemy attacks don't touch you  
 Note that you can't combine the effects of all the codes; you must use only one at a time. However, if you simply press START during the game to pause, then highlight the "Resume" option and press SELECT, you will have the benefits of the "Enemies attacks don't touch you" code, even if you haven't entered any of the above codes.

**KARNAAJ RALLY**  
**Cheat Codes**  
 Choose an empty save slot at the "Select Career" screen and enter one of the following names to unlock various options:  
 L I G A 1—Unlock Level 2 tracks and vehicles, start with \$2,000 cash  
 L I G A 1 1—Unlock Level 3 tracks and vehicles, start with \$3,000 cash  
 L I G A 1 1 1—Unlock Level 4 tracks and vehicles, start with \$4,000 cash  
 I D R U L E 2—Unlock all tracks and vehicles + bonus race in Career mode  
 L E P P A—Play as Mr. Leppa

**KIM POSSIBLE: REVENGE OF MONKEY FIST**  
**Password**  
 Ron, Kim, Kim, Guard, Guard, Guard—Start new game with all extras unlocked  
 The password system uses the pictures of the various characters from the TV show. The first picture in each box is always Kim. If you push Down on the D-pad, the remaining characters are shown in the following order: Ron, Shego, Wade, Monkey Fist, Rufus, Draken, Guard.

**KONAMI COLLECTOR'S SERIES**  
**ARCADE ADVANCED**  
**Secret Code**  
 Choose any game from the main menu, then—when the game's "attract mode" or title screen appears—press Up, Up, Down, Down, Left, Right, Left, Right, B, A; you'll hear a chime to confirm the code. This code has a different effect in each of the six games as follows:  
 Frogger—Enhanced graphics + music  
 Scramble—Enhanced graphics + music  
 Time Pilot—Rapid-fire (hold A button) + extra stage "???? B.C." appears after Stage 5

by Josh Beatty, Marshall, TX

by Ashley Bailey, Selma, AL

by Eric Roberts, Aberdeen, MD

by Jacob Stone, Mattoon, IL

**Gyruss**—Enhanced graphics, extra stages + lives

**Yie Ar Kung Fu**—Two extra opponents in 1p mode (Bishoo and Clayman)

**Rush'n Attack**—Start with seven lives instead of five, two extra stages appear after Stage 4

**LEGO BIONICLE**

**Unlock Mini Games**

Start a new game and enter one of the following codes as your character's name. After the adventure begins, pause and save your game, then pause again and quit. The corresponding mini-game will now be available from the Mini Games option at the main menu.

- 8 M R 4 7 2—Ussal Crab Dig
- 9 M A 2 6 8—Ngalawa Boat Race
- 5 M G 8 3 4—Koli Football
- 3 L T 1 5 4—Kewa Bird Riding
- V 3 3 6 7 3—Hual Snowball Sling
- 4 C R 4 8 7—Ignalu Lava Surfing

**LILO & STITCH**

**99 Lives**

Highlight "Start Game" at the main menu, hold R + SELECT and press A to begin the game with 99 lives.

**LIZZIE MCGUIRE: ON THE GO!**

**Cheat Code**

Choose "PDA" from the main menu, then select "Best Friends" and add the name "cheater" (all in lowercase) to your Best Friends list to unlock all of the "Games" and "Fun With Friends" options.

**MARIO & LUIGI: SUPERSTAR SAGA**

**Bonus Coins**

Hit Mario with a hammer to make him mini-Mario. Set Luigi's command to High Jump. While Luigi is in the air, make mini Mario jump repeatedly to keep him up. You'll get one coin and Luigi will lose one health every time he gets hit. Luigi's health can't go below 1.

**MASTERS OF THE UNIVERSE INTERACTIVE**

**HE-MAN: POWER OF GRAYSKULL**

**Password**

W R K L K D M G—Unlock all stages

**MATCHBOX CROSSTOWN HEROES**

**Passwords**

- C B C T—Level 2
- Q B K L—Level 3
- C B C L—Level 4

- C B D J—Level 6
- Q B V N—End

**MEN IN BLACK: THE SERIES**

**Cheat Passwords**

- L V F R V R D D—Invincibility
- N F N T M M D D—Infinite ammo
- L L W P N S D D—Have all weapons

**METROID: ZERO MISSION**

**Original Metroid Passwords**

After beating the game, the original Metroid becomes unlocked. The following passwords are for the original Metroid:

- Start with infinite health, missiles and all upgrades  
N A R P A S   S W O R D O  
0 0 0 0 0 0   0 0 0 0 0 0
- Start with suitless Samus  
0 0 0 0 0 0   0 0 0 0 2 0  
0 0 0 0 0 0   0 0 0 0 2 0
- Start at Norfair with suitless Samus  
J U S T I N   B A I L E Y

- Start on Norfair with suitless Samus with brown/blonde hair  
S A M U S 8   R I D L E Y  
4 4 4 4 4 4   4 4 4 4 4 4

**MONSTER FORCE**

**Level Skip**

At any time during gameplay (not while paused), hold L + R + A and press Up to complete the current level.

**Invincibility**

At any time during the game, press START to pause. At the pause screen, hold L + R + B and press Down; you'll hear a special sound effect to confirm. Now your energy will automatically refill whenever it gets too low. Entering the code again will disable it.

**MONSTERS, INC.**

**Passwords**

- L R B 1 3 G—Around the House
- 7 Q C Z B 9—Don't Look Down

**MORTAL KOMBAT: DEADLY ALLIANCE**

**Quick Koins**

Choose "Profile" from the main menu, then enter a new profile and enter your name as "KWIKKASH." You'll start with 25,000 coins.

**THE MUPPETS: ON WITH THE SHOW!**

**Cheat Password**

Choose "Continue" from the main menu and enter the password "K07G6" to unlock all difficulty settings and Activity Mode mini-games.

**NFL BLITZ 20-02**

**Secret Teams**

At the title screen—after the words "PRESS START" appear—press A, B, SELECT, Up, Right, Down; you'll hear a voice say, "Wooh, yeah!" to confirm the code. Now you can access two secret teams in Exhibition mode: the Emerson Ogres and Team Midway.

**Cheat Codes**

Enter any of the following codes at the "VS" screen right after you choose your opponent's team. The numbers represent the number of times you have to press the L, B and A buttons respectively in order to change the symbols at the bottom of the screen, followed by the R button to confirm. For example, to enter the Infinite Turbo code, press L four times, B three times, A twice, then R to confirm the code. You have a limited amount of time before the game starts, so you must enter the codes quickly.

- 4-3-2—Infinite Turbo
- 1-3-2—Ancient coliseum
- 2-2-5—Snow stadium
- 3-1-3—Shadow players

**NICKTOONS RACING**

**Cheat Code**

At the main menu, hold the R button and quickly press START, SELECT, L, SELECT, START; you'll hear Stimpy say, "Oh, joy!" if you're fast enough. Now the secret character is unlocked as well as all tracks, cups and difficulty levels.

**ODD WORLD: MUNCH'S ODDYSEE**

**Password**

T H Q M P M D 1—Unlock Music Player

**OPERATION: ARMORED LIBERTY**

**Passwords**

- B K F S Z W—Mission 2
- D F F S K Z—Mission 3
- S K X S Z P—Mission 4
- X K F S J Z—Mission 5
- B K F J Z C—Mission 7
- D Y F S Z Q—Mission 8
- V K F S Z Q—Mission 9
- S K F S P Z—Mission 10

**THE PINBALL OF THE DEAD**

**Passwords**

Choose "Continue" from the main menu, then use the "Enter Password" option to

input any of the following codes. Press R at the Options menu to view the Sound Test, Movie Test and View Ending options.  
I O P 3 N S N D T 3 S T I—Unlock Sound Test  
M O V 1 3 P L 3 5 3 N T I—Unlock Movie Test  
S H O W M 3 3 N D I N G I—Unlock View Ending  
D O N T N 3 3 D M O N 3 Y—Unlock Boss Mode at Game Start menu

**PIRATES OF THE CARIBBEAN  
THE CURSE OF THE BLACK PEARL**

**Cheat Passwords**

Choose "Continue Game" from the main menu, then enter any of the following cheat codes:

- 1 M M O R T 4 L—Infinite lives
- B V L L 1 T Z—Infinite bullets/cannonballs
- G O O D 1 3 S—Start with pistol, sabre and triple cannons
- S H 3 3 P—Soldiers and pirates turn into explosive sheep as soon as they see Jack
- G 3 N 1 V S—More aggressive enemies
- C R 3 D 1 T S—See the game's credits
- L 1 T T L V N—See a picture of a baby

**PITFALL: THE MAYAN ADVENTURE**

**Unlimited Continues**

When you lose your last life and the "Continue" screen appears, highlight the "Continue" option and press B repeatedly. Instead of being reduced by just one, you'll see your remaining continues change to "0," then "9"—but you have to be quick enough to do it before Harry Jr. runs off the screen. Now the number of continues will remain at nine each time you run out of lives.

**Stage Select**

At the title screen, wait until the boomerang appears, then press L, SELECT, A, SELECT, R, A, L, SELECT; you'll see the name of the first stage ("Forest 1") appear in the center of the screen. Now hold SELECT and use the L and R buttons to choose a starting stage; when you start the game, you'll go directly to the stage you chose. Note: With this code in place, if you press SELECT while the game is paused, you'll be sent back to the title screen.

**Level Warp**

With the stage-select code in place as described above, start a game, then hold the SELECT button and you can use the D-pad to move Harry Jr. to any part of the current stage.

**Infinite Weapons**

With the stage-select code in place, you can also refill your weapon supplies at any time during the game if you hold the SELECT button and press B; you'll see the item counters jump to 99.

**POWER RANGERS TIME FORCE**

**Password**

Enter the password "8 Q 5 D" to start the game at the last boss.

**POWER RANGERS WILD FORCE**

**Passwords**

- L M S B T—Ghost Town / Turtle Cove Park
- 3 4 S B T—Factory
- M 3 9 B B—Turtle Cove Harbor
- N 5 9 B F—Cruise Ship
- P P S B G—Temple Ruins / Jungle
- 7 P 9 C J—Animarium

**RAMPAGE PUZZLE ATTACK**

**Password**

G J P P N L P T N Q—All stages and characters

**RAYMAN ADVANCE**

**Secret Codes**

At any time during gameplay, press START to pause the game, then enter any of the following codes. After entering a correct code, you'll hear a special sound effect. You will have to exit the current level to see the ef-

fects of the "Unlock all levels" code.

99 lives—Left, Right, Down, Right, Left, R  
Unlock all levels—Up, Left, Right, Down, Right, L  
Invincibility—Right, Up, Right, Left, Right, R  
All powers—Down, Left, Right, Left, Up, L  
25 extra Tings—R, Up, Left, Right, Left, L  
Infinite Continues

At the "Continue!" screen, press Up, Down, Right, Left, START before the timer expires. If you enter the code correctly, the number of remaining continues will remain the same; you can repeat this code each time you run out of lives to continue indefinitely. NOTE: This code will not work unless the number of continues remaining is three or less.

**READY 2 RUMBLE BOXING: ROUND 2**

**Secret Characters**

Enter the following codes at the main menu to unlock the three hidden characters. You'll hear a cheer to confirm each code:

- Michael Jackson—Highlight the word "Arcade," then press Left, Left, Right, Right, Left, Right, then L + R simultaneously
- Rumbleman—Highlight the word "Championship," then press Left, Left, Right, Right, Right, Left, Right, Left, then L + R simultaneously
- Shaggy O'Neal—Highlight the word "Survival," then press Left, Left, Left, Left, Right, Right, Left, Left, Right, then L + R simultaneously

**REIGN OF FIRE**

**Password**

9 X L 7 G S B 7 8—See the credits (this code also unlocks all of the levels at the Rankings menu)

**THE REVENGE OF SHINOBI**

**Password**

6 7 M B - F N N G - V L & Y - F W Z 5—Unlock all stages

**THE RIPPING FRIENDS**

**Password**

Choose "Password" from the main menu and press Right, L, Up, Down, B, Left, Left, Right, Left to unlock all levels in one-player, multi-player and Deathmatch modes.

**ROCK 'N ROLL RACING**

**Secret Character**

At the Character Select screen, highlight Tarquin, then hold L + R + SELECT and press Right. Olaf from The Lost Vikings will become playable in both Normal and Vs. modes.

**Secret Race**

Choose Vs. mode at the main menu. Select your player and vehicle, then choose "Change Planets" from the menu at the bottom of the screen. Highlight the planet MHO, then hold L + R + SELECT and press Right. Now you can race against J.B. Slash on the Inferno track, which is available only in Vs. mode.

**ROCKET POWER: DREAM SCHEME**

**Password**

B I P 3 5 6 B T—Unlock all levels

**SCOOPY-DOO AND THE CYBER CHASE**

**Cheat Mode**

Enter "C H T M D 2" at the Password menu to unlock the following functions:

- Hold SELECT and press R to skip the current stage
- Hold SELECT and press L to have the current character captured by the Phantom Virus
- Hold SELECT, then hold START to play in slow-motion
- Sound test options will appear at the bottom of the Options menu (press B to hear each sound)

## THE SCORPION KING: SWORD OF OSIRIS

**Stage Select + Character Select**  
At the main menu, select "Continue," then press Down, Down, Right, Up, Right, Up, Right, Down, Down, START. A stage select menu will appear. At the stage-select menu, point the arrow to the name of the stage you want to play, then press START to play as Mathayus or SELECT to play as Cassandra.

## SEGA SMASHPACK

**Ecco the Dolphin: Cheat Menu**  
Start the game and move Ecco left and right. Press START to pause while Ecco is turning; you have to catch him while he's facing you. Next, press Right, B, R, B, Down, R, Up. A cheat menu appears, offering such options as stage select, sound test, message test, invincibility and more.

**Sonic Spinball: Stage Select**  
Choose "Options" from the title screen, then—when the Options menu appears—press L, Down, R, Down, A, Down, L, R, Up, L, A, Up, R, A, Up; you'll hear a fanfare to confirm the code. Now return to the title screen and enter one of the following codes:

- Hold L and press START to warp to the "Lava Powerhouse" stage.
  - Hold R and press START to warp to "The Machine" stage.
  - Hold A and press START to warp to the "Showdown" stage.
- Sonic Spinball: See the Credits**  
Choose "Options" from the title menu, then—when the Options menu appears—press A, Up, R, Up, L, Up, A, R, Down, A, L, Down, R, L, Down; you'll hear a fanfare and the game's credits will appear.

## SHAUN PALMER'S PRO SNOWBOARDER

**Password**  
Q F J 7 M P 9 N 7 5 C M 4—All boards and levels unlocked for Shaun Palmer

## THE SIMPSONS: ROAD RAGE

**Unlock All Characters, Vehicles and Missions**  
Choose "Options," then select "Set Password" and input the following Simpsons character icons: Maggie, Willy, Bart, Chief Wiggum, Apu, Moe, Krusty, Barney.

## SONIC ADVANCE

**Play as Sonic w/Tails**  
Choose "Game Start" from the main menu. At the character-select screen, highlight Sonic, then press Up, Right, Down, Right, L, Right, R, Right, A. You'll hear a chime to confirm. Now you'll be playing as Sonic with Tails following behind you, just like *Sonic the Hedgehog 2* on the Sega Genesis.

## SPACE CHANNEL 5: ULALA'S COSMIC ATTACK

**Auto Play Mode**  
At any time during gameplay, hold L + R and press Up, Left, A, Left, A, Down, Right, B, Right, B. You'll hear a shout to confirm the code. Now the game will play by itself.

## SPIDER-MAN: MYSTERIO'S MENACE

**Password**  
Enter the password "J V 3 1 -" to begin the game with all levels unlocked and all items.

## SPONGEBOB SQUAREPANTS: SUPERSPONGE

**Password**  
Enter the password "W M B T" to select any level.

## SPORTS ILLUSTRATED FOR KIDS: BASEBALL

**Cheat Codes**  
Select the "Cheat Codes" option from the Team Management menu in Season mode and enter any of the following codes to add all-star players to your roster:

B E S T B U Y S T R—Michael Quince (1B)

S I K S T A R—Eddie Penn (2B)  
B A M S T A R—Riley Waters (SS)  
G A M E S T O P—Keith Fisher (3B)  
S I K P O W E R—Tecomseh Brown (LF)  
E B R U L E S—Nateo Geonil (CF)  
G O C I R C U I T—Mark Modesto (RF)  
T O U R U S C O M—Mateo Demoni (C)  
T A R G E T P L Y R—George Stocks (P)

## SPORTS ILLUSTRATED FOR KIDS: FOOTBALL

**Cheat Codes**  
Select the "Cheat Codes" option from the Team Management menu in Season mode and enter any of the following codes to add all-star players to your team:

C I R C U I T F U N—Mark Haruf (QB/SS)

T A R G E T S T A R—Ryan Hunter (RBB/SS)

T O U C H D O W N—Sammy Rivera (LE/RLB)

B E S T B U Y P W R—Wayne Selby (C/RT)

R Z O N E S T A R—Hal Church (LG/LBL)

E B P L A Y E R—Eddie Brown (LBB/ROLB)

B A M P L Y R—Mac Marshall (RRB/RS)

S I K P O W E R—Rob Lewis (LBB/ROLB)

S I K S T A R—Sandy Sanders (RE/OLB)

## SPY HUNTER

**Secret Codes**  
Enter any of the following codes as your name when creating a new agent file; the corresponding cheat will then be active, but only when using that particular file:

E D A C R A—Unlock Arcade Mode

T U P E R S P Y—Unlock "Super Agent" difficulty option at mission select menu

B U Y M K D A—Unlock all cheats at System Options menu

**Unlock Everything**

Note: You must clear all three agent files in order to enter this code. Select the first file and enter your name as "BEST". Next, select the second agent file and enter your name as "GAME", then select the third agent file and enter "EVER" as your name. Now select the "BEST" save slot and you'll find that Arcade Mode, all of the cheats and all of the missions have been unlocked, including the "Super Agent" missions. Once this code is in place, you may delete the "GAME" and "EVER" agent files if you wish.

**Blood Code**  
During any of the "Eliminate Chickens" stages, press START to pause, then press Left, Left, Right, Right, Left, Left, A to make the chickens bleed when you hit them. Enter the code again to disable it.

## SPYRO: SEASON OF ICE

**Cheat Codes**  
At the title screen—while the words "Press Start" are flashing—enter any of the following codes:

Stage select (highlight the name of any stage in the Atlas and press A to go there)—Down, Up, Down, Left, Right, Up, Left, Up, A  
Unlock all Portals—Down, Down, Up, Up, Left, Right, Up, Down, A  
99 lives—Left, Right, Right, Right, Down, Up, Right, Up, A

Infinite energy in Spax rounds—Down, Up, Up, Down, Left, Right, Right, Left, A  
Infinite Powerup Shots (L button) in Spax rounds—Down, Right, Up, Left, Left, Up, Right, Down, A

Unlock special features in Spax rounds—Right, Up, Right, Left, Down, Up, Left, Down, A  
The special features are as follows:

- Hold L and press SELECT for all keys
- Hold Up and press SELECT for shield power-up (L button)
- Hold Left and press SELECT for rapid-fire Powerup Shots
- Hold Down and press SELECT for homing Powerup Shots
- Hold Right and press SELECT for Smart Bomb Powerup Shots

## SPYRO 2: SEASON OF FLAME

**Infinite Lives**  
At the title screen, press Left, Right, Left, Right, Right, Right, Up, Down, B. You'll hear a special sound effect after entering the code correctly. Now, when you start a game, your stock of lives will not decrease after you die.

## STAR WARS: FLIGHT OF THE FALCON

**Cheat Codes**  
At any time during gameplay, press START to pause, then hold the L + R buttons and press Up, Right, A, START, A, Down, A, START, START. The game will automatically unpause. Press START to pause again, then press A to quit. Now you can enter the following cheat codes by choosing "Password" from the main menu:

S P V D—Infinite shield

M O N G—Infinite lives

B L O B—Unlimited missiles

G O G O—Rapid-fire for main weapon (hold A button)

F V N K—Unlock all levels

G O O N—Add "View Credits" option to Options menu

F 4 C 3—View developer image gallery

## STAR WARS: JEDI POWER BATTLES

**Passwords**  
V C J O X Y K—Level Select for Mace Windu or Darth Maul  
V H R 3 B F J—Level Select for Qui-Gon Jinn

## STAR WARS: THE NEW DROID ARMY

**Cheat Codes**  
Enter any of the following codes at the password menu. An "invalid password" message will appear, but the cheats will still take effect.

2 D 4—Enable stage select (press L or R at the main menu to choose a stage)

F R C—Unlock all force powers

L T—Start with 200 health and Force power

S K Y—Play as Luke Skywalker

B T W—Diagonal control scheme

L N G—Unlock "Language" option at Options menu

## STAR X

**Cheat Passwords**  
Choose "Start" from the main menu, then select "Password" and enter any of the following codes:

G S H A R D—Invincibility

G S B O M—Infinite Smart Bombs

G S M A X—Always have max. weapons

## SUPER MONKEY BALL JR.

**Cheat Codes**  
Enter the following codes at the title screen while the words "Press Start" are flashing. Note: The codes must be entered very quickly or they won't register.

Unlock all stages in Practice mode, all mini-games and "Credits" option at the Game Options screen—Down, Down, Up, Up, Left, Right, Left, Right, B, A

Blocky graphics with improved frame rate—Left, Left, Right, Right, Down, Down, A

## TACTICS OGRE: THE KNIGHT OF LODIS

**Music Mode**  
At the main menu, select "New Game." When the "Enter Name" prompt appears, enter "MUSIC ON" as your name. Instead of starting a game, you'll automatically enter a special mode where you can listen to all of the background music in the game.

## TEENAGE MUTANT NINJA TURTLES

**Extra Difficulty**  
At the title screen—when the words "Press Start" appear—press Up, Up, Down, Down, Left, Right, Left, Right, B, A. You'll hear a

cheer to confirm; now the "Very Hard" difficulty setting is unlocked.

**Bonus Game Passwords**  
L S M M S—Unlock Course 1  
S S L D M—Unlock Course 2  
M S S L D—Unlock Course 3  
S R L M D—Unlock Course 4  
L S D R M—Unlock Course 5

## TOP GEAR RALLY

**Secret Codes**  
Choose "New Game" from the main menu and enter any of the following codes at the "name entry" screen:

r o g u e o p s—All obstacles are replaced with cows (which you can drive right through)

m o o n w a l k—Low gravity

r a c e r s—Tiny car

h o v e r c a r—Hover car

## TUROK: EVOLUTION

**Inventory Password**  
Enter K L 9 8 7 N T 4 6 5 as your Inventory Password to start with lots of weapons and ammo.

## URBAN YETI!

**Passwords**  
Choose "Continue" from the main menu, then enter the following passwords to begin at the stage indicated with three credits:

F O R E W O R D—Level 1: Industrial Island

H A M S T E A K—Mini-Game: Soup Kitchen Manager

N I T E T I M E—Level 1: Industrial Island (Part 2)

V E N G E F U L—Level 2: The City

P I N G P O N G—Mini-Game: Discus Tournament

D U M P S T E R—Level 3: The City

Y E T I R A F T—Mini-Game: Lazy Sewer o' Fun

C I T I Z E N S—Level 4: The Suburbs

P R O V I D E R—Mini-Game: Yeti Chicken Rancher

T O N Y G O L D—Secret cheat menu

B S W S B S W S—Weird screen

## WARIO LAND 4

**Karaoke Mode**  
Enter the Sound Room, then press Up + START + SELECT + L + R. As soon as all five buttons are held down simultaneously, a new "Karaoke" option will appear at the top of the screen. Select this option and you can sing along—in Japanese—to a special hidden CD tune. While the song plays, you can use the following commands to modify it:

Tap Up repeatedly—Raise pitch

Tap Down repeatedly—Lower pitch

Tap Left repeatedly—Slow down

Tap Right repeatedly—Speed up

Press L or R—Toggle vocals on/off

## THE WILD THORNBERRYS MOVIE

**Password**  
H B 5 F—Unlock all stages in Story Mode

## WOLFENSTEIN 3D

**Secret Codes**  
Press START at any time during the game to pause, then enter any of the following codes at the Options menu:

All weapons and keys for the current level/level health and ammo—Hold L + R and press A, B, B, A, A, A, A, A

Invincibility—Hold L + R and press A, A, B, A, A, A, A, A

Skip to the next floor—Hold L + R and press A, B, A, A, B, B, B, A (enter this code in the first level to play a secret stage)

Skip to 9th floor—Hold L + R and press A, B, A, A, B, A, A

## YOSHI'S ISLAND: SUPER MARIO ADVANCE 3

**Bonus Stage Menu**  
At the stage-select screen, hold SELECT and press L, L, B, A, R. A menu will appear that allows you to play any of the mini-battles.

# TIPS & TRICKS

Grab a pencil and get ready to unlock the secret images in our monthly feature: *TIPS & TRICKS Pencil Puzzles*! Every issue will include two puzzles featuring your favorite video-game characters. It's up to you to put the pieces together and figure out what the pictures are! Follow the instructions on the next page to reveal the hidden images. It's easy; you don't need math skills and you don't have to be a great artist. If you can fill in a square, you can unlock the mystery!

## Pencil Puzzles

# Directions

STEP 1

Pick one of the squares and examine its coordinates.

STEP 2

Find the spot on the large grid with those coordinates.

STEP 3

Fill in the squares on the grid the same way.

STEP 4

Repeat the process until the secret picture is revealed!

## VIDEO GAME PROSE

During the summer, I went to the book fair near my house. As I was looking through the science fiction section, I found a book based on the NES game *Blaster Master*! It was from a series called *Worlds of Power*. Do you know anywhere where I can get more books based on video games? *Blaster Master* was really awesome and I want more!

—Gabe Siciliano  
Princeton Junction, NJ

Sure, we remember the *Worlds of Power* books! Here's a list of titles in the series, all based on Nintendo Entertainment System games:

- Blaster Master
- Metal Gear
- Ninja Gaiden
- Castlevania II: Simon's Quest
- Wizards and Warriors
- Bionic Commando
- Infiltrator
- Before Shadowgate
- Mega Man 2
- Bases Loaded II: Second Season

If you can't find these at book fairs or used book shops, they do turn up in online auctions with some regularity, and they're very inexpensive.

If you're interested in novelizations of more recent video games, check out the science fiction or adventure sections of your local bookstore for paperbacks based on popular games like *Halo* or *Resident Evil*. They're much more deep and serious than the *Worlds of Power* books, which were aimed at young children.

A sample of recent novels based on video-game properties.

## OMEGA BOOSTER

I noticed that on Issue 109, on the cover of the issue where the *Sonic Heroes* characters were, the robot Omega isn't there, and I was wondering why.

—Bruno Moyaho  
Chicago, IL

Great question, Bruno; we were wondering if anybody was going to notice that! Omega was supposed to appear on our cover with the rest of the *Sonic Heroes* teams, but when we started cramming all of the characters together, it was impossible to see him; he just looked like a shiny blob peeking out from behind much more identifiable characters. Unfortunately, we had to make a last-minute design decision and he just didn't make it into the final image. By way of apology to all the Omega fans out there, we now present an unobstructed view of your favorite E-series robot.

## CHEATING WITH DISCRETION

What is the difference between Action Replay and GameShark?

—Tylour Howard  
Springfield, IL

The Action Replay and GameShark video-game enhancers are very similar to each other; essentially, they both allow you to temporarily (and harmlessly) alter certain parameters in your

favorites provide new codes to *Tips & Tricks* every month (see page 82), so no matter which one you choose, you can definitely expect a steady stream of new codes for the foreseeable future.

## E-READER INQUIRY

I was very surprised and pleased when I received a Kirby Slide e-Reader card with my January issue of *Tips & Tricks*. Do you have any current plans to include any e-Reader cards in future issues?

—Alex Luna  
Montgomery, TX

We'd love to give away free e-Reader cards with EVERY issue of *Tips & Tricks*, but the content, design, printing and distribution of the cards is entirely controlled by Nintendo, and we have not heard about any plans for future promos. Maybe you should contact our friends at Nintendo and tell them how much you enjoyed the free card; it might encourage them to do it again!

## TOKEN OF THE MONTH

This month's token comes all the way from the SM City Mall in Manila, Philippines; it was sent in by Zoe Lim, who lives in Binondo, Manila. Thanks, Zoe!

Arcade players and operators: Send us a token from your favorite arcade! If we choose it as our "Token of the Month," we'll print your name right here! Tape the token to a piece of cardboard (so it doesn't come loose in the envelope) and send it to:

Token of the Month

Beverly Hills, CA 90211

# Gaming Gear

hardware  
peripherals  
accessories

- ▼ Dattel's Advance Game Port lets you play Game Boy Advance games on your TV screen while using the GameCube controller. Stick a GBA cart into the port and plug the device into your GameCube's Memory Card slot, insert the enclosed mini disc and you're good to go. At \$34.99, the Advance Game Port costs less than Nintendo's Game Boy Advance Player for the GameCube, but the emulation quality of certain games is definitely compromised in terms of their frame rate and audio reproduction.

- ▼ The Game Boy Advance SP has always been prone to nicks and scratches due to its fragile paint job. Protect your investment in style with the Dragon Ball Z Cool Covers from Nuby. Several designs and colors are available. Get some protection for \$9.99!

Nuby's Dragon Ball Z Grip and Stick snaps a mini thumbstick and hand grips onto your GBA SP without any fuss. Now you can do a fireball without ripping your thumb apart on the D-pad. Get a grip ▼ for \$9.99.

- ▼ The GameShark 2 Online Bundle gives you all the tools you need to download game saves and codes for the PS2. It's pre-loaded with all the codes from the latest games, but you can also keep up with newer releases by going online using the SharkPort USB cable for your PC. Sometimes you can even get new GameShark codes the day the game comes out! Available at retail for \$49.99.

- ▼ Entering GameShark codes can be a long and painstaking process. With the GameShark Sharkboard, however, you can enter game titles, code descriptions and long strings of GameShark codes with ease. Of course, the full-size keyboard can also be used for typing messages in online games like

Phantasy Star Online and Final Fantasy XI. The Sharkboard comes with connections for both the PS2 and GameCube. Available now for \$29.99.

- Ready to go Super Saiyan on your buddies? The Dragon Ball Z Super Saiyan Glow Controller from Nuby lights up Goku's hair every time it vibrates. Feel the rage! It also comes with a Turbo button so you can intimidate your opponents while playing Budokai 2! Pick one up at your local game retailer for \$24.99.

- ▼ Dattel's Action Replay Cheat System for the Xbox is a bit different from other cheat devices. Instead of modifying a game program while it's running, it works by replacing or modifying your game save files. It comes with tons of "Powersaves" for hundreds of games so you can cheat to your heart's content. Also included is a 8MB Memory Card so you can load even more saves with Action Replay's free online updates. It can even be used as a regular Memory Card if you choose. With the high-speed USB docking station, transferring save data to and from your PC has never been easier. Get it now for \$29.99!

- ▼ Tecmo and Nuby put their heads together to create this awesome Ninja Gaiden Xbox controller, a must-have for any Ninja Gaiden fan. Available exclusively at [www.tecmoinc.com](http://www.tecmoinc.com) for \$24.99, along with plenty of other Ninja Gaiden accessories.

# Spotlight Strategy Series

## CHAMPIONS of NORRATH

by Pat Reynolds

Welcome to the first of a five-part series of columns focusing on Sony's action-RPG, *Champions of Norrath*. Each month, this column will take a detailed look at one of the five playable classes in the game, as well as provide tips and strategies for surviving one of the game's five acts. This month, we'll kick off the column with some general tips for playing *Champions of Norrath*, take a look at the Barbarian Warrior class and help you through Act I of the game.

Vol. 1

### NORRATH TIPS & TRICKS

*Champions of Norrath* is a huge game, filled with thousands of different items to find, hundreds of monsters to battle and hours of adventure to be had. Here are some helpful tricks to help you get the most out of the game. Note that some of these tricks deal with manipulating your *Champions of Norrath* game save files. Be careful not to accidentally erase important saves when you do this

#### Free Unlimited Storage Space

One problem with *Champions of Norrath* is that you're constantly picking up unique weapons or armor that you won't be able to use for a long time because of the level requirements. Here's a solution! Start a new game, with one to three Barbarian Warriors. Put all of their starting attribute points into Strength (to increase their carrying capacity) and then sell all of their belongings at the shop. Next, save the game. We'll call this the "mule save," since these Warriors will act as your pack mules for holding unique items. Now, whenever you have a character with a unique item you want to store, load up the mule save, import your character, drop the unique item, have one of the Warriors pick it up, delete the character you brought in (don't worry, that character still exists in your regular save file) and then save the game, overwriting the mule save file. Presto! You've got a Warrior holding your item(s) until needed. When you need to retrieve an item, simply import the pack mule character into your game and drop the item you need.

#### Farming the Bosses

Now that you know how to store all of the cool stuff you'll find, here's a method for getting huge quantities of unique items! Save the game just before fighting a boss. (This works best against late-game bosses, with the final boss being ideal.) We'll call this "Save 1." Beat the boss and pick up whatever goodies it drops. Save the game as a new file ("Save 2"). Now use the following steps to repeatedly loot the same boss and build up a stash of unique items.

- Step 1: Load "Save 1"
- Step 2: Import your character from "Save 2"
- Step 3: Beat the boss and take the loot
- Step 4: Save the game, overwriting "Save 2"
- Step 5: Return to Step 1 and repeat as needed

You can also use this trick to "farm" certain enemies, like skeletons and fire beetles, for rare items like bone chips and fire beetle eyes.

#### Cheat Code: Instant Level 20 + 999 Skill Points!

Use this code to instantly convert your new Level 1 character to a Level 20 character with 999 skill points. First, start a new game. When you have control of your character, press L1 + R2 + △ + R3 (push in the right joystick until you hear it click). As soon as all four buttons are held down, your character will jump to Level 20 with 999 skill points to distribute. Of course, there's a drawback to this: You won't get the attribute points (strength, intelligence, dexterity and stamina) that normally go along with each new level, but you will be able to max out a few skills and pump most of the others up...and you'll have enough skill points to max out all of your skills when you reach higher levels (which is something that normally isn't possible).

### CLASS: BARBARIAN WARRIOR

Starting Abilities	
Strength	35
Intelligence	20
Dexterity	25
Stamina	35

The Warrior's role is that of a melee powerhouse. The Warrior knows no equal in frontline combat.

**Advantages**—The ability to use any weapon type, equip any kind of armor and stay alive in the midst of close combat longer than any of the other classes.

**Disadvantages**—Ranged combat is foreign to the Warrior; although able to use bows and spears, the Warrior is clumsy with them. Magic use is also problematic for the Warrior because—unlike the other classes—the Warrior's mana doesn't regenerate naturally; it refills with each enemy killed. This can become a problem during boss battles, but is easily solved by stocking up on mana potions before the battle.

**Unique Items to Watch For**—In the early game, you'll almost always find a Gatorsmash Maul, a reliable two-handed hammer that will carry you through most of Act I. If you're a shield-inclined Warrior, look for the Scute Shield or the Yakatzima Shield. If you're very lucky, you'll come across Ice Flame in Act II; it's a powerful sword that causes both fire and cold damage. Ice Flame is so powerful that you can use it as your main weapon for most of the "Adventurous" difficulty game! In the higher levels, keep an eye out for the Kizrak's armor set, which can only be worn by a Level 31 Warrior. Each piece (armor, leggings, boots, gauntlets and helm) grants bonuses to Strength and Dexterity. Also look for the Blade of Strategy and the Blade of Tactics, two swords that boost the Warrior's Intelligence and Dexterity. Finally, for the Level 50 Warrior who has everything, hunt down the Champion Armor Set, armor with defense bonuses so high that you'll become nigh-invulnerable! Of course, by the time you reach level 50, there's very little in the game that can hurt you anyway, but at least you'll have the bragging rights in your circle of champions.

## Warrior Skills

Skill	Required Level	Required Skills	Details	Advantages	Disadvantages
Blunt Weapons	1*	N/A	Increases blunt weapon damage	If you choose to use only blunt weapons, increased damage is always good	Only works for blunt weapons. Find an excellent sword and you won't get the damage bonus
Slashing	1*	N/A	Increases slashing weapon damage	Choose bladed weapons, and this skill increases your melee damage	Every point put into this skill is wasted if you decide to use a mace or hammer halfway through the game
Slam	3	Blunt Weapons	A powerful melee attack that does extra damage	At level 1, this attack does 100% extra damage	It increases in increments of 10% per point—either commit to putting many skill points into it, or very few
Bind Wound	3	Blunt Weapons or Slashing	Increases health regeneration rate	Warriors take a lot of damage, so increasing your auto-regen rate saves having to rely on loads of health potions	Spending money on loads of health potions will let you stay healthy and put your skill points on offensive skills
Dodge	5	Slashing	Gives chance to evade ranged attacks	Cuts down the damage taken when approaching groups of ranged attackers	You'll need to sink at least 8 skill points into Dodge before you get even a 25% chance to evade ranged attacks
Endurance	5	Slam	Increases carrying capacity	Ability to carry more stuff equals fewer trips back to the shop	The Warrior's primary attribute, Strength, also increases carrying capacity
Shield Bash	5	Bind Wound	Shield attack with a chance to stun	Solid damage, starting chance to stun is 20%	Chance to stun at level 20 is only 58%, you must have a shield equipped
Critical Hit	8	Dodge	Improves chance of critical hit	Starts at 10%, aura effect grants ability to nearby party members, hits 25% at level 6	Bonus to skill point ratio at high levels not that great, peaks at around 8 skill points
Ground Pound	15	Endurance	Area effect damage with two-handed blunt weapon	Excellent for crowd control; causes damage to all enemies within area of effect	Requires a two-handed blunt weapon to use. If you focus on this skill, skills such as Shield Bash, Dual Wield and Slashing are unusable
Dual Wield	10	Critical Hit	Wield a one-handed weapon in each hand	Hit enemies twice as many times as when wielding a single weapon, works with slashing and blunt weapons	Starting damage is 62% normal for each weapon. You'll need to invest some serious skill points before this skill starts paying off
Charge	15	Endurance	Running attack for high damage	Allows Warrior to quickly close distance to enemy, causes massive damage	You'll need to invest 10 skill points before Charge really pays off with an area damage effect
Cyclone	10	Critical Hit	Spinning attack damages multiple enemies	Hits every enemy surrounding the Warrior, excellent for clearing swarms	Starts at 30% normal damage per hit. Tops out at 78% at 20 skill points. You need to pump it to the max to get the most benefit
Ancestral Call	20	Shield Bash	Boost attack speed and damage	Essentially Slam on a timer, Ancestral Call starts great and only gets better. Added bonus—it gives the same boost to nearby friendlies	Takes a load of mana to execute, so be sure to stock up on extra mana potions
Riposte	15	Cyclone	Chance for auto-damage against attacker	Auto-damage to enemies is always good	Anemic at level 1, with a 10% chance to succeed and cause 24-29 damage. Don't bother—most enemies that get close enough to hit you are already getting hit back for a lot more damage from normal attacks

\* The Warrior has 1 skill point in this skill at the start of the game

## ACT I STRATEGY GUIDE

The following information will help you complete Act I of the game. Certain enemies drop items that can be added to weapons and armor to give them special properties. These items are listed after the monsters that drop them. These items can only be dropped by these enemies, and are very rare.

### Lesser Faydark/Greater Faydark/Goblin Caves

**Enemies:** Fire Beetles (Fire Beetle Eyes), Goblins, Dire Badgers, Orcs

Be sure to scour every corner of these maps to find the hidden entrances to the caves. Clean out the goblin-infested caves to earn experience and grab loads of loot to equip or sell back in town.

Lesser Faydark and Greater Faydark are two of the very few places in the game that you'll find fire beetles. These bugs sometimes drop the extremely rare fire beetle eyes, items that add fire damage to weapons and fire protection to armor. Keep your eyes open for these valuable items!

#### Boss: Goblin Leader

You'll face this boss three times in Act I: at the entrance to the main Goblin Caves, at the end of the Goblin Caves and in the Orc Caves. (Technically, the boss of the Orc Caves is a large orc in armor, but you can still beat him using this strategy.) The same tactics work each time—hit him with ranged attacks until he closes to melee distance, then block his attack before swinging back. In multiplayer games, have one character block him while the others unload ranged attacks for an easy victory.

### Orc Caves

**Enemies:** Orcs

When you reach Elgoain near the stairs to the second floor of the caves, he'll ask you to bring him the Elfdraught, which is somewhere on the floor below. When you find the Elfdraught, bring it right back to Elgoain and he'll reward you with a magic sword. If you wait to bring him the Elfdraught until after defeating the Goblin Leader boss on the third floor, you'll be too late and you'll miss the reward. Note that at the higher difficulty levels, Elgoain will give you better weapons, so this quest is worth completing each time you play through the game.

### Faydark Ruins

**Enemies:** Fire Beetles (Fire Beetle Eyes), Goblins, Dire Badgers, Orcs

If you're having trouble finding some of the catapults, make sure you got the two that are located before you reach the stone wall "maze" (the area right before you meet up with Oetheilas). There are always two catapults located before you get the quest to destroy all 10 of them. Look in the niche on the left side of the map right near the beginning; otherwise, be sure to thoroughly check both sides of the map for the hidden catapults.

### Forest Ruins

**Enemies:** Giant Spiders (Venom Sacs)

The spiders have spawn points (areas where a new spider will emerge when you kill the one before it). Hang out in these areas and kill all of the spiders to build your experience. Use fire against the spiders and equip anti-poison items to counter their attacks. Keep an eye out for venom sacs among the items dropped by the spiders in the ruins; they add poison damage to weapons or poison resistance to armor. You won't get another opportunity to find venom sacs until Act III.

#### Boss: Orc Leader

Here's the first "tough" boss you'll face. He's got an easy pattern to exploit, though. He'll use a charge attack to get close, but it's easy to avoid and leaves him momentarily staggered. Hit him after his charge, then move away so he'll charge again. Watch out for his combo attacks—when his weapon glows blue, his attacks can break your block and knock you down. If you fall, you'll be defenseless against his attacks until you get back up; use health potions if the Orc Leader attacks you to stay alive until you can defend yourself again.

#### Boss: Shelox the Spider

Shelox has two main forms of attack. One involves shooting web lines at you to pull you into her jaws, then holding you there with her front legs while she attacks. The other finds her spitting poison. If you get hit by a web, run in the opposite direction until the line breaks. If you get pulled in and trapped, face Shelox and block until you can get away. Her attacks can knock you down, and she'll follow with a spray of poison that can easily kill you if you're on the ground and unable to block. Also, web lines that miss you can attach to the far wall; running into one will hold you in place. The best strategy against Shelox is to run circles around her and attack her sides and back while she spins to try to face you.

**NEXT MONTH:** In our next installment, we'll look at the Wood Elf Ranger and journey through Act II.

# Tournament Report

Vol. 50

by Jason Wilson

Sponsored by

This monthly column features coverage of major arcade and home video-game tournaments happening all across North America! On these pages you can see photos of the greatest players, check our calendar for dates, locations and tournament events in your area and even get tips on how to run your own video-game tournament. Support your local arcade and get your tournament in *Tips & Tricks* Magazine! To contact us about a tournament in your area that you'd like us to cover, send us a fax at (323) 651-3042, or write to us at least two months in advance at *Tips & Tricks Tournament Report*, c/o Jason Wilson, 8484 Wilshire Blvd., Suite 900, Beverly Hills, CA 90211.

## XBOX LIVE CAPCOM VS. SNK 2 TOURNAMENT!

prove, and it was a rare opportunity for players from all over the world to compete against each other. Here are the results:

During February, 118 players from all over the world signed up for the first-ever *Tips & Tricks* Xbox Live *Capcom vs. SNK 2* EO Tournament! The available prizes included *Capcom* software and *Tips & Tricks* subscriptions. Unfortunately, online latency was a factor in the tournament; many hardcore players realized that trying to play the game exactly like the arcade version would not be possible. Even so, the majority of the players in the tournament still had something to

# FINAL FANTASY WORLD

Vol. 9

by Charlotte Chen

If you've ever stayed up all night—even though you had an exam to study for, a 50-page term paper to write, a starving goldfish with one fin in the sky and a hundred sundry other responsibilities (like eating or bathing) that you shirked—because you were mesmerized by the glory of a *Final Fantasy* game, this monthly column is for you!

First of all, many apologies for taking so long to write about this game again. *Final Fantasy: Crystal Chronicles* is the only *Final Fantasy* title available on the GameCube, and it's also the only one aside from *Final Fantasy XI* with multiplayer options. When you start the game, it begins a beautiful and haunting melody that accompanies some gorgeous graphics and artwork.

## The World

The default name of the game world is Tipa, which we'll just take as a shout-out to *Tips & Tricks*, even if it wasn't intentional. Miasma infuses the atmosphere, making it lethal to humans, but it can be held back by the use of myrrh, precious drops of which can be collected from myrrh trees in different areas. Caravans of adventurers go on quests to collect the drops and bring them back to the cities, where large crystals are centrally placed to protect the entire population from miasma. The myrrh helps sustain the crystal's energy.

## Radars

Multiplayer action requires the use of a Game Boy Advance with a GameCube Game Boy Advance Cable. Up to four players can participate, which means that up to four different exclusive information screens are randomly provided to different people. These include a Terrain Radar, a Monster Radar, a Treasure Radar, and a Scouter (which shows you detailed information about monsters you've encountered). As you travel to different areas in the game world, the radars are randomly redistributed amongst the players.

Terrain Radar

Monster Radar

Treasure Radar

Scouter

## Characters

There are four different tribes in the game: Clavats, Lilties, Yukes and Selkies. All of them are at least vaguely humanoid and have eight different appearances, which means that you'll have a total of 32 possible character appearances to select from. Your tribe affiliation affects your character's various strengths and weaknesses, and also what type of weapons and armor you can equip. In addition to selecting a tribe and an appearance, you can also select your character's family trade. The available occupations are: blacksmith, tailor, farmer, rancher, miller, fisherman, merchant or alchemist. The trade determines what type of items your family is likely to send you, and what you should send them in return.

Clavat

Lilty

Selkie

Yuke

## Gameplay

Despite the high technical requirements to play this game (at least if you want to experience it to its fullest potential), the gameplay is quite simple. In fact, there are just two buttons you primarily use: the A button to perform an action and the B button to cancel. There's a small space underneath your character's name that tells you what action you'll perform when you press the A button, and you can scroll through these possible actions using the shoulder buttons.

If you want to perform an enhanced physical or magical attack, all you have to do is keep the A button depressed until you see your character start to charge up, then release it to attack. The gameplay is so simple, in fact, that sometimes when you aren't paying attention to which action is currently selected, you accidentally perform the wrong one. The other major aspect of gameplay is the chalice, which is a small container of myrrh that creates a protective field around your character to protect them from miasma. Staying outside of this field for too long causes damage to your health, while staying within slowly recovers it.

## Solo Adventuring

If you choose to go solo, you will be accompanied by a mooglee named Mog, who carries your chalice for you. One very annoying aspect of this is how often Mog complains by saying, "It's your turn to carry the chalice, kupo!" or "Let me carry the

chalice, kupo!" sometimes at very inopportune moments, such as when you're in the middle of fighting several enemies. You can paint Mog different colors whenever you stop

by in a mooglee house, and this will affect the kind of radar your player can use.

[Note: You need to connect a Game Boy Advance to controller port 2 if you want to use radars during a single-player game.]

### Mog's Mood Swings

Terrain Radar	Appears if there was no paint on Mog
Monster Radar	Appears if Mog is painted mostly red
Treasure Radar	Appears if Mog is painted mostly blue
Scouter	Appears if Mog is painted mostly green

Several disadvantages are present for the single player. The fights are very difficult, since trying to manage attacking, defending, healing and staying within the chalice's zone of protection is a huge headache. You also cannot participate in some of the multiplayer mini-games that become unlocked, and you don't get the advantage of additional radars. On the other hand, you don't have to compete with other players for the best artifacts, and it's easy to choose the best upgrades for your character.

## Multiplayer

Everything about this title screams at you to play multiplayer. There are a lot more features, it's more fun and it makes the game much easier to get through. The disadvantages are only the expensive requirements. All the players must have both a Game Boy Advance and a GameCube Game Boy Advance Cable. Although it works with the original Game Boy Advance, I would go one step further and say that all players need a Game Boy Advance SP, since using the dim screen of the original GBA is impractical unless you are playing with a light directly over it. Trying to piece together four systems and cables is difficult, even in our offices, so a casual gamer who doesn't normally buy peripheral equipment is going to have to shell out some bucks to experience multiplayer action.

## Final Thoughts

At the risk of getting confused with Jerry Springer, I'll add my last thoughts to wrap things up. *Final Fantasy Crystal Chronicles* is a good game, with some of the most amazing visuals I've ever seen on the GameCube. I especially liked the refraction of characters when seen through the large town crystals; that was incredible. I would say the game is great, but I'm still too frustrated with the equipment required to play multiplayer, which makes it a very heavy investment. However, the gameplay experience in multiplayer is excellent, and the Game Boy Advance offers much more flexibility in multiplayer than a conventional controller could, with minimal interruptions for other players while people are managing their individual menus. In other words, I don't like needing to use the GBA, but I understand why it's better.

## A Year in the Life

The game is divided into several years which end only after you collect three drops of myrrh. Here's a brief rundown of the first year in the game, which includes boss encounters at the River Belle Path, the Iron Mine Downs and the Mushroom Forest.

### River Belle Path

This area is fairly simple, with goblin enemies that move pretty slowly as they throw rocks at you. The path is small, and it's easy to navigate.

### Boss: Giant Crab

This is a basic fight; just beat it up and heal yourself when you get a chance. Before entering any boss fight, prepare your command list by putting more healing spells and items on. If you're in a party with multiple members, one of you should have the Life spell.

### Mushroom Forest

The enemies here like to use poisonous attacks. If your hearts are pinkish, you should use the "Clear" spell to cure yourself. Otherwise, just wait a moment without moving and it will eventually pass. Movement through the forest requires the use of springy mushrooms at certain points to launch you into different areas.

### Boss: Malboro

Like other enemies here, the Malboro likes to use poison...but as long as you cast strong fire spells against it, the fight probably won't last long enough for this to matter. In multiplayer mode, line up your targeting circles to unleash more powerful versions of your spells.

### The Mine of Cathuriges

Bombs are inside all the lamps here...and they'll explode when they die, so watch out! Also, the enemies are a little tougher than in the other two areas, because they've got armor and weapons, and will gang up on you.

### Boss: Orc King

He may be very strong, but he's also slower than you, so just avoid his attack by running behind. With more than one character attacking him, he seems to concentrate more on one than the other, so have one person distract him while another attacks from behind.

At the end of each boss fight, you're taken to a screen that shows you the artifacts you picked up in the area. Each of these has a differing status upgrade you can use on your character, such as adding an extra command slot so you can perform more actions or increasing your strength or magic. Depending on how well you performed according to the game's criteria for that particular dungeon, you're awarded bonus points, with the highest earner getting first choice on artifacts. Check your radar to see what conditions you need to meet to get bonuses, since they are different for each character and change with each new area. Also, after the boss fights, a mailmooglee waddles up to each character with a letter from their respective families. Once the entire year is over, celebrations are held at the character's hometown, and then it's off for another year of adventure.

## FINAL WORD

### NBA Ballers

is far from over. In fact, *NBA Ballers* captures the hip-hop culture of today's NBA better than any basketball game to date. Because the main focus is one-on-one street basketball, the game almost feels like a fighting game, replete with counters and combos.

With only two players on the court, the game can afford to have highly detailed characters and incredibly smooth animation. Those of you who have played Midway's *NBA JAM*, *NBA Hoopz* or *NBA Showtime* should feel right at home with the controls. The meat of the game is in the "Rags to Riches" mode, where you take a no-name created character and challenge the NBA's elite players. As you build up your player, he will also become privy to materialistic rewards like mansions, sports cars, stylish clothing and even a posse of his own. If you're into online play, it's a good idea to start in this mode, creating and building up your own unique player to impress the rest of the world. Besides, a maxed-out created player can become more powerful than any of the game's NBA superstars. Deciding what kind of player to create at the beginning will strongly influence how your player will play for the rest of the challenge. For example, a smaller player will play like a guard with better handling and quicker speed. A bigger player will have more post move abilities and the ability to run over smaller, weaker players. As you progress in the Rags to Riches mode, make sure you don't waste too much cash on external appearances like attire, rides and friends. You should focus on spending your loot on Specials that will help you bring the heat to your

opponent. The default created player will start with-out any Specials, like On Fire mode, Hot Spots, Alley-Oops, Pass to Friend, etc. The Specials will give you the much-needed edge when you play against super-skilled NBA players, so spend wisely. Like all of Midway's over-the-top sports titles, smart use of the Juice (Turbo) meter can make or break your game. It's tempting to have the Juice button held down the whole time, but that will only hurt you in the long run. Since most games in *NBA Ballers* are under two minutes long, you need to be sparing on the Juice, because you need it for both offense and defense. Most challenges require you to

score 11 points before your opponent does, so you'll need to at least cause one or two turnovers if you're going to win a game. Although stealing is the quickest way to cause a turnover, it also carries the most risk. Missing on a steal move is almost a surefire way for the opponent to get a clear path to the basket. The most effective way to get the ball in your hands is to stand in front of the opponent and take a charge. If your opponent is pass-happy, standing between the player and his off-court "friend" is also a good way to intercept a pass. As you get familiar with the trick system, stringing combos together will become your main focus. Combos will increase your House meter so you can "bring the house down" with an alley-oop slam. One of the most devastating penalties is the shot clock violation—it will deplete your entire House meter, so you have to be quick and decisive when taking a shot.

*NBA Ballers* is a very unique take on basketball games and we're pretty sure the folks at EA Sports BIG are taking a long and hard look at how they can incorporate some of these features into the *NBA Street* franchise. Big props to Midway for sticking it right to their competition with a fun and exciting title that in many ways redefines the over-the-top sports genre once again.

### NBA Ballers Cheat Codes

At the match-up screen—where it says "Today's Episode," just before the game starts—enter the following codes by pressing the Act a Fool, Alley-Oop and Shoot buttons the number of times specified, followed by any direction on the D-pad or left analog joystick. For example, to enter the "Big Head" code, press the Act a Fool button once, the Alley-Oop button three times and the Shoot button four times, then press Up, Down, Left or Right. A message will appear to confirm each code.

1-3-4—Big Head

4-4-3—Young Ballers

5-3-6—Pass 2 Friend Ability

## MLB Slugfest: Loaded

Midway's "aggressive-style" baseball game series returns to the PS2 and Xbox complete with online multiplayer capabilities, voice chat and tournaments for both systems. The new in-depth Franchise Mode includes fantasy drafts, free-agent signings, minor league stats and full roster management options that put you in control like never before. New gameplay features include trick pitches, smart hitting and "Perfect Swing" technology, which allows you to smack the ball into specific areas by aiming with the

runs all night against your unsuspecting buddies, choose the Colorado Rockies' Coors Field and watch fly balls travel 40% further. Of course, you can still bean the batters, dodge the heaters and charge the mound. If you can't swing at a pitch called "Cobra," you'd rush the mound, right? Players are still capable of becoming

left analog joystick. Want to swing for the fences? Push the left stick straight up to blast the ball out of the park. Want to see Alex Rodriguez and Derek Jeter earn their bloated salaries? Use the left stick to lift a low pitch over the infielders and avoid possible ground balls. If you're in the mood to hit home

ing "on fire," allowing enhanced batting and pitching capabilities. If you don't like the rule-breaking *Slugfest* style of play, you can choose the "MLB Classic" mode for fast-action gameplay with the realism and subtlety of Major League Baseball, or create your own custom game that combines the outrageousness of *Slugfest* with the restraint of the majors.

## Fight Night 2004

Formerly known as the *Knockout Kings* series, EA Sports' boxing franchise has undergone a few changes in this year's release for both PS2 and Xbox, including—for the first time ever—the ability to compete online via the PS2 Network Adapter. With "Total Punch Control," you have the ability to mimic the motion of a boxer's fists

with the right analog stick to hurl any type of punch from any angle in any combination. In order to be the champion of the world, you'll need to spend some time sparring in the training center before creating a boxer in Career Mode, or choosing from various boxing legends such as Roy Jones Jr., Rocky Marciano, Muhammad Ali, and "Sugar" Ray Leonard. By purchasing new items in the Fight Store, you can upgrade your image with accessories like new trunks and gloves; you can also acquire signature punches, taunts and even a ring girl for your entourage!

Your best bet at coming up with a safe, effective offense is by using a steady combination of hooks, straight punches and body blows. Use counter punches after dodging or blocking an opponent's punch. Don't throw a random barrage of punches at your opponent; your stamina and power will decrease astronomically if your attacks do not connect. The toughest thing to get used to in *Fight Night 2004* is trying to get up after a knockdown. When your fighter is on the canvas, you must clear your vision by aligning the referee images into one clear picture. The best way to do this is to pick a logo from the referee's clothing and focus on it. You'll need to move the left and right analog sticks to clear up the blurred images before the "10" count has ended. With unique features like this, *Fight Night 2004* should satisfy the hungry boxing fan's appetite.

images into one clear picture. The best way to do this is to pick a logo from the referee's clothing and focus on it. You'll need to move the left and right analog sticks to clear up the blurred images before the "10" count has ended. With unique features like this, *Fight Night 2004* should satisfy the hungry boxing fan's appetite.

## MVP BASEBALL 2004 Secret Codes

From the main menu, select "Roster Management" and enter the "Create Player" option. Next, enter the following names in their respective First Name and Last Name fields. You will need to draft the created players from the "Free Agents" menu in order to play them. Note: Enter all of the names with the smaller (lowercase) letters only.

keegan paterson—  
Player with huge bat

jacob paterson—  
Player with huge bat

isaiah paterson—  
Player with huge bat

erik kiss—  
Player with skinny bat

john prosen—  
Player with giant cap/helmet

## EA SPORTS LIFESTYLE TOURNAMENT

At the recent NBA All-Star Weekend in Los Angeles, EA Sports held the finals for the nationwide *NBA Live 2004* tournament. 21-year old Paul Malbry from L.A. defeated 22-year old Leonard Waters from New York to be crowned the *NBA Live* Champion. He will earn a cameo in the upcoming *NBA Live 2005*, so keep an eye out for him! Congratulations, Paul!

# TIPS & TRICKS

## COLLECTOR'S CLOSET

by Joe Santulli

Are you a video-game pack-rat? Do you own more video games than you could possibly beat in a whole year, even if you played non-stop? Would you go without food to save up the money to buy a rare TurboGrafx-16 game, an obscure Atari 2600 controller, a limited-edition Game Boy Pocket or a leather *Killer Instinct* jacket? If so, this monthly collectors' column is for you!

Vol. 32

### PRESERVING YOUR COLLECTION

So you've got a top-notch video-game collection—you've become the envy of your friends and a curiosity to your family. You're at the top of the world! So let me ask you: What will your collection look like in 10 years? How about in 50?

Collectors from every walk of collecting life have techniques and take precautions to keep their collections as pristine as possible as the years roll by. The environment is your collection's worst enemy, and you are its protector. Here are some of the things you can do to preserve your collection, keeping it top-notch for generations to come.

- Enclose your valuables in polyethylene bags. They're cheap, they come in a variety of sizes and they protect your goods from dust, smoke and the dreaded "fingerprints" that ultimately degrade their condition. I recommend The Associated Bag Company ([www.associatedbag.com](http://www.associatedbag.com)) for these. Associated Bag will send free samples from their extensive catalog so you can

Keep your precious games safe from the elements in polypropylene or polyethylene bags.

Atari-era cartridges, I use the 2-mil 6" x 8" bags, which comfortably hold your cartridge and can be snugly secured with a fold and a piece of tape. You can get 1,000 of these for about 15 bucks.

- If you really want your items to look slick, use polypropylene bags instead of the standard polyethylene. Polypro is a high-clarity plastic that really shows off its contents. It's a little more expensive, but nicer for presentation purposes.

- If you put your cartridges or manuals in bags, don't seal them airtight. Moisture sealed inside can condense under the right conditions and cause water damage. Putting a small vent hole in the bags is a good idea.

This neglected copy of *3D Baseball* now has a three-dimensional instruction manual.

Which copy of *Double Dragon* was on display in a video store window?

• Keep everything out of direct sunlight. If you've ever seen a faded game box or cartridge label, this is most likely the cause. Having your games displayed under a window is a sure way to kill your artwork.

- Even the most avid collector ends up with "loose" CDs at some point, whether they be pick-ups from a flea market or demo discs acquired from magazines. Be sure to keep your loose CDs and DVDs in jewel cases, DVD cases or even those fancy folders where you slide CDs into pages. This prevents scratching, the CD and DVD owner's worst enemy.

- Don't store loose CDs or CD cases in regular plastic bags. There are additives that keep the bags from being too slippery that will cause fine scratches as items are inserted and removed. Use paper and Tyvek CD sleeves that better protect discs.

- Though it's easier said than done, keep your games away from cigarette smoke. If you're a smoker, you may not even realize what's happening, but to a non-smoker, the residue left behind never really gets out, and it devalues the worth of your games.

You can always tell when you buy from or trade with a collector who smokes.

### ROOM OF DOOM

Welcome to the room of Nate "Maxlords" Van Lindt of S. Ontario, Canada, whose 700 games are well-protected by his pet rabbit. Nate has been amassing games since 1995, and only buys games he will enjoy playing—particularly RPGs, platformers and shooters. He's also a self-proclaimed 2-D game fan. Go Nate!

I invite you to send in your own personal "Room of Doom" photos for display in a future edition of *Tips & Tricks Collector's Closet*. Send two or three photos of your proudly-displayed games to "Room of Doom," c/o *Tips & Tricks*, 8484 Wilshire Blvd., Suite 900, Beverly Hills, CA 90211, and be sure to tell me about the highlights of your collection.

# CATCHING UP WITH SONIC

With the rebirth of Sonic the Hedgehog on the current generation of consoles, many gamers are now reflecting on the history of Sonic and his various incarnations over the past 13 years. The good news for collectors is that should you decide to collect all of the titles for this fun-loving character, you're going to have a very high-quality, fairly easy-to-obtain library of games. The bad news is that you'll eventually need a copy of *Sonic Adventure Limited Edition*—a title that's currently giving fits to Dreamcast collectors who can't find it—to complete your collection. The following list includes Sonic-related games released in North America for consoles and handhelds, but not computers or the dedicated handhelds such as the ones Tiger puts out in boatloads. Also note that there are packaging variations for a number of Sonic titles, as they are often found as pack-ins (with "not for resale" boxes and/or cartridge labels) or reissues. I'll leave the variations to you, or for another edition of *Collector's Closet* sometime down the road.

## CLASSIC GAMING EXPO 2004 ANNOUNCED

It's official! The 2004 Classic Gaming Expo will be held on August 21 and 22 at the San Jose McEnery Convention Center in San Jose, California. Due to ever-growing attendance, the Expo organizers were compelled to seek larger quarters for this, their seventh annual event—the industry's largest show dedicated to the preservation and celebration of video-game history. Organizer John Hardie stated, "Las Vegas has been very good to us, but over the past couple of years, attendance has risen to the point that it was getting a little crowded there. Since many of the Expo alumni and sponsors are located on the West Coast

### CGE2K4

(not to mention a larger collector base and game press), it has become more convenient and comfortable for everyone to relocate to California."

This year's Classic Gaming Expo will utilize more than 30,000 square feet of exhibit space in the San Jose McEnery Convention Center. The main show floor will see an increase of over 7,000 square feet while the keynote speaker room and museum of gaming history will double in size. For more details or to register, see the official Classic Gaming Expo website at [www.cgexpo.com](http://www.cgexpo.com).

# 日本 JAPAN REPORT!

by Anatole Brown Vol. 76

## WIRELESS JOY

Nintendo recently started setting up wireless "zones" for the Game Boy Advance Wireless Adapter, a new wireless communication attachment for the GBA which is being sold together with copies of *Pokémon Fire Red* and *Leaf Green* in Japan. These wireless hotspot zones, called JoySpot, can be found in

places like toy stores where an orange sign will indicate the communication area. People can gather around the area with their GBA Wireless Adapters and download new content, play various games and even communicate with others, all for free. A separate JoySpot cartridge for the GBA is necessary for most functions, but *Pokémon Fire Red* and *Leaf Green* have added options called "JoySpot Challenge Battle" and "Fushigina na News Haishin Service" ("Mysterious News Distribution Service") specifically tailored for the JoySpot service areas. Future titles like *Mario Golf Advance Tour* for the GBA will also have JoySpot-ready options. There has been no word from Nintendo as to whether this service will be available in the U.S., let alone if *Pokémon Fire Red* and *Leaf Green* and the Wireless Adapter will ever be released here.

## LAST CHANCE DREAMCASTS

It's hard to believe that Dreamcast games are still being released in Japan, especially after Sega halted production of the hardware in the Spring of 2001. In February of this year, Sega released *Puyo Puyo Fever* for the Dreamcast and offered one last chance to pick up the Dreamcast hardware as a bundle pack with the game. Although the Dreamcasts in the bundle were all previously owned, Sega refurbished each unit to make them just like new. The entire bundle costs 13,482 yen (around \$122)—not exactly a bargain for a used Dreamcast, but apparently demand is still very high

and the units are close to sold out. There are still a number of popular dating sim-type titles still being released on a regular basis for the Dreamcast in Japan, so the hardware still has legs for Sega.

## GAME SOUND MUSEUM

The celebration of the 20th anniversary of the Famicom (a.k.a. Nintendo Entertainment System or NES) continues with Game Sound Museum: Famicom Collection from MegaHouse. For a mere 300 yen (about \$2.65), you get a pack of yogurt candy plus a 3-inch mini-CD of a popular Famicom game soundtrack. You can collect 20 in all, but five of them are very rare and hard to find. Some of the soundtracks include:

*Super Mario Bros.*, *Donkey Kong*, *Donkey Kong Jr.*, *Ice Climber*, *The Legend of Zelda*, *Metroid* and more! Not only is the soundtrack on the CD, but sound effects from the game can also be heard along with the music. Look out for it at supermarkets that sell Japanese candies.

## STEEL RIDES

If you think Capcom's *Steel Battalion* controller is over the top, then check out these outrageous cockpits built to house the giant controller! With the release of *Tekki Taisen (Steel Battalion: Line of Contact)* in the U.S.) for the Xbox, two companies—Mushaburui and Proto-type, Inc.—are supporting the product with full-size cockpit simulators for people who want to take their mech simulation experience to the next level. The black and orange Mushaburui *Steel Armor* cockpit is based

Steel Armor

on Mushaburui's driving seat frame for racing games. The *Steel Armor* controller is basically a plastic seat with a flat deck for the controller and a base for the foot pedals. The cockpit can be adjusted to fit any person by moving the seat, controller deck or foot pedal base. Of course, the *Steel Armor* cockpit can also be used for racing wheel peripherals as well. Unlike a lot of stuff we feature here in *Japan Report*, this setup is actually available here in the U.S.! You can go to [www.fareastgaming.com](http://www.fareastgaming.com) to purchase it online for \$439 plus shipping and handling. The U.S. version has a slightly larger configuration, plus you can add a very comfortable polyurethane fitted cushion to cover the hard plastic seat for an extra \$25.

Type 00

For the absolute *Steel Battalion* nut case, look no further than Proto-type's Type 00 Replica Cockpit. The Type 00 was first built for Capcom's booth at the Tokyo Game Show last fall, and now Proto-type has made it available to the public. The

entire frame is made of solid steel and even has drop-down side visors to totally immerse the player in the *Steel Battalion* world. Only 50 of these beasts have been produced and each one goes for a staggering 249,800 yen (about \$2,270)! In the future, Proto-type also plans to create customized versions of the cockpit, which will be named Type 01, Type 02 and so on. In addition to the cockpit, Proto-type also makes the VT Tanker's Helmet. The helmet comes equipped with the Xbox Communicator so you can talk

TYPE 01  
TYPE 02  
TYPE 03

trash on-line about your extravagant purchases! The cool thing about the helmet is that the voice communication comes only through the headset channel while the rest of the sounds from the game comes from the subwoofer and speaker system of the cockpit, further enhancing the sense of realism for the player. The VT Tanker's Helmet costs 29,800 yen (about

\$270), which is still much more than the Xbox hardware itself! Check them out at [www.proto-type.jp](http://www.proto-type.jp).

DO YOU KNOW  
THE SECRET OF THE

# MYSTERY CODES?

**TIPS & TRICKS** may be the #1 Video-Game Tips Magazine, but even our most skilled cheat finders get stumped every once in a while. The following codes are known to exist in the games shown, but even after extensive testing, we just can't figure out what they do. (In some cases, they may not do anything.) If you can solve the mystery, you just might win a prize!

Mystery Codes

## #4 JUSTICE LEAGUE: INJUSTICE FOR ALL

**The Codes:** Choose "New Game" from the main menu, then enter any of the following codes at the "Enter name" screen:  
S A M I K I L L  
S A M I S H O W  
S A M I C A N

**What We Know:** These codes are very similar to the other *Injustice For All* codes you'll find in our *Game Boy Advance Tips* section; unfortunately, you won't get any special confirmation to let you know that a cheat is in place. Also note that you can't combine the effects of the codes that are known to work, so you'll have to test these one at a time if you're up to the challenge. *Can you solve the mystery?*

## #5 AIRFORCE DELTA STRIKE

**The Code:** At any time during the game, press START to pause, then enter the following code at the "Pause" screen: Press Up, Up, Down, Down on the left analog stick, press Left, Right, Left, Right on the right analog stick, then press L3, R3 (push the analog sticks until they click).

**What We Know:** If you enter the classic "Konami Code" on the D-pad at the "Pause" screen (Up, Up, Down, Down, Left, Right, Left, Right followed by either ☐, , or , , you'll hear a chime, but you'll fail the mission as soon as you unpause. However, with this variation, you hear the chime but are allowed to continue. This might be an easy one for those of you who have played the game extensively, as we suspect that the code may have some effect on secret planes like the Vic Viper, which we haven't unlocked yet. *Can you solve the mystery?*

## #6 TREASURE PLANET

**The Code:** At any of the game's menu screens—including the main menu, the Pause menu or any of the Options screens—press R2, R2, R2, R2, R1, Up, Down, Down, , , , L2, L2, L2.

**What We Know:** This code gives you a confirmation sound just like the rest of the *Treasure Planet* codes in our *PlayStation Tips* section, but we're not exactly sure what it does. It's much longer than the rest of the codes, so it ought to be something important. You'd think that there would be a code to unlock all of the items in the Gallery, but we haven't found one, and this code doesn't do that. Try it at different menu screens; maybe you'll spot something we missed. *Can you solve the mystery?*

CRACK  
THE CODE  
AND WIN  
A PRIZE!

Think you've got what it takes to beat the *TIPS & TRICKS* editors at our own game? Test out these codes for yourself; if you're the first person to tell us exactly what they do, we'll send you your very own *TIPS & TRICKS* cap and print your name right here so all the world will know that you were the one who solved the mystery.

No guesses, now—you must describe the difference in the game that results from entering the code so we can verify that your answer is correct. Send your answers to:

**TIPS & TRICKS Mystery Codes**  
8484 Wilshire Blvd.  
Suite 900  
Beverly Hills, CA 90211

Please note that these codes may not have any effect at all; there's a very strong possibility that they were left in the games inadvertently or that their effects were intentionally disabled before the games were released. However, we invite you to prove otherwise!

TIPS & TRICKS (ISSN 1090-641X), Volume XI, Issue 5, May 2004. ## THE FINAL BATTLE BEGINS.

Starring international acting sensations, Jean Reno as Jacques Blanc and Takeshi Kaneshiro as Samanosuke, Onimusha 3 Demon Siege is the final chapter in the Onimusha Trilogy. Two heroes from different lands, travel through time and space to defeat the evil Nobunaga and his hordes of darkness. Control the fate of both men as you journey from 16th Century Japan to modern day Paris and back. The final chapter in the Onimusha trilogy begins.
